Bandit Robs San Rafael Purity Store

Takes $2,645 In Checks But Drops Only Cash Loot

A lone robber, brandishing a loaded revolver, walked off with $2,645 in checks from the Purity Store in the Montecito Shopping Center of San Rafael Saturday night—but missed more than $2,000 in cash lying beside an adding machine and dropped a roll of dollar bills as he left, San Rafael police reported.

The gunman, wearing a brown felt hat pulled down nearly to his eyes and a brown sport jacket, and with adhesive tape around his mouth to disguise his face, walked into the office at the rear of the store and told assistant manager Wallace E. MacDonald: "Okay. Put it in."

COUNTING RECEIPTS

MacDonald was counting the day's receipts at about 8:30 p.m.

The bandit had the gun in his right hand, and a plain cardboard box in his left, MacDonald said.

When MacDonald hesitated, the man cocked the revolver. MacDonald told police it was a short barreled revolver, and he could see the cartridges in the chamber on both sides of the barrel.

MacDonald told him he had only checks, and placed them all in the box, along with 25 one-dollar bills wrapped with a rubber band, according to police.

DROPS BILLS

The gunman warned MacDonald not to move for five minutes or he would be killed. Then he left the store.

But he dropped the wad of dollar bills just inside the rear door.

Burton Lee Mack of 25 Allen avenue, San Anselmo, was working in the produce department about the time of the robbery, unaware that anything was wrong.

While he went in and out of the rear door, he saw a 1951 or 1952 light gray Buick parked in the alley facing the canal. A few minutes later, he noticed the car had been moved farther to the east.

AUTO VANISHES

About 10 minutes later, Mack heard of the robbery. When he went to the alley to check, the car was gone. Mack found the dollar bills, still wrapped with a rubber band, in the grocery department.

A few minutes later, police found the abandoned car in the 400 block of Mission avenue. A check on the registration showed it had been stolen from the E. Bugna Co. used car lot on Francisco boulevard.

At Mission and Grand avenues, officers found the cardboard box and a bag of doughnuts.

Anti-Car-Smog Bill Sent To Senate Floor

SACRAMENTO (AP) — Strong anti-smog legislation was sent to the Senate floor today for a final vote after a brief hearing by the upper house Finance Committee.

Unanimous aproval by the rural-dominated committee seemingly assures the bill's passage in the Senate.

The measure by Assemblyman Ronald B. Cameron (D-Whittier), backed by Gov. Edward G. Brown, would require installation of smog suppressing devices on all new cars in the state within a year after certification of a device by a new state board. It passed the Assembly last week.

All used cars would have to carry devices within three years, except those owned in areas where county supervisors vote to exclude them.

The measure would appropriate $500,000 to pay for services of private laboratories which would test devices for the state.

Temperatures Continue High In Marin

High weekend temperatures in Marin showed little sign of dropping, according to mercury readings earlier today.

San Anselmo, which reported a weekend high of 88 Saturday, reported 84 at noon today. Other weekend highs were Woodacre, 83; Terra Linda, 87; Novato, 83, and Bolinas, about 72.

Continued fair weather was predicted for California through Tuesday night by the Weather Bureau. The five-day forecast predicts occasional rain in the extreme north later in the week.

The reading in Woodacre about noon today was 75; Terra Linda, 76; Novato, 78; Bolinas 68.

The fine weather over the weekend brought out picnickers, campers and horsemen to parks in the county. Muir Woods National Monument reported 5,355 visitors Saturday and yesterday. Visitors to Samuel P. Taylor State Park totaled 2,133 persons yesterday and 438 Saturday for the best weekend of the season. At Stinson Beach State Park, 4,000 persons visited Saturday, 9,000 yesterday.

MARINES HIT BEACH

The Marine Corps invaded Marin Saturday, in "Operation Sharkbite," an amphibious warfare training exercise for Marine Reservists. Looking deadly intent as though real enemies lurked behind the rocks of the Tiburon peninsula, three of the first wave of Marin County's own 14th Rifle Company are seen making their way, weapons at ready, inland from their landing craft. The "invaders" first captured Angel Island, later moved on to Kentfield. This picture and others of the landing which appear on page 11 were taken for the Independent-Journal by Jim Kean.

South Africa Police Club, Whip Rebellious Mobs

Many Hurt; Negro Demonstrations Grow

CAPETOWN, South Africa (UPI)— South African police and troops beat scores of Negroes with clubs and bullwhips today and fired pointblank at a rebellious mob in an effort to halt growing anti-white demonstrations.

One African was known to have been killed and many others were hurt seriously in the mass beatings reported from one end of South Africa to the other. A number of white policemen were injured in a series of skirmishes with blacks.

Gen. J. Rademayer, national police commander, described the massive campaign as "intimidation of the intimidators."

Capetown bristled with police and troops. There were wholesale arrests by two and three-man patrols roaming the city in black Marias to pick up any Negroes seen "loitering" in public places.

POLICE CHARGE

Near Durban, club-swinging police charged a group of marching demonstrators at the Claremont native township. One African was killed and nine injured as police charged into the mob three times.

Several police were reported injured slightly in the clash. Police said the incident came when they tried to clear out pockets of Africans armed with clubs and knobkerries—a thick stick with knobbed heads.

OPEN FIRE

At the heavily guarded Negro settlement of Nyanga near Capetown, Police Maj. J. J. Rheeder said officers were forcto to open fire when an unruly crowd of natives surged forward and threatened to attack.

Police were acting under state of emergency regulations which gave them the authority to use force—to kill, if necessary—in removing or preventing danger to life, property or public order.

The Negro demonstrations have been against the government's rigid segregation, or apartheid, law. Recent riots flared over African blacks—documents the natives see as a symbol of slavery.

U. N. REBUKE

External Affairs Minister Eric Louw meanwhile took notice of a United Nations Security Council resolution mildly rebuking South Africa and calling on it to mend its ways.

He attacked the U. N. for what he called "incident and interference in South Africa's internal affairs" and said a campaign had been launched against the country by "Communist and non-white countries at the United Nations under the spurious and hypocritical banner of human rights and freedom."

Human Chain Rescues GI From Surf

Fellow soldiers formed a human chain yesterday to rescue a Ft. Barry GI from the surf off Pt. Bonita.

Pfc. Gary Brothers, 21, assigned to a Nike unit at Ft. Barry, ventured too far into the water off the Pt. Bonita beach. He could not swim.

His cries for help were promptly heard, however, by other soldiers and civilians taking advantage of the warm Sunday beside the water. Holding hands, they formed a line into the surf to where the last man could reach the floundering Brothers.

The rescue took half an hour, a 6th Army spokesman reported. But it was completed just before a Coast Guard helicopter from San Francisco Airport, responding to a telephoned alarm, arrived at the scene.

Doctors at Letterman Army Hospital reported Brothers required no treatment.

Flames Gut Restaurant At Ignacio

Flames starting in a deep-fryer spread up through vents and gutted Burge's Drive-In restaurant on Highway 101 in Ignacio yesterday.

Novato firemen estimated damage to the interior, attic and roof at $15,000. Restaurant owner Edward Burge, 6017 Redwood highway, Novato, said his insurance company estimated total damage to building and equipment at $40,000. Burge said the damage was covered by insurance.

Twenty-five firemen and three trucks fought the blaze for about two hours.

Employees had just arrived to open the drive-in for the day when grease in the deep-fryer wells caught fire. With blower fans running, the flames spread quickly up the vents to the attic, gutting a large section and damaging the roof.

The interior of the restaurant, including range, lights and other equipment, also was damaged.

Burge said he expected to reopen the drive-in during the first week in May.

McCarthy Blocks More Power For Bay Smog Board

SACRAMENTO (AP)—The opposition of Senate minority leader John F. McCarthy (R-San Rafael) today blocked approval of a bill to give San Francisco Bay Area air pollution authorities power over public agencies.

The bill was approved by the Senate Local Government Committee last week and sent to the Senate floor. But on McCarthy's motion, it was moved back to the Senate Finance Committee, of which he is a member.

The Finance Committee refused to take action on the measure by Assemblyman Byron Rumford (D-Berkeley) today when McCarthy voiced his opposition. Other members said they felt there wasn't enough support to pass the bill back to the Senate floor.

McCarthy argued that Marin County, which he represents, is against the legislation. It also is opposed by some fire departments and the East Bay Municipal Utilities District.

3rd Store Planned By United Markets

Picture on page 4

United Markets will open a third Marin outlet in Mill Valley about Oct. 1, president Ben Saccone announced today.

Work will start immediately on a 20,000-square-foot market building near the Alto cloverleaf at Camino Alto and Ashford avenue, to be built by William H. McDevitt Co. of San Rafael.

Saccone and McDevitt announced jointly that the McDevitt company has entered into a 75-year lease on the property with owner Tony Brabo. United Markets has in turn taken a long-term lease with McDevitt.

The new market will be identical in size with the United Market in San Rafael, but of more modern design, said Saccone.

It will have a two-story glass and aluminum front facing Camino Alto. Large decorative mosaic tile panels will add color to the exterior. Construction will be of tilt-up concrete walls and interior beamed ceilings.

Parking will be provided for 150 automobiles, the same number as at United's San Anselmo market which was completed by the McDevitt company last August.

Saccone said the Alto Wye location was selected to serve the Tiburon Peninsula effectively as well as Mill Valley and other Southern Marin areas.

The property is adjacent to that of Herbert Shapiro at Camino Alto and Miller avenue where Littleman Markets recently announced plans for a new supermarket.

McDevitt said borings for the foundation will be started in a few days, with work on the project pushed for the Oct. 1 opening date.

The same builder is now constructing a 33,000-square foot distribution center and office building at Auborn and Jacobi streets in San Rafael for United Markets. It will become headquarters of the chain when completed. United now has headquarters in San Francisco.

Big Bear Market Sold In Fairfax

Purchase of the Big Bear Market in Fairfax by owners of Miller's Market in Larkspur was announced today.

Partners Michael Gary, Harry and Ralph Hartunian have taken over management of the Fairfax market and announced they will rename it the Food Villa.

Gary, who resides at 680 Calle Arboleda, Loma Verde, and Ralph Hartunian, a San Francisco resident, will operate the market at 1966 Sir Francis Drake boulevard under an interim agreement with James DalBon of San Rafael, until legal requirements of the transfer are completed.

Schepps' Meats, the meat department of the Big Bear Market, will not be effected by the transfer. It will continue to be operated by Herman (Bud) Scheppelman of 46 Porteous drive and his brother, Karl, of 21 Bothin road, both Fairfax.

The renamed Food Villa will have a grand opening sales event about May 1, announced the new owners.

The Hartunian brothers and Gary, their nephews, bought the grocery department of Miller's Market from Roy Miller in 1955. Miller and his sons, Robert and Miles, continue to operate the meat department there.

Harry Hartunian, who resides at 89 Spindrift passage in Corte Madera, will remain as manager at Miller's Market with his brother and nephew in charge at Fairfax.

Thief Pillages Marin Church By Candlelight

Mill Valley police are looking for a thorough burglar who stole $54 in cash by candlelight from the Episcopal Church of Our Saviour at 10 Old Mill street.

Rev. D. Murray Hammond, entering the church to prepare for services yesterday morning, found the door to his study forced open, his study ransacked and the safe pried open.

The church secretary, Mrs. Peter Van Dalen, checked the loss. She said the thief had emptied four envelopes of church money.

One was the baby-sitter's envelope which had $8 for April, used to pay the sitter while parents attend services. Another contained $10 for altar flowers. Another was for the Wednesday offering and another was simply numbered.

Also stolen from the safe, to Mrs. Van Dalen's dismay, was

New Appeal Made To Save Chessman

SAN FRANCISCO (UPI) — Attorneys for convict Charyl Chessman today filed a new writ of habeas corpus and appeal for stay of execution in the California District Court of Appeals here on the grounds that his recent 60-day reprieve subjected him to "cruel and unusual punishment."

Chessman's attorney, George T. Davis, also repeated his argument that Chessman was illegally given the death sentence because he was indicted and tried on charges of simple kidnaping and robbery and not on charges of kidnap-robbery with bodily harm.

Judge Denies Motherwell New Trial

DOWNIEVILLE (UPI) — Judge Warren Steel today denied a new trial motion for Larry Lord Motherwell and sentenced him to life imprisonment for the murder of Mrs. Pearl Putney.

Judge Steel recommended that Motherwell remain in prison for "the rest of his natural life."

Defense attorney Robert A. Fugazi of Truckee had based his new trial motion on the grounds that in the small community of Downieville it was impossible for the defendant to have a fair trial.

FIRST CENSUS REPORTS

Marin Cities Won't Know Growth Till Next Month

Marin cities won't find out how much they've grown in the last 10 years until some time next month.

Cities of 10,000 or more population can get tentative census figures in May, James T. Hammons, district census supervisor in Santa Rosa, reported today.

Smaller municipalities will get preliminary figures if their chief administrators request them, he said.

The decennial federal census started last Friday. In Marin, 110 census enumerators are interviewing residents. They are expected to complete the main part of the count by April 14.

Strike Casts Pall On Oscar Awards

HOLLYWOOD (AP) — Tonight is Oscar night and the nation, via television, will get a look at the prettiest bunch of unemployed workers in history.

The month-old actors strike will put a pall over the 32nd annual Academy Awards but the public won't see it. The 90-minute show (NBC-TV 7:30 p.m., PST) promises to be as gay and glamorous as ever.

If more time is needed, an extra 30 minutes will be tagged on the end. Last year the two-hour show found itself with 20 minutes of embarrasing dead air.

Fourteen of the 20 acting nominees will be on hand, including the two favorites for best actress—Elizabeth Taylor and Simone Signoret.

Audrey Hepburn, also a potential winner, is kept in Europe by pregnancy and Katharine Hepburn, who seldom appears at industry functions, will be home in Connecticut. Doris Day, nominated for a comedy performance in "Pillow Talk," is not listed among favorites but will be present.

Of the top actor nominees, only veteran Paul Muni will be absent. Favorite is Charlton Heston who is expected to win on a "Ben-Hur" sweep but James Stewart and Jack Lemmon could take it.

Laurence Harvey, the Britisher, also is rated an outside chance for his "Room at the Top" performance.

In the supporting categories, Hugh Griffith, a favorite, is in a New York play and Thelma Ritter is at sea on a world cruise.

Shelly Winters and Ed Wynn, favorites for their performances in "The Diary of Anne Frank," will be on hand.

Bob Hope will be master of ceremonies.

River Breaks Illinois Levee; Farms Flooded

By U.P. INTERNATIONAL

The swollen Mississippi River rammed through sagging levees in Illinois today and sent 10 feet of water swirling over 80,000 acres of rich farmland.

Volunteers in Iowa and Missouri worked around the clock on 50 miles of other water-weakened levees to hold back what could be the greatest flood in memory.

The breakthrough came at Meyer, Ill., a tiny community northwest of Quincy.

The nation's mightiest river cascaded over the top of the dike and quickly inundated some of the best farm land in Illinois, submerged farm machinery and raced through empty houses and barns.

Thousands of valley residents already had left their homes and National Guardsmen fighting the flood escaped in the nick of time. Home owners took whatever possessions they could gather and fled to high ground.

A stream of trucks, loaded with grain, corn and livestock, joined in a mass 48-hour flight before the levee broke.

Old Man River stood at 24.3 feet at Quincy—far above flood stage and .4 of a foot higher than the 1947 flood when a torrent of water battered through the dikes in the greatest previous flood in central Illinois.

Observers said the flood at Meyer took the river's pressure off other weak spots on the Quincy dikes. But the Mississippi was reported coiling for a strike at sagging levees at Hannibal, Mo., where the water level was 23.4 feet and still rising.

The Louisiana town of Irion changed its name to Bunkie in honor of a mechanical toy monkey owned by a child who lived there.

RIVALS MEET WITH SMILES — The everready political handshake came into play as opposing Democratic presidential campaigners crossed paths in Milwaukee yesterday. Sen. Hubert H. Humphrey (left) and Sen. John F. Kennedy (right), greeted each other with a handshake and a grin. Crucial Primary Vote Tomorrow In Wisconsin

MILWAUKEE, Wis. (AP) — Campaigning comes to a climax in Wisconsin today and the state is a political sphinx on the eve of its crucial presidential primary election.

Upward of a million voters, and possibly more, go to the polls tomorrow.

They allocate delegate votes the nominating conventions of both major political parties But far more important is the potential psychological effect of the balloting on the outlook for the two Democratic rivals, Sen. John F. Kennedy of Massachusetts, and Sen. Hubert H. Humphrey of Minnesota.

An air of caution prevades Kennedy's camp. His supporters have sharply tempered the exuberant predictions they were making earlier in the campaign.

Vise versa, Humphrey looks and acts more confident than he did a few weeks ago. "I believe we will obtain a majority of the delegates," he said. "And I would consider that a substantial victory."

A recent poll in Wisconsin indicated that Humphrey has gained on Kennedy, although Kennedy is still the front runner.

Anti-Catholic literature was distributed yesterday on the street near the hotel where Kennedy, a Roman Catholic, is staying. Tracts of a similar nature were handed to persons entering a television station where he and Humphrey appeared in the afternoon.

Both lashed out against it on the TV programs.

In the clash and clatter of this dueling on the Democratic side, the outlook for Vice President Richard M. Nixon in tomorrow's primary has been largely overlooked.

Nixon is unopposed in the Republician primary.

Humphrey predicted yesterday that Nixon would run behind both himself and Kennedy in the total popular vote.

Merchants moved swiftly today to counteract a threatened boycott by integration-seeking Negroes in one Texas city while a proposal for the mass withdrawal of students at a Louisiana university appeared to be losing ground.

HE TOOK THE HIGH ROAD—Pfc. Dan Smiley, a Marine stationed at Concord Naval Ordnance Depot, is shown after he walked up a Golden Gate Bridge cable from the center of the span to the top of the north tower and down to the far end of the bridge. Smiley said three companions dared him to do it. Smiley was booked on a misdemeanor charge. (AP Wirephoto)

CLIMBS OVER TOP

Marine Crosses Gate Bridge—Hard Way

An 18-year-old Marine—dared by his buddies—yesterday climbed to the top of the north tower of the Golden Gate Bridge, nearly a thousand feet above the water.

He climbed down the other side a half hour later, into the waiting arms of California Highway Patrolmen who arrested him for "trespassing on a portion of a public bridge not open to the public."

The climber, Pfc. Dan E. Smiley, stationed at the Concord Naval Ordinance Depot, is believed to be the first unauthorized person to make the risky climb. There have been several similar incidents on the Bay Bridge.

Highway patrolmen said Smiley told them he was dared by his buddies, who didn't believe he would do it.

He started at the east side of the center span up the 36-inch cable to the north, past the north tower and down the cable to the north anchorage. From there he was taken to San Francisco City Prison.

His buddies had "made themselves scarce," patrolmen said. Smiley had not been drinking, they reported.

"I was scared to death," he told them, "But my buddies dared me."

The bridge towers, highest in the world, rise 746 feet above the deck and 968 feet above the water, equivalent to a 65-story building.

The Marine's feat attracted some attention, the highway patrol said, but apparently was not noticed by most motorists and pedestrians.

The skies were clear and sunny and there was a light breeze as Smiley made his climb. The bridge is ordinarily buffeted by thick fog and heavy winds.

The homes, averaging seven rooms and valued at about $20,500 each, will be completed this summer. The houses will have sheet rock interiors and rustic exteriors.

Access to the new homes is from Los Ranchitos road to Golden Hinde boulevard near Oliver Hartzell School. Nova Albion way is at the end of Golden Hinde boulevard.

Soviet Rejects Nuclear Space Vehicles Ban

GENEVA (AP) — The Soviet Union today rejected any agreement to ban nuclear space vehicles unless the United States simultaneously abandons its overseas bases.

Soviet Deputy Foreign Minister Valerian Zorin described a space vehicles ban alone as a one-sided proposal aimed at controlling a sphere where the Soviets have a superiority.

A ban on satellites capable of mass destruction was proposed Friday by U.S. Ambassador Frederick M. Eaton as the first concrete step to a general agreement. Zorin told a news conference today "Eaton's proposal, of course, cannot be accepted."

Earlier, in a 55-minute session of the 10-nation disarmament conference, the Soviet delegate accused the Western powers of seeking to use disarmament negotiations only to deprive the Soviet Union of its existing military advantages. He claimed the United States was pursuing policies which "have nothing in common with general and complete disarmament.

Zorin's charges tightened the deadlock in the negotiations.

OLDER WORKER IS GOOD BET, CONGRESS TOLD

WASHINGTON (UPI) — The American Medical Assn. told Congress today that older workers are a good bet for employers.

In testimony before a Senate subcommittee looking into problems of the aged, the AMA said a study showed that:

In overall job performance, older workers are, in a majority of cases, as good as their younger counterparts.

They are generally more patient, persistent and conscientious in doing a job.

In most instances, they are more dependable, more loyal to the company, more safety conscious than younger workers, and they are less frequently absent from work.

MEDICAL GROUP AGAINST U.S. HELP FOR AGED

SAN FRANCISCO (AP)—The American Society of Internal Medicine is against government-paid medical care for the nation's old folks.

Instead, the society's delegates said yesterday, social security laws should be changed so that people on retirement pensions are not limited in the amount of money they can earn.

The society, in a resolution, also suggested that individuals be allowed to increase their social security contributions while working in order to receive full pay at retirement.

Car Turns Over Pins Man Inside

A Sausalito man was pinned in his sports car yesterday afternoon when he lost control of the auto and it overturned at Toyon and Platt avenue in Sausalito, police reported.

Gil Munz of 28 Cazneau avenue was in good condition today at Marin General Hospital. He suffered a dislocated wrist, multiple lacerations and abrasions.

Police said the car hit the side of a hill, skidded and overturned.

U.S. Clarifies Tax Rules Covering Expense Accounts

WASHINGTON (AP) — The government has clarified regulations employees must follow if they don't want to be questioned about their expense accounts.

Since the rules announced yesterday represent a clarification of regulations already in effect, they will apply to 1959 tax returns being filed this year.

The Internal Revenue Service also listed final details of a program requiring corporations, partnerships and individual businessmen to file more information proving claimed deductions for entertainment and expense allowances.

The Service said the employee must list his expenses in writing, show that they are connected with his work, give enough information to show the expenses were necessary and include expenses charged to the employed through credit cars or otherwise.

Regarding entertainment expenses, the employee must show the who, where, how, why and how much in his deduction claim.

Planners Again Delay Bolinas Zoning Action

The Marin County Planning Commission again postponed decision today on a proposal for additional commercial zoning in Bolinas.

L. G. Pepper and Sons" application will be considered again on May 16, the commission decided.

The Peppers want to change residential - agricultural zoning to commercial so that they may build a two-story building to be used as a contractor's office with space for retail sales office space to rent.

Planning Commissioner Margaret Azevedo objected to the making of a decision until the county's master plan for Bolinas is completed.

B. D. Dobbs, principal planner, assured the commission that within six weeks he would have enough information on hand for the proposed master plan to be able to make a recommendation on zoning of the area.

Letters both favoring and condemning the proposal addition were read to the commission and a large contingent of Bolinas residents were on hand to argue in favor of the proposed zoning change.

Three Tossed From Truck

A man was treated for a cut head and a woman for a cut eyebrow at Marin General Hospital after they fell from a moving pickup truck on Francisco boulevard east of the San Rafael overpass early today.

John Hall, 39 of 10 Hazel avenue, Larkspur, and Helen Kennedy, 32, of San Francisco were passengers in the truck driven by Charles A. Fillingame, 42, of 11 Briarwood avenue, San Rafael, owner of one Anchorage boat shop.

Fillingame was driving west on Francisco at 2:50 a.m., approaching a curve, when the door on the driver's side flew open. He and his passengers were thrown to the ground. The driver was not injured.

A defective door latch was the cause of the accident, according to the California Highway Patrol.

CHURCH

Continued from page 1

a box of buffalo nickels which she had been saving for the church because "they are supposed to be valuable someday." She estimated there were about $2 worth.

The secretary said the thief who came by night had left a trail of candle drippings around the study.

She said the burglar must have entered the front door of the church, which is always left open for worshipers. He had broken open a tract box by the door, taking about $2 from it.

The burglar then broke into Hammond Hall, under the church, by breaking a glass door. From there, Mrs. Van Dalen said, he must have gone upstairs to force open the study.

Patrolman Edward C. Grigg said the door to the study was opened by brute force, the metal cabinet and the metal safe were pried open with some type of crow bar or large screwdriver.

All checks were left thrown on the floor, Grigg said.

A pair of red and white garden gloves were left on the rector's desk, the patrolman said.

Zumoberhaus said he was forced out of his lane by a car suddenly swerving in front, and when he applied his brakes his car skidded and turned over on the divider.

SPRING THAW FLOODS PONDS, FREES FISH

WAUKEGAN, Ill. (AP)—The flooding of the Des Plaines River meant freedom and a new home for the trout in the Lake County Museum of History.

The trout had been living in the three ponds of the museum and provide its only source of income. Fishermen pay the museum a fee and fish the ponds.

But the river, swollen by the spring thaw, crept up the 800 feet to the ponds and provided escape for the trout. Museum workers were too late as they tried to stem the tide of escaping trout with window screens.

San Anselmo Man Dies Of Gun Wound

A retired San Anselmo promoter, Oliver W. Kay Sr., 79, was found dead of a bullet wound in the head yesterday in the back yard of his home.

Kay, who lived at 44 San Rafael avenue, shot himself with a Smith and Wesson .38 caliber revolver made in 1889, Coroner Frank J. Keaton reported. Kay fired three shells that did not go off before the final fatal bullet, Keaton said. He had been suffering from arthritis and apparently feared his legs would have to be amputated, the coroner reported.

Kay left two notes, giving funeral instructions and asking his son and daughter-in-law, Mr. and Mrs. Oliver W. Kay Jr. of the same address, for forgiveness.

Mrs. Kay Jr. said her father-in-law was sitting in the kitchen about 7:15 a.m. yesterday. He said he wanted some fresh air and went outside. She heard a shot and called her husband.

A native of California, Kay lived in San Francisco before moving to the home of his son about four years ago.

Besides his son, he is survived by a sister, Harriett K. Vail of San Anselmo; two grandchildren and seven great-grandchildren.

Private funeral services will be held in Berkeley.

2 Drivers Hurt In 101 Collision

The drivers of two cars suffered minor injuries yesterday in a collision south of the Hamilton Air Force Base main gate.

Edith Mary Valentini, 44, an inspector at the Cutter Laboratory and resident of Berkeley was bruised on the temple when her car was rammed by the 1956 hardtop driven by Jeremiah Healy, 23, a laborer, of San Francisco.

Healy suffered a bruised hip, according to the California Highway Patrol.

Healy was driving north on Highway 101 about 60 miles an hour when the vehicle in front of him started slowing up, he told the California Highway Patrol. When he applied his brakes, he lost control of his car and skidded into Mrs. Valentini's hardtop, parked within the intersection crossover south of the base's main gate.

Crash Injures Two Youths

Two Napa youths were injured Saturday night when their southbound car went out of control on a sharp curve of Larkspur's Magnolia avenue and smashed into a high curb.

Injured were the driver, Edward J. Bayard, who suffered a head injury and multiple facial and scalp cuts, and Ronald H. Mollo, who suffered a compound fracture of the left leg, severe bruises of the left hip, a split upper lip and a puncture of the right cheek.

The youths, both 19, were reported in "satisfactory" condition today at Marin General Hospital.

Mollo was ejected when the car, which police said was traveling at high speed, struck a curb and concrete drain pipe just south of Piedmont avenue. Bayard was thrown partly out of the vehicle, his head striking the pavement by the driver's door.

The accident happened at 11:50 p.m. Police Chief Howard Clark said Bayard will be cited for speeding. He described the vehicle as a total wreck.

Burglar Takes $30 In Small Coins

A thief broke into a Marinwood home, prowled through the closets, and stole about $30 in coins, ignoring other valuables, the owners reported to the sheriff today.

Robert Keith Allen and his wife returned home to 156 Blackstone drive from a trip to Los Angeles about midnight last night and found that a glass door to one of the bedroms had been pried open.

About $13 in small coins are missing from a pint jar in the bedroom, and about $20 in dimes from a whiskey bottle which contained about $40 in dimes. Investigators can't explain why the thief took only one-half the dimes from the whiskey bottle.

Spinal Defects Termed Overlooked Illness Cause

by Dr. Robert W. Pearce

Have you tried everything for your aches and pains and still found no cure? The reason you continue to suffer may be an overlooked cause of illness.

Recently, for example, German medical men reported spinal defects in 86 of 100 ulcer patients. These doctors also reported remarkable recoveries of health when the spinal defects were corrected.

Chiropractors, for many years, have been calling attention to spinal defects in persons with ulcers, heart trouble, arthritis and many other ailments.

What is the relationship between the spine and health? All cells, organs and muscles are controlled by the nervous system. The spine protects the nerves as they flow from the body to various parts of the body.

A spine that is out of line often pinches vital nerves as they branch out through spinal openings.

Chiropractors are specialists in correcting spinal defects and should be consulted at least once a year.

Legislature Pushes Toward Windup

SACRAMENTO (AP)—The Legislature pushed today toward a final say-so on pending business of its special session.

Smog, home loans, two big bond issues and a college "master plan" head the list of work holding up adjournment.

The lawmakers, here on and off since Feb. 1, are anxious to head for home and their election campaigns. They hope to finish up Wednesday.

Two bills aimed at so-called 10 per centers in the second mortgage field await the first floor vote in the Assembly. Prospects for passage are good.

Assembly legislation backed by Gov. Edmund G. Brown to require smog control devices on cars in California is nearing a crucial test in the Senate.

A week ago, the bill rated little chance in the rural-minded Senate. Swift approval by the Senate Transportation Committee, however, brightened hopes for its enactment.

If cleared by the Senate Finance Committee, the measure probably will scoot through the Senate itself. It would require every new car to have a smog suppressor. Each county would have local option on whether to exempt used cars.

Two Senate proposals for a master plan for higher education have crossed over to the Assembly. Their fate depends on how they fare before the Assembly Education Committee.

The measure would establish a board of trustees to run the state colleges, similar to the University of California Regents, and outline the functions, powers and duties of the colleges, U.C. and junior colleges.

Both houses have approved legislation placing veterans and school bonds on the June 7 primary ballot. They differ on the amounts.

Big Loan For Schools Gets Assembly Nod

SACRAMENTO (AP) — An emergency loan of 20 million dollars to keep state school building aid loans available this year was approved by the Assemblyman Jerome R. Waldie (D-Antioch), passed 65-0, calls for the loan from the state's general fund to the school building aid fund.

The money would be repaid from future bond sales for the school program, which provides loans for site acquisition and school construction to impoverished districts.

It also increases the monthly total of loans from 10 million dollars to 12 million.

A separate bill, dependent upon adoption by the voters of a pending bond issue measures, would permit the state Allocations Board to authorize 12 million dollars a month next year if needed.

IT'LL BE WORTH YOUR WHILE TO CAPTURE ONE OF THESE INVADERS

Members of Hamilton Air Force Base's 349th Troop Carrier Wing will travel to the big city next weekend, but not for a sightseeing tour.

It's all part of a game of war

Twelve of the "Golden Gate" Wing's reservists, divided into three four-man teams of "enemy invaders," will be taken to the outlying districts of San Francisco next Saturday morning and attempt to "infiltrate" the city.

They will not put up a fight if "captured," their headquarters announced. In fact, they will cooperate with the citizenry by wearing identifying clothing — flying boots and flying jackets with a red star emblazoned on their backs. To challenge one of the enemy, a San Franciscan has but to lay a hand on his shoulder and say the secret password: "Trojan Horse."

The operation is designed not only to test the alertness of the city dwellers. It is also as a promotion gimmick for radio station KSFO.

Prisoners are to be delivered to the station, where a prize of a $25 war bond awaits each holder of an "invader."

Fire Damage To Scout Camp Lodge Placed At $4,000

A fire that gutted most of Leaders Lodge at Camp Tamarancho above Fairfax Friday caused damage estimated at $4,000 today by Scout Executive Storrs Smith of the Marin Boy Scout Council.

Destroyed were the lodge's kitchen, rear porch, hall way and restroom, said Smith. The fire was extinguished by the Marin County Fire Department in 30 minutes, said Smith. "This should be commended," he added.

According to the fire department, the fire was caused by an oil leak in a water heater, It was reported by camp manager, David Estes.

Tamarancho, located on 800 acres, belongs to the Marin Boy Scout Council. It has seven other buildings, said Smith. The fire will not interfere with operations of the camp, he said.

Watering Gasoline Leads To Hit-Run Suspect's Arrest

San Rafael police arrested a motorist Saturday night because he was filling his car's gasoline tank with water—and discovered they had a hit-run suspect.

At 4:48 p.m., Dr. M. Alden Van Pelt of 31 Locksley lane, San Rafael, telephoned San Anselmo police to say his car had been side-swiped as it was parked in front of 21 Lincoln avenue in the Hub City.

Driver of the car that hit the parked auto failed to stop, said Dr. Van Pelt. The doctor said he ran out, got the license number.

As the fleeing auto turned onto Greenfield avenue, a woman fell out, he reported. The car then made a U-turn and two men pulled the woman back in and drove away again.

San Anselmo police put the number of the hit-run car out over the county police radio network.

At 9:48 p.m., Lt. Jay Fletcher of San Rafael police saw a man trying to put water in the gasoline tank of a car at a Standard Station at Fourth street and Lincoln avenue.

Fletcher arrested the man, Arthur Lorin Leandro, 26, of Santa Rosa, for being drunk in and about an automobile. And on checking the license number of the car, he found it was the same as that given by Dr. Van Pelt for the hit-run car.

Leandro was booked in the county jail for drunkenness in and about an automobile and investigation of hit-run driving.

There was no sign of a woman or a second man, said Lieutenant Fletcher.

Driver Gets Fine, Probation For First Drunken Offense

Airman Paul Kenneth Tibbens Jr., 22, of 678 Fighter Maintenance Squadron, Hamilton Air Force Base, drew nine months probation and $150 fine for his first drunken driving offense.

Judge Leonard A. Thomas of Marin Municipal Court sentenced Tibbens Friday for driving while intoxicated on Black Point cutoff last March 8. His car hit a railroad guard rail. For the next six months, Tibbens must not drive at night except for military duties and emergencies. The judge ordered him to pay any damage claim made by the railroad.

Mrs. Madeline Jessie Cain, 42, beauty parlor operator who lives at 15 Garden avenue, San Rafael, also drew $150 fine and nine months probation for her first offense. She was caught after an accident on the Richmond-San Rafael Bridge last Jan. 30. For the next six months, she may drive only for work and in emergencies.

Of Pennsylvania State University's 60,000 living graduates, an estimated 40,000 are employed in Pennsylvania.

Redwood High Building Plans To Be Studied

Final plans for the intermediate phase of Redwood High School construction and for a boys' locker room addition at Tamalpais High School will be presented to Tamalpais Union High School District trustees tonight by architect Ralph B. Priestley.

The Redwood project, for which no funds have been budgeted, would bring the school's student capacity up to 2,400. The current district budget includes money for the Tam locker room addition.

Supt. Chester G. Carlisle will recommend employment of five new teachers and report on recent state legislation affecting non-teaching personnel.

A report on International Business Machine processing of student report cards will be given by Robert H. Prather, district coordinator of child welfare and attendance.

The board will convene at 8 o'clock in the district office on the Redwood campus in Larkspur.

High Court To Review Dixon-Yates Dispute

WASHINGTON (UPI)—The Supreme Court agreed today to review a $1,857,545 damage award to the Dixon-Yates combine whose contract to supply power to the Tennessee Valley Authority was canceled by President Eisenhower in 1955.

The high court will hear arguments some time next term on the validity of the contract, which was signed in 1954 by the Dixon-Yates interests and the Atomic Energy Commission. It was upheld 3 to 2 by the U.S. Court of Claims last July.

The Justice Department appealed the lower court decision on the ground that the contract was invalidated by activities of New York investment banker Adolphe H. Wenzell. Therefore the department argued the government was not liable for damages.

The contract provide for building a 107-million dollar plant in West Memphis, Tenn., to channel private power to the TVA system. The plan was a substitute for further expansion of TVA itself.

In mid-July, 1955, the President cancelled the contract when Memphis decided to build its own generating plant, thus relieving the demand for power in the area.

New British Budget Yields Only Minor Tax Relief

LONDON (AP) — The British government slapped a higher tax on cigarettes and made only minor tax concessions elsewhere in a new national budget presented to Parliament today.

Derick Heathcoat Amory, chancellor of the exchequer, abolished the government tax on movie tickets and sharply slashed duties on imported wines.

But he upped the price of a pack of cigarettes two cents to 57 cents, and left unchanged the basic income tax rate of 38.75 per cent.

Amory said he was forced to keep taxes high to meet rising government costs and hold the line against inflation. He added that he may have to act soon to curb the rising tide of consumer borrowing.

Date With Death Set By Courts Proves Nothing

(NOTE: With all the discussion of capital punishment, it is interesting to learn how prison inmates feel about the subject. The following is an editorial which appeared in the San Quentin News, inmate publication of the Marin County state prison.)

Everyone in this world has a date with death, though most people do not have their departure set by another human being. This is the position a man or woman find themselves in when they have committed a capital crime against society—they are doomed to death by their fellow man.

They are locked in a cell for a year or two and when all legal channels are closed to them, extermination takes place. They may die a thousand deaths during the waiting period — but the finale is swift, they have paid their debt to society and are soon forgotten.

At least they are forgotten by the public who have a new headline case to follow. A close relative may remember them for a time — but time heals old wounds and the living must go on living.

The judge, prosecuting attorney, or other public officials connected with the trial and sentencing may wish a thousand times they had never been a part of the case. But this is the law of the land and a man sworn to uphold this law must shoulder his responsibility.

The jury that convicts this prisoner and sends the man or woman to death are doing their job for the protection of society. They, too, must be bothered by pangs of conscience at times. They have carried out the law of the land but as God fearing people they sometimes think back and wonder if man has the right to set a death date for another human being. A thought they may carry to the grave.

Public opinion will someday do away with this punishment and the added burden of condemning a person to death will be no more. The few people who have had to face this decision as an official or jurist will breath a sigh of relief.

Life in prison without possibility of parole will not ease the mind of the criminal, however. Nothing shatters a youngster's mind faster than thoughts of old age. A man can shake this thought off on the outside, but the prisoner behind walls senses age creeping upon him —he sees what time has done to others. He rubs elbows with twenty-year men who were youthful when they walked through the big gate.

These fellows have walked the big yard chalking up hundreds of miles. Endless miles. Trying to keep their youth and talking of youthful accomplishments. Showing a newcomer the photo of a nice-looking young man, and proudly exclaiming, "That is my picture when I entered prison years ago—you stay well preserved in here."

The young man recoils in horror, but not wanting to hurt the new friend's feelings, answers, 'Yes, Dad, you don't look a day older than you did in the photo."

That night in his cell, the new-to-prison inmate feels the chill of stone and steel seeping into his system — and thoughts of the prison's boot-hill is terrifying. Life in prison can be living hell.

But the lifer has a choice and can do something with his time. The sentence is long and gives this man an opportunity to better himself in many ways. Constructive living has brought about wonderful changes in many long-term inmates. Their success has brought a pardon from prison in some cases. Where there is life, a man or woman has a chance to do something beneficial with it.

A date with death set by the courts proves nothing and upsets the American way of living.

Glorious April Here Again

Of all the months, amid a chorus of lovely Marin months, April is our favorite. Spring is at its height. Everywhere we turn flowers are blooming. Garden and field both sing of Nature's floral beauty.

April is the month when the hawthorns and roses fill our gardens with multi-petaled loveliness. Wild iris are blooming, along with whole fields full of poppies, lupine and butter-cups. The blue of mountain lilac blends with the green of grassy meadow and hill.

Quince, apple and pear, some kinds of which were blooming last month, will continue blossoming into the first half of April. Blue eyes of periwinkle will continue to brighten their thickets of lush green ground cover. And the early blooming fuchsias will open their many colored bells of loveliness.

April is a fragrant, flower-filled, joyful month for us. We hope you are enjoying it too.

From Diaper To College, It Costs $29,000 To Raise One Offspring

NEW YORK (AP)—Things a columnist might never know if he didn't read his mail:

TO RAISE A CHILD is a great reach of dollars as well as dearness. Someone has figured that to discipline a son or daughter from diaper to college degree now costs $29,204 and enough tears.

NATURE NOTE: A polar bear has the same number of teeth on each side. Put in your own finger to be sure.

Bubbles to Paris: We measure miles by habits. If you are an incessant smoker, the distance today between America and Europe is less than the puffs in one package of cigarettes.

A bow to nicety: In 1850 the census taker asked whether you were a pauper, had idiots in your house or convicts in your family. They won't ask these questions in 1960.

FOR STUDENTS of elections: Is it true that, beginning in 1840, every U.S. president elected in a year divisible by 20 died in office?

This is the income-measuring month when the price of patriotism is painful but must be paid from the testimony of the pocketbook. Everybody bleeds from both purse and purpose now. And I find graphic this borrowed description of the Eiffel Tower—the Empire State Building after taxes.

A signal for sure: The Catholic Digest points out that when a man says he "can take it or leave it"—he has already had it.

THERE IS A THEORY that as we get more crowded as people we prefer smaller pets and we are going into the era of "the apartment-size dog." My own observation is that persons in crowded quarters often try to express their freedom by having larger pets. I know of a lady who bought a Great Dane, and it once wagged a friendly tail to say "hello" and broke her rib. She had a doctor's bill to prove her story.

WHO ARE THEY calling? A check by the Hotel Edison here found that women in hotels make more phone calls than men.

You think today's highways are unsafe? In the Circus Maximus of ancient Rome dawn-to-dusk chariot races sometimes caused 50 deaths a day. And without the loss of a single pedestrian.

Tiburon Election Best Kept Secret

EDITOR,
Independent-Journal:

Yesterday (Mar. 31) I called the County Clerk's office to inquire when the voters of the Tiburon Fire Protection District might expect to receive their notifications of polling places for the April 5 (tomorrow) election.

I was astounded to discover that when the Fire Commission decided to dispense with sample ballots in order to save the district approximately $100, that the notice of polling place was also eliminated, though this item could have been ordered separately from the County Clerk's office.

These notices also serve as reminders to the district's voters of the fact and date of an election, (this one seems to be Tiburon's best kept secret) and unquestionably they are an aid in getting out the vote.

Therefore, this action eliminating the sample ballot and accompanying notices seems at variance with the oft publicly stated desires of the commissioners for residents' interest and participation in the continuing problems of district administration.

In the absence of sample ballots, newspaper publicity alone apparently is considered sufficient notice of election, candidates' names, and polling places. There are approximately 1800 registered voters in the district and there is competition for one commissioner's post — Harry Bragg, Dick DeBerry, and Don Ishmael are running. Two polling places have been provided. One is at 16 Venus Court, Belveron East, to serve Greenwood Beach, Belveron, Little Reed, Hacienda Terrace, and Paradise Drive north of Trestle Glen. The rest of the district votes at the Tiburon Fire House.

If this information had been made available in the conventional manner, as it was last year when three of four incumbent commissioners were elected after distribution of sample ballots, then a fair turnout might be anticipated with the result reflecting general opinion in the district.

Money was provided in the '59-'60 budget for an election based on previous experience, and the cost for election officials remains the same whether one vote is cast or one thousand.

It is certainly to be hoped that Tiburon voters will spread the word of this election and turn out in number tomorrow. But if they don't, they do not deserve to be chastised at a later date by the commissioners.

Rohney's Letter Missed The Point

EDITOR,
Independent-Journal:

Albert Rohney's letter in last night's (March 30) I-J, concerning Kellogg Smith's earlier letter, shows that Mr. Rohney has missed the point.

We have a saying that "actions speak louder than words." Senator Rutland is from Georgia, a state not known for encouraging all its citizens to vote.

Mr. Smith's point: Let Senator Rutland practice what he preaches.

Let's Keep All Offices Elective

EDITOR,
Independent-Journal:

Referring to your article on City Management in the Wednesday, March 30, Independent - Journal, datelined Chicago.

Thank heavens, there are ONLY 1600 cities and counties in the United States that support the city management form of municipal government.

I am happy there are thousands of other cities that are not so busy and lax they cannot take time to vote for their council-clerk type of government, even if the clerk might need four assistants to help him.

I live in a community of 5,300 people. Ever since our community has fallen in the web of city management, we have had nothing but dissension in our city government.

Our community has been considered the bedroom to San Francisco. The majority of our present council work in San Francisco and sleep in Marin. They do not have time to see what occurs from Monday through Friday. They, therefore, tell us we should have a city manager, to whom we can take our problems.

This is a farce. The city manager, an inexperienced apprentice draws $10,000 annually of the taxpayers' money for his income. In return, he does little or nothing for the people. We still have to go directly to the council and voice our grievances, such as the hiring and firing of efficient department heads.

It has reached a point where a man's ability, experience, and efficiency is not worth a d—— in this community, if the city manager does not like his personality.

If this is the case, give me back the strong city clerk I can vote into and out of office in the same capacity as I do my city councilman. I still find it more invigorating and stimulating to see and hear people run for an elective office.

Let us not be too tired or too busy to get out and vote for what we believe to be right. Maybe we will make a wrong choice, but next election the voter can rectify his error. . . .

Let us do away with city management in any town with a population less than 10,000 or keep his power so limited he cannot play God with the lives of dedicated men. . . .

Join the march to keep everything elective. From the time you are 21 until you die, keep voting. This is your country. It is what you, the people make it.

Why Does A Man Cut Hair For 53 Years? 'Because I Like It'

"No two heads are alike," said Tony Arrigo. He was scissoring a Mill Valley citizen's top in the old fashioned barber chair of his one-man "hair cutting parlor" at Throckmorton Avenue and Madrona.

Tony has been barbering since 1907, and since 1925 in Mill Valley. "I like it," said Tony.

He learned barbering from an uncle in Messina, Sicily. His uncle also pulled teeth and took blood with leeches, Tony said. That is the reason for the colors in the barber poles. Barbers used to be barber-surgeons and, in addition to barbering, they drew blood with leeches and pulled teeth. Red on the pole is for blood, white for bandages and blue, a recent addition, for sanitation.

IN BOSTON, where Tony barbered for 12 years, haircuts were 15 cents and shaves a dime. When he first came to Mill Valley haircuts were 65 cents. "I used to give a lot of shaves," he said, "but no more. No more beards either. It takes too much time — from 20 to 30 minutes."

Tony has barbered four generations of certain Mill Valley families, he said. One of the changes over the years has been the flat top. "The pompadour was much more sensible," Tony admitted.

Tony said he never talks of religion or politics in the barber shop. He agreed, though, to talk of sports and love.

ON LOVE, Tony said, "I think it's any different than it was years ago. The girls have different clothes and they have a car. It used to be that we took them to the park or beach or ice cream parlor. Now she's here five minutes. Next five minutes, San Rafael."

On the space age, Tony shrugged his shoulders and said, "We try because the Russians try. They try because we try. To me, I think it is a lot of hooey."

Speaking about food, Tony declared, "the stuff we eat today is all frozen. I don't think it's as good as we used to have. We used to have good fresh food."

TONY LIVES with his wife at 15 Elma Street, their three daughters are happily married.

Tony had cut three heads, one regular, one balding and one butch. The butch had come from a town 8 miles away because he used to live in Mill Valley and likes the way Tony cuts hair.

Another customer came in the door, greeted Tony with the warm admonishment, "You've got to fix this darned thing up, Tony. It's growing out again."

Tony Arrigo, hair cutter, 35 years in Mill Valley. Tony Arrigo, one person among many who makes the buildings and streets of Mill Valley a live, warm place to live.

ELECTION FEVER seems to have hit Southern Marin, or at least that's what Kelly, the three-legged dog said the other day in Lytton Square where Park Supt. Joe Penders and his crew are putting in a new park. (It will be very nice with a statue of St. Francis, some plants and a long bench to watch all the friends go by.)

Kelly said, in Sausalito, they are having candidates nights, teas, coffee klatches.

He said that moderator Dr. Ronald B. MacKenzie said at the Sausalito Woman's Club meeting last week that he hoped all arms and weapons had been checked at the door because, if there were any untoward incidents, it was his night off.

Tiburon is having an election tomorrow for a vacancy in the Tiburon Fire Protection District. Contrary to the last election, when there was a jammed, tense Town Hall meeting over the recall election of Fred Mantegani, this campaign is relatively quiet.

It Would Be Folly Not To Join Soviet In Preventing Nuclear Arms Spread

WASHINGTON — There is now a good chance that a treaty and a voluntary agreement prohibiting nuclear tests will be ready for signature at the summit meeting in May.

The Soviet government has accepted, with one condition, the proposal made in February by the President. It agreed that the treaty should cover only test explosions which can be monitored. This means all the explosions which pollute the air.

The condition attached to this acceptance of the Eisenhower proposal is that for a period of years, perhaps four or five, there shall be a voluntary agreement not to make small underground test explosions which are not yet prohibited by treaty. During this moratorium there would be, as the President first proposed, joint scientific studies to improve the existing monitoring devices.

The President is ready to accept the principle of this moratorium. But for obvious constitutional reasons, he is not able to agree to the four or five year moratorium which the Russians want. He has no legal power to bind his successor. The most that he can do is to obtain promises to maintain a shorter moratorium from Nixon and the leading Democratic candidate.

What are the risks? There is no risk at all that the big explosions prohibited by treaty could be carried out in secret. The treaty itself provides for a network of monitoring stations. But evenmore important, so it seems to me, is the fact that we are now capable by our own instruments, of detecting the kind of explosion which the treaty would prohibit. We are able, so to speak, to monitor the monitors, to check and to double check.

What about the smaller underground explosions which would not be prohibited by the treaty but which would be subject to a short moritorium? Theoretically, since by definition they cannot be detected by existing instruments, the Soviets may during the past year have been conducting such underground tests. But no one thinks the Soviet Union has done this.

Why? While the scientists agree that the smaller explosions underground cannot surely be distinguished from earthquakes, it is also true that they cannot surely be concealed. The penalty for cheating would be enormous.

The advantages of the treaty and an agreement can be measured only by what would happen if they failed. If, having come so near to an agreement, the three nuclear powers quarrel, the race in nuclear weapons will not only be resumed but it will be expanded.

If we three, who have nuclear weapons, cannot agree to limit them, then all other powers which wish to count in world affairs must make or most buy nuclear weapons.

The critical country here is not France or West Germany. The critical country is China.

It has, what Britain, France and Germany do not have, the basic characteristic of a true nuclear power. This is to have so large a territory that it can hope to survive an attack.

If we look ahead, if we take account of the great balance of world forces, we must think it would be a disastrous folly not to become aligned with the Soviet Union, when there is a chance to do so, against the spread of nuclear weapons.

IT WAS A GIANT RIBBON-CUTTING

Corte Madera Council May Hire Policeman

Deputy Sheriff Charles Rester will be recommended to the Corte Madera Town Council tonight for employment as a police officer, effective May 1.

Town Manager Arthur H. Brandow will ask that Rester be hired at a starting salary of $436 a month, with a commitment for an increase to $458 as of July 1. His employment would give the Corte Madera Police Department five full-time officers, including Chief Frank L. Nelson.

Brandow also will ask the council to schedule an adjourned meeting later this month to review the salaries of town employees.

Town Atty. John B. Ehlen will report on a condemnation suit against four property owners who declined to accept a town offer of 39 cents per square foot for land needed for Paradise drive widening.

The park and recreation commission will ask the council to match a $700 appropriation by Reed Union School District for a Marin Estates playground project.

The council will convene at 7:30 p.m. in Corte Madera Town Hall.

Opening Planned Saturday For Recreation Center

Opening day ceremonies for the Southern Marin Recreation Center will be held on April 9, according to President Fred W. Zimmerman.

The swimming pool will open at 11 a.m., and remain open until 6 p.m. on that day. From then on the pool will be open daily except Monday during those hours.

Opening day events include a frog jumping contest at 1 p.m. and a children's drama class presentation at 7:30 p.m., for members and guests. the two plays, "The Musical Box" and "Shady Shadows," will be directed by Irene Pritzker.

Cove Players Slate Stagecraft Workshop

The Cove Players will conduct a workshop in basic stagecraft for members and interested Tiburon residents tomorrow at 8 p.m. at 112 Main street, according to director William J. Carter.

Carter said that if enough are interested, the workshop will be continued, using the production aspects of "An Inspector Calls" for experience. The players will produce that play in June.

Novato Fire Board Vote Tomorrow

A banker and a state highway patrolman will oppose each other tomorrow for the job of Novato Fire District commissioner.

Voters will decide between the incumbent, Peter J. Ferrarese, manager of the Novato office of the First National Bank in San Rafael and Keith C. Craig, CHP officer who was formerly a fireman with the Richmond Fire Department.

Only one polling place, the city's main fire house at 1000 Grant avenue, will be in operation. Polls will be open from 7 a.m. to 7 p.m.

The Novato Fire District is bounded on the south by St. Vincent's School and Marinwood subdivision. On the east it extends to San Pablo Bay, and on the west reaches a point two miles west of Stafford Dam. Hamilton Air Force Base and Raphael Village are not included.

BRESSOUD BAT SPARKLES, BUT...

Landrith Injury Mars S.F. Win

PHOENIX, — Five runs batted in is an impressive performance for a player in any baseball game—but Eddie Bressoud of the San Francisco Giants did it yesterday in just one inning.

The shortstop's eye-opening exhibition gave the Giants a 14-9 victory over Chicago, snapped the Cubs nine-game winning streak, and ended San Francisco's five-game tailspin.

Bressoud got his five RBI's in the sixth inning, when the Giants scored nine runs to overcome a large Chicago lead. Eddie tripled with two men on base during the first part of the rally and tripled again with the bases loaded before it ended.

The victory was marred by an injury to Giants catcher Hobie Landrith. He fractured his right throwing hand in attempting to throw to second base, his hand striking either the bat or the helmet of Cub outfielder Lou Johnson when Johnson stepped in front of the plate in the fourth.

Interference was ruled on Johnson and base runner Tony Taylor was called out at second. Bob Schmidt came in and finished the game for Landrith.

Trainer Frank Bowman said Hobie would be out of action for a week or 10 days.

Manager Bill Rigney's hitters apparently figured they couldn't depend on Giant pitching, which has been praised as the best in the National League.

During the five-game losing streak, the Giants scored 35 runs for an average of seven per game — but the mound corps gave up 47 runs for an average of better than nine.

It looked like the same old story yesterday, when the Cubs scored five runs off Johnnie Antonelli in the first inning and battered him for seven runs and nine hits during the three frames he was on the mound.

Stu Miller allowed just two hits and one run in three innings; George Maranda gave up four and one in two and one-third frames; and Bud Byerly allowed one hit in two-thirds of an inning.

The Cubs outhit the Giants, 16-14, and there were some powerful blasts. In addition to Bressoud's fete, Willie Mays and Orlanda Cepeda each homered.

Frank Thomas of Chicago had a fair day as he matched Bressoud in the rbi department —but it took him a full game. Thomas had four hits, including two homers and a double.

The Giants took the day off today, but begin the final week of spring training tomorrow against the St. Louis Cardinals.

Rigney Says Giants Ready To Go; Pitching Staff Shaping Up Nicely

HANLEY

PHOENIX, Ariz.—Bill Rigney beamed with enthusiasm today as he said "I think we're ready." The skipper of the Giants, of course, referred to his team's preparedness for the season opener a week from tomorrow with the St. Louis Cardinals in Candlestick Park.

"Everyone is coming into the final week of spring training with just the right edge," Rigney said. "In the last six exhibition games, beginning with tomorrow's against the Cardinals and winding up next Sunday in Sacramento with the Dodgers, we'll be going with all of our front line troops, particularly the pitchers."

Following last week's reports from Florida that three Cardinal pitchers already had gone the full nine inning route, there was speculative talk on the fringes of the Giant camp that perhaps Rigney's throwers were a bit behind the training schedule.

"Our throwers have paced themselves perfectly," said Rigney. "There's no sense in rushing things. Sam (Jones) might have gone nine last Tuesday against the Cubs but I pulled him in the seventh when he finished strong with a couple of strikeouts. Maybe that other fellow tried for nine too early."

BY THE "other fellow," Rigney meant the Cubs' Bob Anderson who took a 7-1 lead into the ninth and almost lost the game. It was obvious that Club Manager Charlie Grimm and Anderson himself wanted the distinction of being the first Cactus League pitcher to go a full nine but he couldn't make it. He was hit hard in the ninth, four runs on four hits, before Grimm relieved him with one out.

"This is the week—the one before the opener—for the nine inning targets," said Rigney. "Why come to an edge two weeks before the real firing starts?"

FRANK SHELLENBACK, chief of the Giants' minor league pitching personnel, supervised the big team's spring pitching conditioning just as he has for many years.

When Shellenback worked the mound himself 30 years ago, a pitcher who started a game expected to be firing at the finish. If he were replaced, that was a sign of complete collapse. He was supposed to work his own way out of jams and take his own turn at bat instead of wondering who would be his pinch-hitter in the late innings.

In this era of offensive baseball, with a shrunken strike zone although oldtimers are reluctant to admit it, no pitcher is going to duplicate mound heroics such as Shellenback performed when he ended one season with 14 straight wins, opened the next with five straight, lost one 2-0, then whipped off another string of 15 — finishing every one of those games.

IN ANY event, Shellenback likes the Giants' 1960 pitching staff on which high hopes are pinned. A year ago at this time, just before Sam Jones reported and Giant brass sweated over the Bill White-Ray Jablonski swap that brought the Toothpick Man west, the pitching picture was not a pretty one.

Pictures without proper balance seldom are. But now it has been brought into perfect balance — at least on paper. Three southpaws on one side—Johnny Antonelli, Billy O'Dell and Mike McCormick. Three right handers on the other—Jones, Jack Sanford and Stu Miller. And beneath both trios, Billy Loes.

Cardinal Hurling Highlight Of Spring; 5 Complete Tilts

By ASSOCIATED PRESS

The National League clubs start thinking ahead today to the earliest season openers in the history of major league baseball's senior circuit.

With regular season operations getting under way a week from tomorrow, many of the teams broke camp and began the northward trek with the surprising St. Louis Cardinals clinging to the top of the exhibition standings with a 13-7 record.

Getting a second consecutive route-going performance from Ron Kline, the Cardinals concluded their Florida phase of training yesterday by defeating the New York Yankees 6-3. It was the fifth complete game by a Cardinal hurler.

Kline, acquired in a trade with Pittsburgh, scattered 10 hits and now has allowed only four runs—two earned—in 28 innings.

Milwaukee's Bob Buhl also went the distance, holding Washington to four hits in the Braves' 3-2 victory while Detroit's Hank Aguirre pitched a six-inning one-hitter for a 1-0 victory over Pittsburgh in a game shortened by rain.

In other day games, San Francisco blasted the Chicago Cubs 14-9, Baltimore beat Kansas City 5-2, Boston edged Cleveland 5-4 in 10 innings, and Los Angeles and Cincinnati were tied 4-4 when a downpour ended their game in the eighth inning.

PUERTO RICO GAME

In a night game, the Chicago White Sox and Philadelphia wound up their three-game series in Puerto Rico with Chicago winning 4-2. The Phils took the first two.

The Cardinals backed Kline with six extra-base hits against the Yanks and won it in the fifth with a four-run uprising.

Milwaukee collected just five hits off the Senators' Don Lee and Jack Kralick, but Joe Adcock's solo homer—his fifth of the spring—proved the clincher.

Aguirre, bidding for a berth with the Tigers, just about nailed a spot when Steve Demeter accounted for the game's only run against the Pirates with a third inning homer.

Six-hit pitching by rookies Chuck Estrada and Arne Thorsland collared the A's as the Orioles clustered five of their seven hits in the second inning for all five runs.

Pumpsie Green's 10th inning single drove in the deciding run for the Red Sox against the Indians.

Vada Pinson's fourth spring homer and a double and single by Ed Bailey good for two runs were the big blows for the Reds. The Dodgers clubbed Cal McLish and Claude Osteen for 10 hits, including Don Demeter's homer, before the rain broke it up.

The White Sox salvaged the final game of the Puerto Rican series with home runs deciding the issue. Ted Kluszewski hit one good for two runs and Al Smith one, his fourth of the series. The Phils two runs came on homers by Bobby Del Greco and Ed Bouchee.

Marin Weightlifter Wins North Cal Championship

MarVel Athletic Club of San Rafael had five more medals in its showcase today after successful participation in the Northern California AAU Weightlifting Championships held Saturday night in Veterans Hall, Santa Venetia.

As a team the MarVel club placed third with the title going to San Francisco with 14 points. Berkeley YMCA placed second with 13 points, one point ahead of the locals who sponsored the meet.

Leading MarVel and capturing his first official Northern California championship after five years of hard training was Carrol Varner of San Rafael. He took first place with a mighty lift of 700 total pounds. Teammate Joel Brower placed second in the class with 660 pounds.

MarVel's other medal winners included 12-year-olds Dave Cooley and Fran Gearhart, second and third, respectively, in the 123-pound class; Terry Johnson, second in 132-pound and Danny Preston, tied for third in the 148-pounds.

Thirty-six weighlifters participated in the program which also featured a Miss Northern California beauty contest with 11 participants and a Mr. Northern California physique contest with nine competing.

Nyeri Karapetian of San Fransico won the beauty crown and Jimmy Lee of Oakland was picked as the winner of the physique contest.

Scanlon 'Set' For Big Bout In Oakland

Trainer Freddie Apostoli today claimed Irish Bobby Scanlon, now fighting out of Marin County, is "... all set to go 10 rounds at full speed" for his important lightweight bout with Johnny Gonsalves tomorrow night in Oakland.

A large contingent of Marin fans, including at least three charter busloads, will trek to the fight and cheer on the little puncher who has made Marin his home since two local restaurateurs purchased his contract. Scanlon's new co-managers are Nick Kobseff of Rancho Nicasio and Lou Sabella of Sabella's in southern Marin.

Apostoli, the former world middleweight champion who is a resident of Fairfax, has been training Scanlon in Nicasio and had him winding up light drills today. Said Apostoli, "If Gonsalves runs, Bobby'll catch him. My boy is in perfect shape for this one. He won't run out of gas.

Gonsalves is noted as a light puncher who is hard to catch in the ring. He also has a sharp counter-punch, a talent that earned him a surprising knockdown of Scanlon the last time they met. That, plus a penalty for a low blow, cost Irish Bobby a lost split decision.

Tomorrow night's preliminary card starts at 8:30 o'clock. The main event is scheduled to go on at approximately 10.

Drake Star Stops Tam On One-Hitter

Nino Geminiani pitched a one-hitter Friday as the Drake Pirates warmed up for the coming Marin County Athletic League Baseball Tournament with a 9-1 victory over the Tamalpais Indians at Drake.

Baldoni No Match For Ray Robinson

BALTIMORE (AP) — Sugar Ray Robinson wanted to use Saturday night's fight with Tony Baldoni as a tuneup for his return bout with Paul Pender. He barely worked up a sweat.

Robinson knocked out Baldoni in one minute, 40 seconds of the first round, flooring him twice.

"It wasn't any use continuing," said Robinson. "I guess I'll just have to get my work in the gym."

Robinson will meet Pender April 29 in Boston

Big O, West, Imhoff Lead Olympic Team

DENVER, Colo. —All-Americas Oscar Robertson, Jerry West and Darrell Imhoff head a brilliant cast of seven collegians anchoring the U. S. Olympic basketball team that will play in Rome this summer under the command of Coach Pete Newell of California.

The college stars for the first time shoved aside veteran AAU players to dominate the 12-member team chosen yesterday by the Olympic Basketball Committee. The selections followed the three-day trials here climaxed by the NCAA University All-Stars' 124-97 conquest of Peoria's AAU champions in Saturday night's finals before 10,000 fans.

The victory earned the NCAA team six Olympic berths and won for Newell, their 44-year-old towel-chewing coach, the honor of directing the team in the Olympic competition. He'll be assisted by Peoria's Warren Womble, who coached the 1952 Olympic champions.

West, 6-3 Comet from Cabin Creek, W. Va., riddled Peoria with a 39-point burst, 24 in the first half, to set an individual high for the trials. Robertson, incomparable playmaker and collegiate scoring leader from Cincinnati, poured in 20 points to take scoring honors for the tryouts. He totaled 72 and West, a senior at West Virginia, was runnerup with 65 in three games.

IMHOFF PICKED

Also picked from the NCAA team were two 6-foot-11 defensive stars, All-America Imhoff of California, and Walt Bellamy of Indiana; Purdue's 6-6 sophomore Terry Dischinger, who led the Big 10 in scoring, and Texas' 6-2 back court artist, Jay Arnette.

All-America Jerry Lucas, 6-8 sophomore star of Ohio State's NCAA champions, is the seventh collegian picked from the field of 96 players.

The four AAU stars named to the team include the only repeated from 1956, Burdie Haldorson, 6-8 leading scorer for Bartlesville (Okla.). The others are 6-8 Bob Boozer and 6-foot Allen Kelley, both of Peoria, and Les Lane, Bartlesville.

Adrian Smith, 6-1 former Kentucky ace, was chosen from the Armed Forces All-Stars.

The players will report about Aug. 1 for training at the U. S. Military Academy in West Point, N. Y.

Third place in the trials here was won Saturday by Akron's AAU team in an 88-77 conquest of the NAIA all-stars, who spilled Ohio State 76-69 in a first-round upset. Ohio State placed fifth by defeating Bartlesville 87-77. The Armed Forces All-Stars finished seventh by overcoming the NCAA All-Stars coached by Arad McCutchan of Evansville, Ind., College 98-85.

Bronco Nine Trounced

LOS ANGELES (AP) — Tom Satriano, Art Ersepke and Steve Bach cracked homers Saturday to lead the University of Southern California baseball team to a 20-2 victory over Santa Clara.

ROY SIEVERS TRADED TO WHITE SOX

WEST PALM BEACH, Fla. (AP) — The Washington Senators today traded one of their most powerful hitters, Roy Sievers, to the Chicago White Sox for catcher Earl Battey, first baseman Don Mincher and an estimated $150,000.

Sievers, a first baseman, is expected to give the White Sox some badly needed power. In six seasons with the Senators, he hit 180 home runs and averaged 96 runs batted in.

Minsher had 22 homers and batted in 92 runs with Charleston, W. Va., while hitting only .219 with the Sox last season, but his defensive work is regarded as superb.

It was the Senators' second trade within 24 hours. Yesterday the Senators swapped catcher Clint Courtney, and infielder Ron Samford, for Billy Gardner, 32, infielder of the Baltimore Orioles.

Tompion Future Pick In Kentucky Derby

AGUA CALIENTE, (UPI) — Tompion and Bally Ache today were Caliente future book favorites for the 86th running of the Kentucky Derby a month away.

Pricemaker Tony Alessio posted Tompion a 5-2 favorite and trimmed Bally Ache a point to 4-1 after his Florida triumph Saturday.

Here's the new line on leading contenders:

Tompion, 5-2; Bally Ache, 4-1; Eagle Admiral, 8-1; Flow Line, 10-1; Hillsborough, 10-1; John William, 12-1; Venetian Way, 15-1; and Bourbon Prince, Victoria Prince, Weatherwise, York Town and Zenith All at 20 to 1.

Stunt water-skier Ross Calvert, 18, soars above San Francisco's Lake Merced yesterday with the aid of a 14-foot kite he fashioned of aluminum and sailcloth. Russell Roughed Up As Celts Defeated

ST. LOUIS (AP) — The St. Louis Hawks turned Boston's favorite weapons — ball stealing and home-run passes — against the Celtics and squared pro basketball's world series, but the Celtics believe it's their turn to bounce back.

"I never saw us steal the ball so much from the Celtics," said Hawks Owner Ben Kerner. "This is what they do to us too often."

Kerner was happy over the Hawks inspired, aggressive effort yesterday in a 106-96 victory which tied the National Basketball Assn. title series at 2-2. The scene shifts to the Boston Garden tomorrow night for the key fifth game in the best-four-of-seven series for a $17,000 jackpot.

"We'll come back, don't worry," said Boston coach Red Auerbach. "But they (the officials) are going to have to stop the rough stuff. This was a mighty rough game.

"Clyde Lovellette is murdering Bill Russell. The officials call a couple and then, when Hawk coach Ed Macauley complains, they stop."

Russell, the Celtics 6-foot-10 pivot, played all 48 minutes for the second time in two days and was a prime target for the hustling Hawks. Lovellette got plenty of help as the Hawks battled Russell and got the ball away from him several times.

"I can't out-jump Russell," Clyde said. "I just kept batting the ball up in the air. I knew if we could keep the ball up, Bob Pettit would grab it sooner or later."

As in last week's St. Louis victory, Pettit was the big scorer. He made 23 of his 32 points in the last half.

St. Vincent's Lad Pitches No-Hitter

Victor Yanez of Saint Vincent's School for Boys, San Rafael retired the last 15 men in a row en route to a no-hit, 10-1 victory over St. Rose at Santa Rosa Saturday.

This was the second game of a double-header as Roger Cardinez tossed a two-hitter against St. Steven's of San Francisco in the morning. Terry Clarity led the Eagles with a home run and a triple as he and his mates won 13-2.

Youth Wounds Self While Target Shooting

Gary W. Fritz, 13, of 854 Cain lane, Novato, accidently shot himself in a toe of his left foot Saturday afternoon, Marin County sheriff's deputies reported.

The youth was doing target practice with a .22 caliber rifle when the accident happened. He was treated by a physician.

Huge Sailor Wins Wrestling Title At Olympic Club

SAN FRANCISCO (AP) — Hallow Wilson, a Navy man from Hawaii, is the new American Greco-Roman heavyweight wrestling champion.

Wilson, who jars the scales at 385 pounds, won the title Saturday night after defeating defending champion Bill Kerslake of Cleveland and Oklahoma University's Dale Lewis in the round-robin tournament.

The San Francisco Olympic Club won the team title, with U.S. Navy at UCLA second and U.S. Navy at Hawaii and the U.S. Air Force at Colorado Springs tied for third.

The AAU Greco-Roman tournament followed the national AAU Freestyle Wrestling Tournament which was won Friday night by the New York Athletic Club. Lewis won the freestyle heavyweight title.

Other Greco-Roman division champions: 114 pounds, Gil Sanchez, Lamar, Colo.; 125, Lynn Griffith, Denver; 136, Lee Allen, Multnomah A.C., Portland, Ore.; 147, Larry Wright, Oregon State; 160, Joe Vastag, Olympic Club; 174, Russ Camilleri, U.S. Air Force, Colorado Springs; 191, Frank Rosenmayr, Olympic Club.

Norton's 9.3 Tops Track Competition

By ASSOCIATED PRESS

Ray Norton equalled the world record for the 100-yard dash for the third time Saturday with a 9.3 at San Jose.

The former San Jose State ace, now running for the Santa Clara Youth Village, also clicked off a fine 20.1 in the 220 in a meet between his team, San Jose State, the San Francisco Olympic Club and the Central California AC.

Two watches clocked Norton in 20 seconds flat for the 220. That's the world standard.

No team records were kept in that shindig, but other California powers broke loose for devastating scores.

Southern California's Trojans, undefeated in 87 meets, trounced California 85-46 at Berkeley.

Stanford clobbered Fresno State 95¼ to 34¾ in a dual meet at Fresno.

And UCLA, with a victory in the mile relay, beat Occidental 70-61 at Los Angeles.

Stanford's Ernie Cunliffe turned in the fastest half mile in the nation this year, 1:47.3. That is the third fastest half mile in history, just half a second off the world mark established by Tom Courtney in 1957.

Could be Ernie will be cracking that one of these days.

"The pace was a little slow at the start," he said after Saturday's fine effort.

At Berkeley, big Dallas Long smashed the Edwards Field record in the shot put with a heave of 61-7. But Long, who had a world record pending, heard that Bill Nieder flipped a borrowed 16-pound steel ball 65 feet, 7 inches in the Texas Relays at Austin. That eclipsed a pending world mark of Long's, set only a week before.

Bob Shordone stole the show from Long with a javelin toss of 256-10½, the best ever by a Trojan.

Long figured the current track season has a long way to go and he expects the shot record will be smashed again.

"Maybe next week," he said. "There's no telling where this will stop."

Long figures to be giving his best Friday when the Trojans face Arizona State at Tempe. Long and USC pole vaulter Jim Brewer hail from Phoenix and they will be trying to set records while performing before their old friends.

Chris Knott, a transfer from Stanford, provided the excitement at Los Angeles in UCLA's win over Oxy.

Knott contributed a 47.8 anchor lap in the meet-winning mile relay and also turned in a snappy 9.4 in the 100-yard dash, bettered only by Norton's 9.3 this year.

Nieder Sets Shot Record

AUSTIN, Tex. (AP)—That well-known trencherman, Bill Nieder, who stands on top of the world in the realm of the shot-putters, looked toward a clash with the others of the big four today.

Nieder, who's throw of the 16-pound ball almost cleared the 66-foot barrier at the Texas Relays shot put area Saturday —it went 65 feet 7 inches to better the world's record by 2 feet and 5 inches — plans to compete in the Eastern Relays at Santa Barbara Calif., April 16.

He expects he'll face Parry O'Brien, who holds the listed record of 63 feet 2 inches and has exceeded 64 feet; Dallas Long, who has thrown the shot 64 feet 6½ inches, and Dave Davis, who has flipped the steel ball 63 feet 10½ inches.

Nieder, the former Kansas University track star who was second to O'Brien in the 1956 Olympic Games, left yesterday for San Francisco, where he is an Army lieutenent.

Sportsmen To Appeal To U.S. Senators

United States Senators Clair Engle and Thomas Kuchel and Congressman Clem Miller have been asked to join Bay Area sportsmen in their fight to prevent Hamilton Air Force Base from closing an important recreational area off the Marin shore to boating and fishing.

The federal legislators have been contacted by the Marin Rod and Gun Club and asked to protest an Air Force application to the Corps of Engineers to declare a danger zone on the famed striped bass fishing grounds known as the Hamilton Field Flats. The closure is sought by the military as an impact area for the base small arms firing range which has been in existence for 23 years.

The State Department of Fish and Game, Division of Small Craft Harbors, Marin County Board of Supervisors, various Northern California sportsmen's groups, boating organizations and dealers, chambers of commerce and other interested parties also have been contacted by the Marin club and are expected to protest.

PETITION CAMPAIGN

A petition and postcard protest campaign also has been organized by the Marin sportsmen and interested parties may obtain materials by contacting Secretary Paul B. Ware at 14 Taylor Street, San Rafael.

Anglers and boaters desiring to preserve the important fishing grounds may protest directly to the Corps of Engineers at 180 New Montgomery Street, San Francisco, referring to their Public Notice No. 60-61.

SHELBY WINS GRAND PRIX; DRIVER KILLED

RIVERSIDE (AP) — Carroll Shelby of Dallas won the $20,000 sports car Grand Prix yesterday in a race marred by the death of one driver.

Wealthy Argentine auto dealer Pedro Von Dory, 42, was killed when his Porsche RS 60 flipped over on the 59th lap of the 200-mile grind.

Shelby's winning time in a birdcage Maserati was 2 hours, 19 minutes, 12 seconds. He averaged 87.5 m.p.h. around the 3.7-mile course.

In second place more than a half lap behind was Ken Miles of North Hollywood, Calif., in a Porsche. Pete Lovely of Seattle, Wash., finished third in a Ferrari.

Seven Slightly Injured In Marin Auto Mishaps

Seven persons suffered minor injuries in four automobile accidents in Marin County Friday night and early Saturday.

Two Hamilton Air Force Base airmen and a San Rafael woman were injured in a two-car collision at 2 a.m. Saturday on Highway 101 opposite the Club Rio in Novato, the California Highway Patrol reported.

A car driven by A/1c1 H. E. C. Troutt III, 24, struck the rear of a car driven by S/Sgt. Donald Lee Lothin, 24, also of Hamilton, then plunged down a 10-foot embankment into a ditch, the patrol reported.

Trout said the other vehicle's lights were off. "I saw him pull out, but I couldn't do anything about it," he said.

Lothin was cited for driving without turning on his lights.

Troutt and A/3c1 Thomas Walton, 20, of Hamilton, a passenger in his car, later were reported in good condition at the base hospital.

Mrs. Anne Reed, 26, of 15 Mariposa road, San Rafael, a passenger in Lothin's car, was treated for whiplash injury at San Rafael General Hospital and released.

Eleven divider posts were knocked down on Highway 101 just north of Terra Linda Friday night when one car swerved and forced anothe vehicle into the divider strip, the Highway patrol reported.

The driver of the latter car, Felix C. Fisher, 20, of San Francisco, was reported in good condition in San Rafael General Hospital after the crash with bruises on the chest, shoulder and knee.

Fisher told the patrol he was going north when another car suddenly swerved into his lane and forced him to swerve into the divider strip.

The other driver, Barton J. Hildebeidel, 22, of San Francisco, said he was overtaking a vehicle in another lane when it suddenly started to move over into his lane. He was forced over and collided with Fisher's car, he said.

Five persons were involved in a two-car head-on collision in downtown Sausalito Friday night. The accident occurred at Bridgeway and El Portal street.

Drivers of the cars refused hospital treatment, but three passengers were treated at Marin General Hospital for minor injuries and released.

The hospital reported the following received treatment: Stephen Traeger of 29-B Edward street, Sausalito and Miss Jean Orr of 10 Bark avenue, Mill Valley, both cut on the head and face, and Raymond Korbel, 41, of San Francisco, whiplash injury.

Police said the drivers of the cars were John C. McAuliffe of 93 Locust avenue, Mill Valley, and John W. Lentz of Oakland.

A speeding car that failed to make a curve at 57 Scenic avenue in San Anselmo last night tore out 40 feet of Redwood fence and demolished a fire box before coming to a halt.

The uninjured driver, John Viberg, 23, of 126 Allen avenue in San Anselmo Friday night tore out 40 feet of Redwood fence and demolished a fire box before coming to a halt.

Announce Way To Help Drain All 8 Sinus Cavities Without Discomfort

New decongestant tablet for sinus congestion sufferers acts both to drain clogged sinus cavities and relieve distressing head pain

New York, N. Y. (Special) Announcement has been made of a new tablet development which has the remarkable ability to help drain clogged sinus cavities and thus relieve congestion and pressure. The headaches, pressure pains, stuffed-up head, nasal drip, clogged breathing—all the unrelenting symptoms the sinus sufferer knows so well—are attacked directly by improving drainage of the sinus areas.

Most remarkable of all is the fact that this is accomplished with extraordinary speed and without discomfort of any kind. This new tablet does its remarkable work internally, through the blood stream. It deposits into every drop of blood plasma a new medication which is carried to the sinus area, where it shrinks the swollen doors to the sinus cavities and helps drain away the pain-causing pressure and congestion.

The shrinking substance in this new tablet has been so successful topically in promoting drainage of the sinus cavities that it is now prescribed more widely by doctors than any material for this purpose. This new medication is now available at drug counters without the need for a prescription under the name, Dristan® Decongestant Tablets. Dristan Tablets cost only 98¢ for a bottle of 24 tablets. Buy and use Dristan Tablets with the absolute guarantee that they will drain away pain-causing pressure and congestion of the sinus cavities, relieve the pain and distress, or purchase price will be refunded.

Transit Plan Called Impractical At Stanford Confab

Mass rapid transit for the Bay Area was called impractical Saturday by a retired Stanford University civil engineering professor, speaking at a Marin meeting.

Clarkson H. Oglesby told a Stanford Conference audience at Rickey's Rancho Rafael in Ignacio that he did not think the system proposed by the Bay Area Rapid Transit District would be worth the "billion-dollar outlay" it entailed.

He offered an alternative to solve the transit problem: "We should make use of the freeways by limiting them to buses and emergency vehicles during peak hours . . .

"This may cut down on people's freedom, but these steps are necessary if California population continues to explode, and if the people continue to desire the use of automobiles."

Oglesby said planners must "stand back and take a long look at transportation problems." He said local planning commissions have failed to do this because they are burdened "with fence moving and other details."

He said highway experts can not foretell what effect freeway construction in the next 10 years will have on transportation and communities.

HE'S WORRIED

"Frankly, the situation worries me," Oglesby said.

In another lecture, Graham H. Stuart, political science professor emeritus, speaking on United States diplomacy, asserted that negotiation is now our main line of defense and that material weapons and armed forces only provide more negotiating power. He said in the nuclear age there is nothing left for protection but negotiation. Actual all-out fighting, said the professor, "would be fatal to both sides."

He also pointed out that in negotiations Russia has a great advantage by being an autocratic government. "A democracy is slow and abides by international law," he said, "but Russia uses the law to suit her advantage, or ignores the law."

MANY FROM STANFORD

Stuart reminded his audience that six career ambassadors for the United States are graduates of Stanford and in the last 30 years, 150 career officers in the State Department and on foreign service for the department have been Stanford alumni.

In another lecture at which no one smoked but the speaker, the question of cigarettes smoking causing cancer and heart disease was discussed.

Statistics Prof. Lincoln E. Moses told a late afternoon audience "there is clear evidence of an association between cigarette smoking and lung cancer." He said the American Cancer Society reported, after a four-year survey of 150,000 men, that 10 times more cigarette smokers died of lung cancer than did non-smokers.

WIDE MARGIN

He said this wide margin allows the conclusion of an association, but in other areas of cancer and heart conditions of smokers and non-smokers, there is not a wide enough ratio to determine the relationship.

He said that even in the case of lung cancer no one has "come up with the so-called mechanism that causes the cancer on the lung."

A San Rafael doctor, Russell R. Klein, who was chairman of the lecture, reported that lung cancer is fatal in 95 per cent of the cases in Marin County.

Moses was asked by a member of the audience about the effectiveness of filters and if "they really do make smoke pure." Moses answered, "As yet there it not much evidence that they do."

Grads Gather For Stanford Session Here

The eighth of 14 Stanford Conferences to take place in the United States this year was held in Ignacio Saturday.

The vent was sponsored by the Stanford Club of Marin County, the Stanford Alumni Assn. and the university. Its purpose was to stimulate and inform alumni through an afternoon of lectures by some of the university's professors, said publicity chairman Kenneth Paul Todd Jr. Approximately 150 attended.

Opening speaker for the event, held at Rickey's Rancho Rafael, was Stanford trustee W. P. Fuller III, vice president of the W. P. Fuller Paint Co.

Alumnus Fuller, who also is a graduate of Harvard Law School, told the 150 persons attending the opening luncheon that Stanford spent 37 million dollars for total university operations last year.

Fuller said Stanford must turn away four out of every five qualified applicants for admission.

He said the university now has a setup whereby "one third of the students will have an opportunity to study in a Stanford branch in Italy, Germany or France."

New officers for the Stanford Club of Marin were elected at the conference luncheon. Marin Municipal Court Judge Richard M. Sims is president, replacing Carl J. Brown Jr. New vice president David J. Dorward of 4 Greenwood way, Kentfield, replaced former vice president Judge Sims. Elected secretary was Mrs. Mollie Love of 27 Acacia avenue, Belvedere, and treasurer is George E. Britton of Kentfield. They replace Dorward who was secretary-treasurer.

Pony Express Riders Hit Trail Again

KENNEKUK, Kan. (UPI) — Pony Express riders were back in the saddle today, carrying mail in a cross-country run marking the centennial anniversary of the famed frontier mail route.

Lee Shiflett, 31, a packing house worker, was the first man to swing onto his horse yesterday as the memorial run began at St. Joseph, Mo., to the cheers of a crowd estimated at 3,000.

Like the riders of history, Shiflett pledged "not to use profane language, not to get drunk, not to gamble, not to treat animals cruelly and not to do anything else incompatible with the conduct of a gentleman."

A hundred years ago, each Pony Express rider and his horse traveled 10 miles at a stretch. This time one mile was the quota.

Missouri Gov. James T. Blair Jr. wished Shiflett luck and "fine weather for the entire trip."

What with the crowds and the ceremonies, the first day's run made only 47 miles, and the riders camped here overnight.

Today they took to the saddle again, heading for Salt Lake City. There riders from California will take over, making the run to Sacramento and San Francisco.

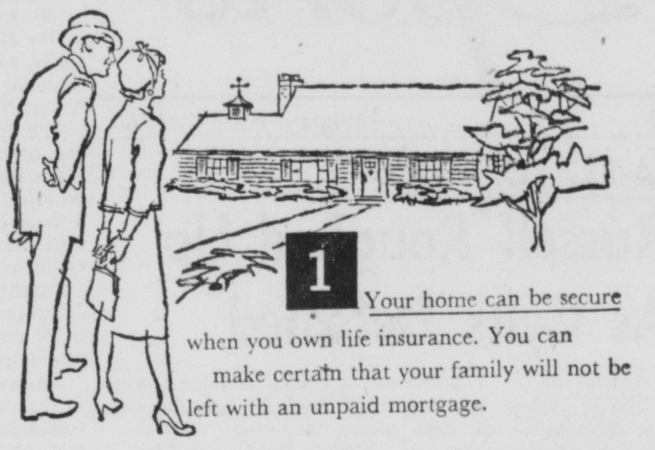
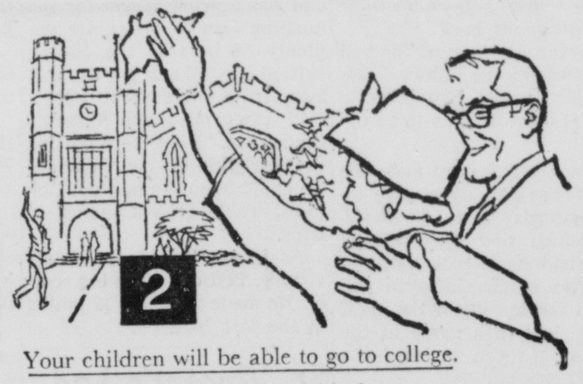
Where your savings can do so many extra jobs...

Millions of Americans find their dollars work harder for them in life insurance... enabling them to protect their families now, building added security for themselves in later years.



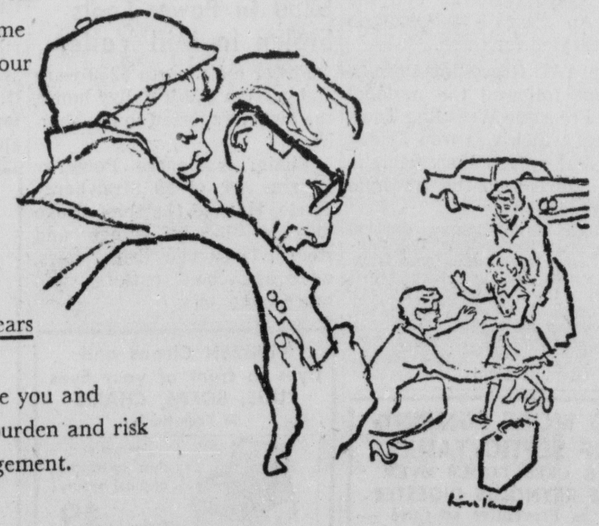
1 Your home can be secure when you own life insurance. You can make certain that your family will not be left with an unpaid mortgage.



2 Your children will be able to go to college. By using life insurance to help provide for college expenses, you can make sure that youngsters can have a good education.

3 Big decisions can be made with more confidence. With life insurance you know, in advance, the exact amount of money which will be available in an emergency.

4 When you're all set to take it easy, life insurance can guarantee you an income which neither you nor your wife can outlive.



5 Your later years can be happier because life insurance can relieve you and your wife of the burden and risk of money management.

Life insurance, in addition to providing for family security, plays an important role in our national growth. Savings, through life insurance, help provide the funds for new schools, new factories and the new jobs a growing America needs. The money saved and used in this way also helps in the continuing fight against inflation.

OVER THE SIDE — The 14th Rifle Company goes down rope nets to waiting LVTs for invasion of Tiburon. The Marines landed on Paradise drive near Trestle Glen. They bivouacked overnight, and awakened residents at 4:45 a.m. yesterday with the rattle of small arms fire as they joined in battle with an unseen enemy.

OVER THE WAVES — LVT (landing vessel, tank) carries men of 14th Rifle Company, Marine Corps Reserve "weekend warrior" outfit, toward Tiburon shore. Marines 'Capture' Tiburon In 'Operation Sharkbite'

Independent-Journal
SERVING ALL OF MARIN COUNTY
Monday, April 4, 1960 11

The Marines captured Tiburon Saturday.

The invasion — by Marine Corps Reserve units including the 14th Rifle Company of Kentfield — had all the earmarks of the real thing, except air support.

The Air Force called off plans to provide jet fighter cover for the landing force because the Federal Aviation Agency refused to grant clearance. It was afraid of too many complaints of low-level jet noise by Tiburon peninsula residents.

"Operation Sharkbite"—the name the Marines gave the exercise, obviously because Tiburon means shark — proceeded in the fashion which became a bloody routine in the South Pacific in World War II. Except, there was no bloodshed here. The enemy was imaginary.

First, the Marines captured Angel Island. Then they moved onto the mainland. Landing vessels, amtracks and a helicopter were called into play to put them on the beach near the abandoned Tiburon Naval Net Depot.

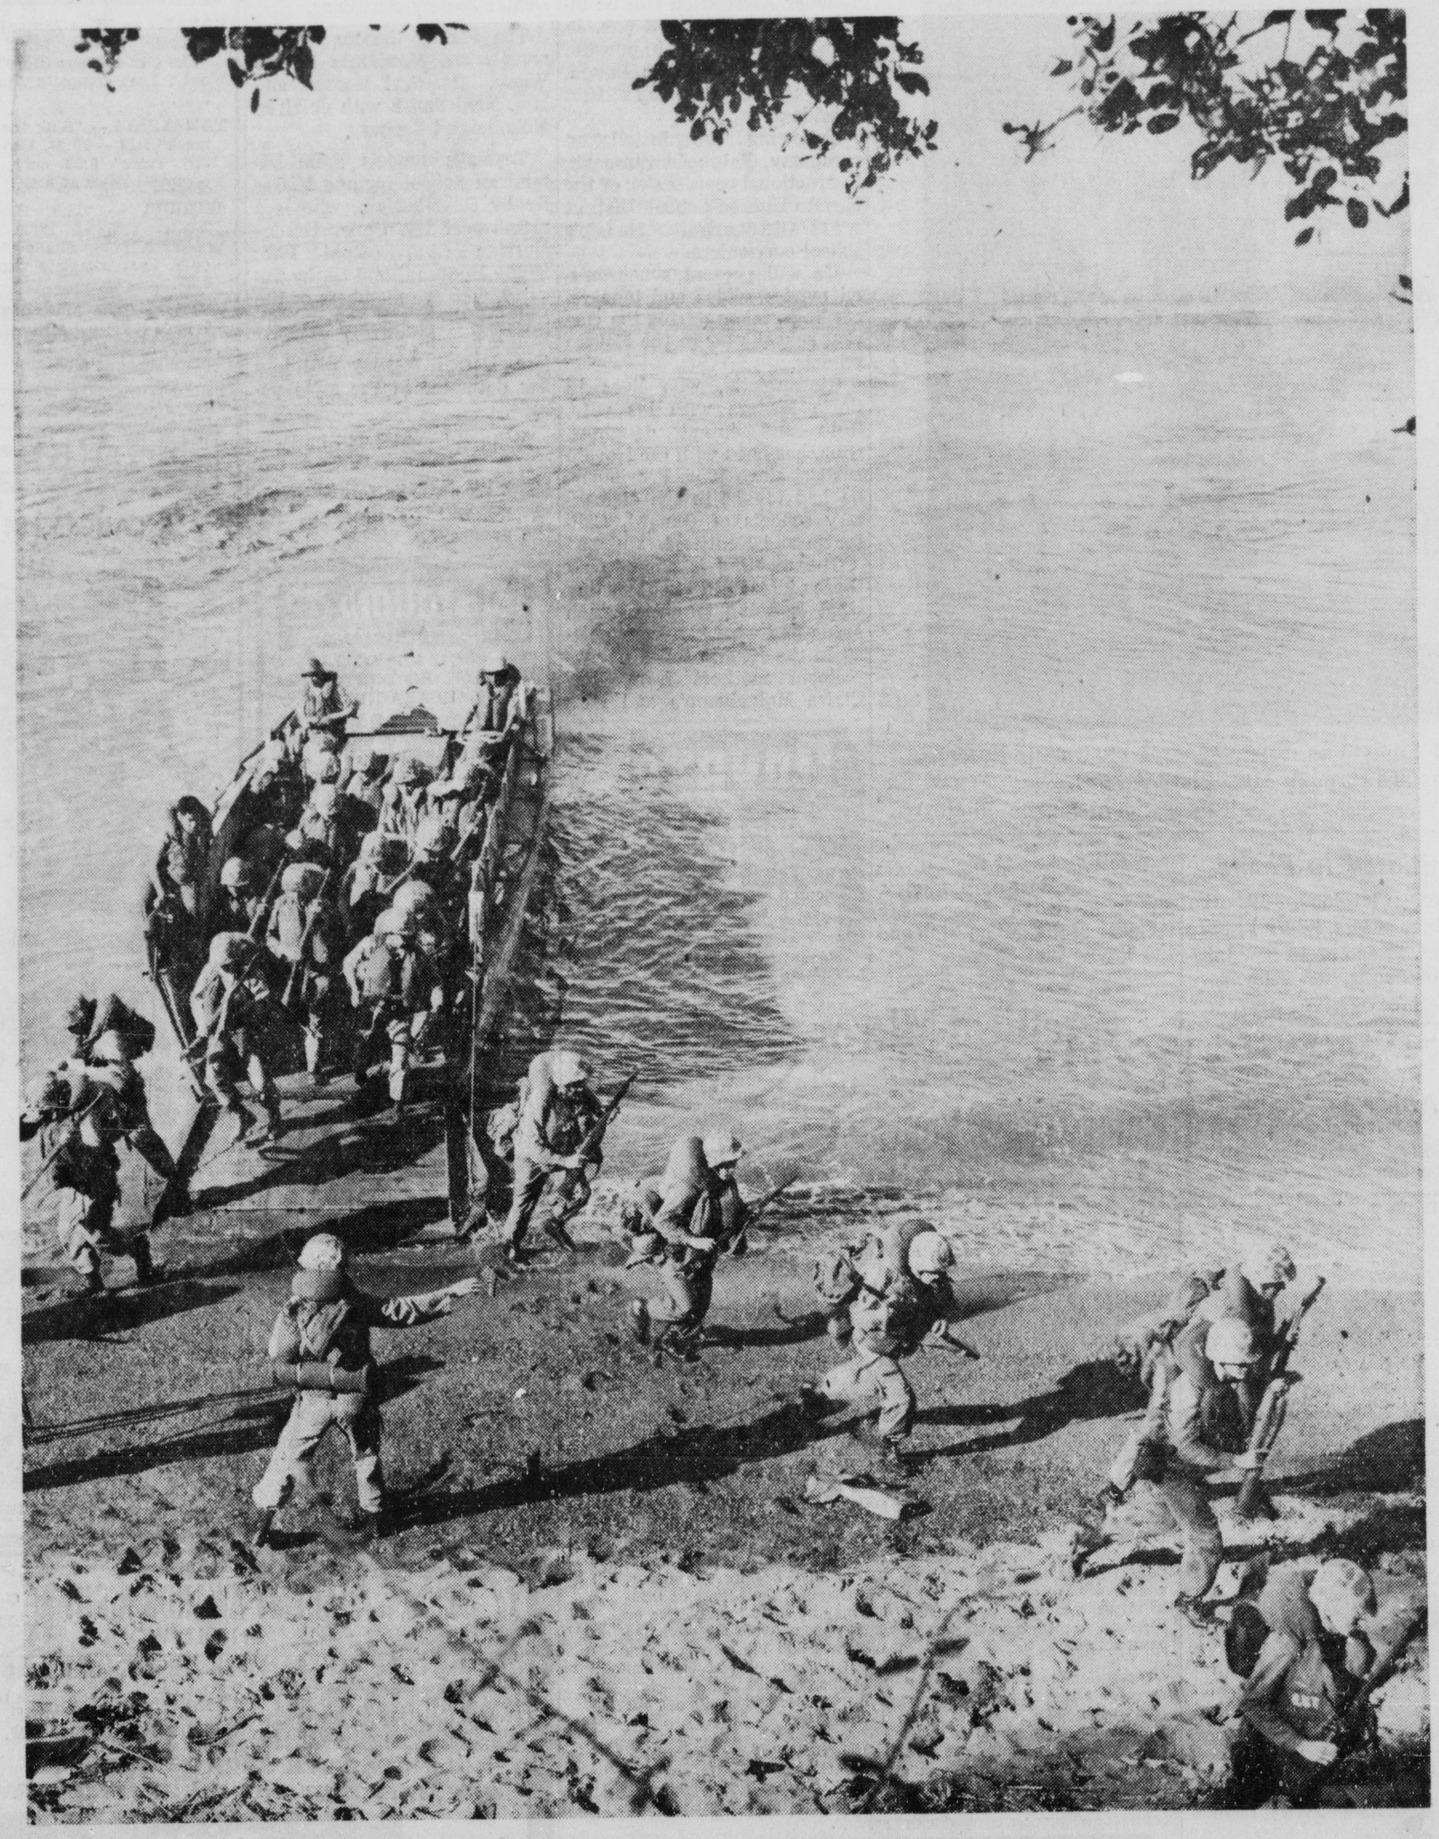
They looked sufficiently warlike as they scrambled across the narrow beach, up the steep hillsides, through brush and over fences. But as the hot Saturday (with the temperature topping 80 degrees) wore on, some aspects of the operation became a little too much like real war. And the battle-ready Marines developed a typical GI thirst for beer.

The appetite was taken care of, in a typical wartime profiteering operation, by Tiburon youngsters who raided family ice boxes and peddled cold beer to the troops at 50 cents a can.

The troops bivouacked overnight, then awakened Tiburoners (and others as far away as Corte Madera) with the rattle of small arms fire in a dawn battle that started at 4:45 a.m. yesterday.

They wiped out the non-existent resistance in that one, and moved on — some with wheels, some on foot—up the peninsula, to wind up their "Operation Sharkbite" on the home grounds of the 14th Rifle Company at Kentfield.

The operation—called a success by the officers in charge —was planned by a staff headed by Lt. Col. R. P. Smith of Volunteer Training Unit 12-44 at Kentfield, who is a lumber salesman when not a weekend warrior.



OVER THE BEACH — Men of the 14th Rifle Company spill from LVT on Tiburon shore "on the double," fanning out to establish beachhead and "capture" the peninsula. The landing spot was near the abandoned Naval Net Depot. Participating in the weekend operation were, besides the 14th Rifle Company, Voluntary Training Unit 12-44, a Marine Reserve officer unit based at Kentfield, plus the 1st Air Delivery Company of San Jose, 2nd Armored Amphibian Company of Treasure Island, 4th Supply Company of Stockton, 6th Communications Company of Alameda, 6th Truck Company of Sacramento, Marine Air Reserve Training Detachment of Oakland and Voluntary Training Units 12-1 (Treasure Island), 12-38 (San Francisco) and 12-45 (Sacramento)

OVER THE FENCE — Troops clear fence of Tiburon Naval Net Depot from beach below as they expand beachhead during invasion operation. The Marine Reserve exercise started Saturday morning and wound up yesterday, with Marin's 14th Rifle Company back at its home base in Kentfield. (All Independent-Journal photos by Jim Kean)

League Plans Show Fashions For All

In keeping with the Family Service League's appeal to the typical "Organization Woman" of Marin to participate in its activities, the model list for the forthcoming fashion luncheon at the Meadow Club April 6 will include representatives from several other civic-minded groups.

Since "Fashion is a Point of View" sets the theme for the show, fashions for all ages will be presented, and several models will be accompanied down the ramp by their children, and in one case, Mrs. Robert O'Mara will be shown with her daughter and granddaughter in a three-generation grouping. Mrs. O'Mara represents the Catholic Social Service Auxiliary; her daughter, Mrs. William Haley, represents the Junior Social Service Auxiliary and will model with her daughter, Jean.

The Family Service Agency, for which the Family Service League works, is a project of the Junior League of San Francisco, Inc.

A guest model from the Marin Unit of the Junior League and her children will be Mrs. William Nicolls with daughters Dori and Sally. Mr. and Mrs. Frank Barsocchini's children Lori and Frank, will also model.

Mrs. Joseph Guthrie will model as a board member of the Family Service Agency, and Mrs. Maurice Glazier is a guest model from the Marin Dental Society Auxiliary.

The Family Service League models are Mesdames Leland Wiese, Mrs. Carl Mosher, and Mrs. Neill Smith with children Melanie and Zachary.

Teen-age models from Dominican School include Misses Debby Chamberlain, who is a member of the Upper Grades Nursing Club (Alphi Phi); Sandy Hodgson, and Kathy Fogarty, who are members of the Nursing Club, and Junior Pink Ladies as well. Kathy's mother, Mrs. Daniel Fogarty will join her daughter in the style parade.

Youngest model will be Debora Lynne Smith, two-and-a-half-year-old daughter of Mr. and Mrs. Tom H. Smith of Larkspur. Denise Friend and Lorrie Reynolds will be the sub-teen models.

Millie Cameron, from Marin's newest modeling school, will furnish the commentary for the fashions from leading local shops, and will also coach the models in preparation for the show.

Hostess Mrs. Allan Littman will direct the young waitresses whom Kathy Fogarty obtained from the Dominican Upper Grades Nursing Club, and who include its president Connie Olds, Sue Matsinger, Barbara Rayburn, Stephanie Shone, Cathy Evans, Domingo Page, Bridgid McDermott, Nan Donahoe, Nicki Boss, Beth Hartman, Pat Grey, Jennifer Ranney, and Mary Ellen McKenzie.

Mrs. Robert Elliott is planning a very different menu for luncheon at twelve and reservations may be made through Mrs. Blyth Adams.

The event will benefit the Family Service Agency of Marin, a professional counseling service for all residents of Marin County, and a member of the United Bay Area Crusade.

Hamilton Wives Plan Trek To Garden Show

Hamilton Air Force Base Officers wives wishing to attend the California Spring Garden Show at Oakland May 3 may make reservations for group transportation with Mrs. Roland Elliott or Mrs. B. F. McConnell, both residents of the base.

WHAT DOCTORS SAY ABOUT:

Keep Trying-You May Save a Life

● Asthma Cures

Q. Is it possible to revive an accident or drowning victim after the heart has ceased beating?

A. Even though you can not feel the pulse in the victim of an accident, drowning, electrocution or poisoning, it may not mean that death has taken place. Doctors have resuscitated or "brought back to life" many patients in whom the heart beat couldn't be detected. Heart action and breathing rarely cease at the same time. It is only after both breathing and heart beat cease that there are only about three or four minutes left in which successful resuscitation is possible. Even after this point every effort should be made to revive the victim by applying measures to restore breathing and heart action.

Q. Are doctors any closer to a cure for asthma than they were ten years ago?

A. The basic principles of cure are known but real cures are sometimes hard to come by. Asthma is due to inflammation of the breathing tubes, which tend to contract and become covered with a thick blanket of mucus. Medicines now available only reduce the symptoms of asthma; they cure nothing. Cure of asthma depends on finding whatever is causing the irritation and removing it, correcting complications that may have developed, and cooperating with nature in her efforts to heal the irritated tissue of the breathing system. It is only when the cause of the inflammation is removed that healing will occur. For example, the source of trouble may be some type of tree or grass pollen. Avoid the offending substance and the asthma clears up. It isn't always so simple but the same principle applies — first find the cause and then work out a "cure."

Marion P-TA Elects Officers; Discusses Mental Health

Mrs. Robert Money was elected president of the Marion School Parent-Teachers' Association at a recent meeting.

Other officers elected for 1960 were: Mrs. George Whitten, first vice president; Earl Farris, second vice president; Mrs. Robert Boyer, secretary; Mrs. Tony Quintana, treasurer; Mrs. Glenn Dunbar, auditor; and Mrs. L. A. Heibel, historian.

In a discussion following the election, Dr. Marshall Klaus, pediatrician, speaking on "Temper Tantrums and Nightmares" outlined reasons why the pediatrician is interested in mental health. He stressed that the first five years are the most important in the developing of good mental habits.

Dr. Klaus said that the pediatrician is now taking the place formerly occupied by the grandmother in advising and helping the mother with the early training of the child.

Mrs. Carol Walker said she learned at a special nursery school in Cleveland, Ohio, where she was trained in special work with disturbed children that behavior can be used as a communication. Children do not stand still, they learn early and need guidance and help in developing certain attitudes, she continued.

Harold Gurrish explained the position of the psychiatric-social worker in the mental health program.

His job is to meet the incoming patients in the Child Guidance Clinic and to secure all the information necessary to help the child, Gurrish said.

Dr. Joseph Gudstadt, psychiatrist, set up the procedure for obtaining aid for a school child who has a difficult emotional problem. First the teacher contacts the school consultant, and if the problem cannot be resolved there, he will recommend further consultations with the Family Service Agency, County Welfare Department or the County Medical Department.

Dr. Gudstadt told of the functions of the Marin County Mental Health Advisory Board, of which he is a member.

Refreshments were served by Mesdames Norwood Arnold, Carl Arnold and James Stearns.

Novato P-TA Backs Drive

The Novato Parent-Teacher Association is coordinating the efforts of local schools, churches, youth groups and clubs in collecting American magazines to be sent to European nations in the year-around Magazines for Friendship Drive.

"We feel good illustrated magazines are mightier than dollars in the international battle for men's minds," said Mrs. George Jennings, co-chairman said. "They show how we live and think and depict the freedom and prosperity of democracy."

Mrs. Harry V. Reynolds and Mrs. Paul O'Rourke are also serving as drive co-chairmen.

Those wishing to take part in the program are urged to send magazines in good condition directly abroad to schools, libraries and mayors of cities. Pulp and comic magazines are not wanted, said Mrs. Jennings.

The Europa Encyclopedia lists the names and addresses of all leading professors, libarians, mayors and business and professional leaders in European countries.

Further information may be obtained from Mrs. Jennings, 1445 Pastel lane; Mrs. Reynolds, 716 Orange avenue; Mrs. O'Rourke, 766 Kendon lane, or by writing to Magazines for Friendship Inc., Occidental College, Los Angeles.

The president-elect read a testimonial to Mrs. John R. Adams, charter member of the P-TA, unit who was awarded an honorary life membership in the California Congress of Parents and Teachers at the meeting.

Mrs. Adams, mother of two children, has served on the executive board since 1950, holding positions as hospitality chairman, secretary, ways and means chairman, treasurer, education chairman, summer recreation chairman and school board representative.

She has worked for elementary bond issue elections, high school tax elections and on the library committee and has put on puppet shows with her husband for children and their parents. She is a member of the Tam Valley Players and has taken part in their productions.

Mrs. Nissen explained that for an honorary life membership $25 is sent in the name of the recipient to a student loan fund set up for students above high school level who would be unable to continue their higher education without help.

Guest speaker at the meeting was Dr. William Loran, who spoke on "advances in dental health." He stressed the need for proper diet for growth of good teeth. He also spoke in favor of fluoridation.

A cake, iced with an inscription honoring Mrs. Adams, and coffee were served from a table decorated with spring flowers.

ALMANAC

Today is Monday, April 4, the 95th day of the year, with 271 more days in 1960.

The moon is in its first quarter.

The morning stars are Mercury, Mars, Jupiter, and Saturn.

On this day in history:

In 1841, President William Harrison died in the White House, one month after his inauguration. On the same day, John Tyler became the first Vice-President to succeed to the Presidency through the death of a President.

In 1914, theater-goers saw the first showing of the moving picture serial, "The Perils of Pauline."

In 1932, after five years of research, professor C. G. King of the University of Pittsburgh isolated vitamin C.

A thought for today: English novelist John Galsworthy wrote: "If you do not think about the future, you cannot have one."

Thumbsucking Habit Is As Normal To Our Babies As Their Breathing

"I'm crying," writes a mother, "because my husband keeps slapping our babies.

"They are twin girls, 4 months old. They suck their thumbs. My husband has a sister in a mental hospital. She has sucked her thumb all her life. When our babies put their thumbs in their mouths my husband jerks them out. He yells at them angrily. If their thumbs go back again he slaps them, hard. They get a wild, desolate look in their eyes.

"Their little bodies become tense, and they cry and cry. Don't nearly all babies suck their thumbs?"

Yes. Many doctors feel that those who don't would be better off if they did. Thumbsucking is as normal as breathing.

Small babies need love and comfort. They need to sense their parents' complete acceptance and support. They never should be punished. Later your twins need guidance and discipline. Not now.

It'll be hard for your husband to accept what I say. Persuade him to talk about the babies with your doctor. Perhaps he can convince your husband. Have him talk with a psychiatrist about his sister's illness.

In an adult thumbsucking is a symptom of serious strain. It is not an illness in itself.

One way to cause emotional troubles for your twins is to be cruel to them now. What your husband is doing is cruel.

Have you seen the booklet, "And Then There Were Two?" It was prepared by the Twins' Mothers Club of Bergen County, N. J. Both you and your husband should read it. It costs only 35 cents.

Order it from the Child Study Assn. of America, 132 East 74 street, New York City 21, N.Y.

READERS' FORUM

(Q) "A neighbor told me that twins are more apt to be 'problem children' than those born singly. Is she right?"

B.L.

(A) They are more apt to have problems. The theory is that they lose a little ground emotionally while tiny because they must share their parents' love and attention. They can't monopolize things.

Meet Slated In Tiburon On Park Plan

A "Tiburon Open Forum" on the proposal for a national seashore recreation area on the Pt. Reyes peninsula, will be held at Reed School auditorium on Thursday at 8 p.m., sponsored by the Tiburon Peninsula Coordinating Council.

James Hammond, vice president of the Pt. Reyes National Park Foundation, will give a 15-minute presentation for the project. Bryan McCarthy, representing the West Marin Property Owners Assn., will have equal time to present his arguments against the project, council chairman Peter MacGowan said.

Julius Selinger, chairman of the county personnel commission, will moderate the forum. The color and sound Sierra Club film "An Island in Time," will be shown. The film shows the area which is under consideration for the park.

A question and answer period will follow the presentations and the movie, MacGowan said.

State Offers Big School Bond Issue

SACRAMENTO (AP)—A 25 million dollar batch of state school building funds will be offered for sale April 19.

State Treasurer Bert A. Betts said the timing of the sale—just six weeks after the last one—and the relatively small amount represent a new approach in California bond marketing.

With one exception, bonds have been sold in the past three years in lots of from 50 to 100 million dollars, and usually at intervals of three months.

Betts hopes the change in selling policy will help lower the interest cost.

DAILY CRYPTOQUOTE — Here's how to work it:

is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Hub Council Hopefuls Hunt Debate Hall

Two city council candidates backed by the San Anselmo Citizens for Good Government today were hunting a hall in which to stage a debate.

Robert E. Rouse, who with John M. Reichmuth is running with the newly formed citizen group's endorsement, said he had tried unsuccessfully to get the Isabel Cook School multiuse room or the city council chambers in the city hall.

Rouse said he and Reichmuth had addressed a letter to Mayor Arthur W. Smith and Henry J. (Beck) Regalia, opposition ticket candidates, asking for an open debate. He said neither had answered as yet.

City Clerk Anita Gannon informed him, on advice of the city attorney, the city council chambers could not be used, Rouse said. A conflict with another meeting next Wednesday night, when Rouse and Reichmuth hope to stage the debate, prevented use of Isabel Cook School, he said.

City Atty. John G. Buresh said Mrs. Gannon had asked him whether Rouse and Reichmuth could be permitted to use the city hall for a meeting, and his answer was no.

"The city hall is the city's business office and cannot be used for someone's partisan political purposes," said Buresh. He said there would be no bar to its use by some nonpartisan group sponsoring a "candidates' night" at which all four of the council aspirants were invited to appear.

Tryouts For Plays Set At Novato

Tryouts and casting for three one-act plays will be held at 8 p.m. tomorrow at a meeting of the drama section of the Novato Community Club at the clubhouse, 906 Machin avenue.

The three plays which will be performed in the arena theater workshop, are a drama, "Shadow of the Glen," by Lord Dunsany, and two comedies, "Another Way Out," by Lawrence Langer, and "The Case of the Crushed Petunias," by Tennessee Williams.

Participation is open only to members of the community players. Anyone interested in membership may contact Mrs. George Wahl, players' president, 3 Madeline court, Novato.

Donald Keifer, Richard Fuller and Russell Dreosch, directors, will cast their own plays.

Seniors Planning Contest To Raise Funds For Ball

An "ugly man" contest is under way at San Rafael High School to help raise funds for the senior ball June 17.

Each class nominates a senior boy to run for "ugly man" and a two-cent donation is necessary to cast one vote.

The winner will be announced April 19 at the school's annual turn-about barn dance, along with his choice for "ugly woman."

The dance is sponsored by the service club Ra Ravas and the girls invite the boys. The event is a follow-up to Fair Day when all the girls display their new spring cottons. All proceeds go to the American Field Service exchange student program.

Twin Cities Boys Club Being Formed

A Twin Cities boys club is being formed by interested citizens of Larkspur and Corte Madera.

"The club will offer boys an opportunity to participate in recreation of all kinds—not just baseball," said David B. McDougall of Larkspur, one of the organizers and a past president of the Twin Cities Little League.

Arthur F. Marshall of Larkspur was named temporary chairman of the fledgling organization at its first meeting last week. About 25 persons attended.

The second meeting, at which permanent officers and committees will be appointed, will be held next Thursday at 8 p.m. in the multi-use room of Henry C. Hall School in Larkspur.

Yale College was founded at New Haven, Conn., in 1701.

Belvedere To Air Tideland Building Law

The Belvedere City Council is expected to act tonight on the city planning commission's recommendation that the subdivision ordinance be amended to allow building on inundated land at its meeting at 8 o'clock in the Belvedere Community Hall.

The subdividers at the latest city council meeting agreed to extend the time for action on the application until Tuesday, so the council will have to act tonight, according to City Manager Britton Rey.

Belvedere Properties, Inc., had applied for approval of construction of homes on pilings on the western tidelands shore of Belvedere Island. The proposal was ruled illegal by City Atty. William H. MacKay, who said that under the subdivision ordinance, it was illegal to build on dangerous or inundated land.

Rey said he expected also to bring up the four-year-old proposal for abandonment of unused lanes and streets at tonight's meeting.

Bone From Bank Helps Youngster Walk Again

A 13-year-old San Rafael eighth grader is home and happy today despite a "walking cast" on his left leg.

Warren Taylor, son of Mr. and Mrs. Jesse A. Taylor, 10 Gilbert street, San Rafael, is well and soon will be walking, thanks to the Marin County Board of Health Crippled Children's Services and the "bone bank" at Marin General Hospital.

Early this month Warren went to the hospital for a second operation to a painful area below his left knee. Last year he was operated on for a bone cyst, and when he and his family came to California from Tennessee, he noticed the pain again.

Another operation was ordered, but without some other bone tissue, his own bone would have had to fill in by itself—a tedious process. And Warren would have been without the use of his leg for a longer period.

Bone from the "bone bank" was healthy tissue obtained earlier from the rib of a woman patient who had a chest operation.

The bone was removed under sterile conditions and stored in a deep-freeze in a sterile dry jar. Cultures were taken of the bone prior to its use on Warren to make sure there was no contamination, and to make sure the bone was in condition good enough for replacement.

Warren's cystic area was removed in a block of bone by use of sharp orthopedic instruments. The resulting cavity was packed with the new bone which had been cut into small pieces. The surgery lasted about one and a half hours.

The boy was in the hospital a week. An eighth grader at Davidson School, he will be assisted at home by a teacher until he can return to his classes and his hobby — making model cars.

GETTING WELL—Warren Taylor is home now, but shortly after a leg operation in which another person's bone was used to help him get well, he smiled from a chair at Marin General Hospital. (George Wheeler photo)

Seventy Marin County teenagers interested in learning about care for handicapped children turned out for the second meeting of the Handicappers recently at Redwood High School to hear Dr. Donald Bramwell, associate superintendent of Sonoma State Hospital, speak on "Mental Retardation—Today's Challenge."

White's Hill Road Patched

Chuck holes on Sir Francis Drake at White's Hill were patched up last week as part of a periodic maintenance program along the route, a public works official reported today.

A. P. Stokes explained that the area has an eternal slide condition and must be filled periodically. However, since the route has been declared a state freeway route and will be taken over by the state, the county does not plan to make a major correction in the White's Hill slide area.

Periodic patching and maintenance will continue as in the past, Stokes said.

INCOME TAX FACTS

Conditions For Filing Estimate Of Levy

By PETER J. WIKEL, CPA

Do you have to file a declaration of estimated tax for 1960? You do if:

1. The gross income for the taxable year can reasonably be expected to consist of wages and of not more than $100 from sources other than such wages, and can reasonably be expected to:

Peter J. Wikel

A. Exceed $5,000 in the case of a single individual other than a head of a household or a surviving spouse or, in the case of a married individual not entitled to file a joint declaration with his spouse.

B. Exceed $10,000 in the case of a head of a household or a surviving spouse.

C. Exceed $5,000 in the case of a married individual entitled to file a joint declaration with his spouse, and the aggregate gross income of such individual and his spouse for the taxable year can reasonably be expect-

2. The gross income can reasonably be expected to exceed $10,000. onably be expected to include more than $100 from sources other than wages and can reasonably be expected to:

A. Exceed the sum of the amount obtained by multiplying $600 by the number of exemptions to which he is entitled plus $400.

Suppose you are married and have one child for whom you can claim an exemption. Then you would figure this:

3. Exemptions at $600 each totals $1,800; specific exclusion totals $400; for a grand total of $2,200.

So you would be required to file a declaration if your income could be expected to exceed $2,200 and would include over $100 from sources other than wages.

The declaration may be a joint one with your spouse or a separate filing. Any tax paid on a separate declaration may be used to pay the tax due on a joint final return. Likewise, any tax paid on a joint declaration may be used to pay the tax due on separate final returns.

Declarations of estimated tax are made on Form 1040ES. These forms are available at your local office of the Internal Revenue Service.

Your estimate and one quarter of the tax is due on April 15, 1960. Payments are due on June 15 and September 15, 1960, and Jan. 15, 1961. On any one of these due dates you can file an amended estimate and change the amount of tax you are paying.

5 Offenders Clam Up, Still Get Fined

Judge David R. Baty might appropriately have announced "fines of 25 clams each!" in justice court of the Northwest Judicial District at Point Reyes Station Thursday.

But he didn't. Decorum prevailed and fines of $25 apiece were imposed upon Sue Lee, Hoon Chun Lee, William Wong, David Wong and Samuel Yim, all of San Jose and alleged by Fish and Game Department investigators to have been found surrounded by illegal quantities of clams (the real kind, not financial) on the West Marin coast.

Clams of the cockle type are limited to 50 per day by law. Investigators said the Chinese group had collected well over this with no accounting for those already eaten.

POURING AT a recent tea held at her home to finalize plans for the 8th annual Marin County Antiques Show and Sale, April 21-24 in Sausalito is Mrs. Leigh Athearn, who is in charge of ticket sale. From left are Mesdames Harrison Leppo, president of the Rector's Guild, Church of Our Saviour, Mill Valley, sponsoring group; R. L. Perry, in charge of "Grandmother's Cupboard; Christophere Castle and William Perdue.

SEATED TOGETHER on an Empire heirloom sofa from Jacinto Ranch are, left, Mrs. Whitney B. Robbins, co-chairman, with Mrs. Philip T. Smith, general chairman of the forthcoming show which will be open daily from noon until 10 p. m. Both women have been working hard with their numerous committees to make this April antiques event the most successful ever.

SHOWN BESIDE an Empire game table at Mrs. Athearn's home is Mrs. James Behr, left, in charge of advertising. Mrs. S. C. DeGuerre, center uses an early continental telephone, and Mrs. James Rubey, right, is handling the radio and television programs. Mrs. DeGuerre is in charge of staffing.

ENJOYING THE TEA at Mrs. Athearn's home recently was Mrs. A. W. Harwood who wore an antique costume furnished by Mrs. R. E. Byard Jr. Mrs. Harwood is handling the outdoor advertising for the antique show. She is standing by the nine-foot tall grandfather clock described in the story.

Eighth Antiques Show And Sale Looks To Be The Largest Ever

Committee Chairmen for the 8th annual Marin County Antiques Show and Sale to be held April 21-24 in Sausalito have been busy at their last two meetings, planning the four day event which will be the largest they have staged, according to Mrs. Philip T. Smith, general chairman.

One of the recent meetings was held at the home of Mrs. Robert E. Byard Jr. of Mill Valley, an avid collector of bells, and a member of the Rector's Guild of the Church of Our Saviour, who has for four years in the past acted as chairman of the annual antiques show. Mrs. Byard's home has lately been decorated in beautiful Oriental style by Mrs. Helen Van Cleave Park and members exclaimed over its beauty when they met there recently. Mrs. Byard has collected many lovely pieces from the Orient both in her travels and through shopping at the annual antiques show.

Among the 50 members who recently enjoyed a planning luncheon at the home of Mrs. Leigh Athearn were co-chairmen of the 8th annual event. Mrs. Philip T. Smith and Mrs. Whitney B. Robbins.

Others who have been working hard to assure the success of the four day event are Mrs. Harrison Leppo, President of the Rector's Guild, sponsoring group, who is handling public relations, Mrs. S. C. deGuerre and Mrs. William Perdue, who are both busy with staffing and Mrs. Leslie Wellington, who is allotting the floor space to the 35 antique dealers who will show their wares.

Having luncheon at Mrs. Athearn's put the group in the mood for antiques since her home is furnished with lovely pieces mostly from her family. A dignified Empire sofa brought from Virginia originally belonged to her great great grandparents, Dr. and Mrs. Hugh Glenn, whose ranch in Glenn County was founded before the gold rush days and became the largest wheat ranch in the world.

Looking ahead to the April event is Mrs. C. Frank Whitehead, who is in charge of hostesses and registration; Mrs. James Rubey, who is arranging radio programs, and Mrs. Leigh Athearn, who is handling advance ticket sales.

Mrs. Helen Van Cleave Park enjoyed seeing the lovely mahogany drop-leaf Queen Anne table, circa 1712, which is in Mrs. Athearn's living room, since she will be one of the decorator consultants at the show.

It was brought to this country by sailing ship by Mrs. Athearn's great, great grandmother from the Galbraith estate in North Ireland. Interesting indeed is the fact that "young" Abe Lincoln was a family friend in Springfield and is said to have dined from this table many times.

While the committee members recently were enjoying the luncheon at Mrs. Athearn's, they also were busy comparing recipes which will be featured at the luncheon and snack bar at the antiques sale. The committee is headed by Mrs. Herbert Marsh, assisted by Mrs. Murray Hammond. Another new food idea is the "Grandmother's Cupboard," chairmanned by Mrs. Eleanor Perry, which will feature an array of unusual food delicacies to take home.

Others who are putting in lots of time toward promoting the most outstanding antiques show in the bay area are: Mesdames Otto Weissich, Ronald Brindley and J. J. Savage, dining room staffing; Ralph Martindale, dining room cashier; Aubrey W. Harwood Jr. and Leslie Wellington, outdoor advertising; James Behr, printing, E. M. Tobin and Ronald Brindley, mailing; L. V. Killion, phoning; and R. E. Byard Jr., advisory. Assisting Helen Van Cleave Park with the decorations will be Mrs. John Wyand. Mrs. Jay Chilton is acting as treasurer and Mrs. Ralph C. Noah is handling publicity for the third year.

Guild members who enjoyed the meeting at Mrs. Athearn's home were entranced to learn that the furniture in her master bedroom includes a hand hewn, hand carved rosewood boat bed that was brought from Philadelphia by her great-grandparents when they sailed around the horn over one hun-

dred years ago to become publishers of San Francisco's first newspaper, the Alta California. The bed's companion piece, a gracefully curved bureau with white marble top, is in the adjoining dressing room, quite well suited to the gold footed bath tub and the mellow old Persian rugs which adorn the floor.

Also whetting the guests' appetites for heirlooms when they held their latest planning meeting at Mrs. Athearn's were antiques from Jacinto, the Glenn County ranch of Dr. and Mrs. Glenn. A small walnut Queen Anne tea table, antique silver pieces and jewelry are included, along with a beautifully contrived gold bracelet with a photograph of Dr. Glenn concealed beneath a locket top. This was an engagement gift to his bride, Nancy Harrison Abernathy—a cousin of Jefferson Davis.

A nine-foot tall grandfather clock, once the property of Mrs. Athearn's grandfather, Thomas P. Woodward who resided in Pacific Heights, fills the hall with Canterbury chimes each quarter hour and the dial above the face still accurately marks the phases of the moon. Small fry delight in being held up to wind the clock with an old brass crank—a Sunday morning ritual. The cabinet of this old clock was made in England of magnificently matched flame mahogany but the works are French.

A Sheraton game table with gate leg and folding top, circa 1795, came around the horn over 100 years ago, according to Mrs. Athearn. Upon it lies an opium pipe of polished bamboo and silver brought from China by clipper ship in the '70s by Thomas Woodward, her grandfather, who had sailed with a University of California astronomical expedition to view the transit of Venus of 1876.

The 8th annual Marin County Antiques Show and Sale, proceeds of which will go to the Church of our Saviour in Mill Valley, will be held Thursday, April 21 through Sunday, April 24 at the IDESST Hall, 511 Caledonia Avenue, Sausalito, a location which offers more space than the former Mill Valley location. Show hours will be from noon to 10 p.m. daily and one ticket entitles the guest to come and go as he pleases during the four-day event.

FOCUS SHOW TO FEATURE EASTER STYLES

Peter Rabbit will come hopping along next Tuesday, April 12, at Rickey's popular Fashion Focus luncheon with a basket of Easter eggs, bright spring fashions, and a lot of happy "Easter Dreams" for mothers and children who enjoy the special vacation fashion luncheon.

Ross Valley Players Celebrate Their Birthday At Gay Party

The Ross Valley Players celebrated their 30th birthday last Saturday in a Reunion that attracted more old and new members than any of its gathering in recent times. The gay and festive party was held in the Barn at the Marin Art and Garden Center in Ross, the traditional center of operations for the Players.

Highlight of the evening came when Mario Gianetti was announced as Honorary Vice President in a surprise conclusion to the evening's gaiety. He is the first of the RVP members to told this post, granted in observance of his many years of faithful service to the group.

Mr. Gianetti was brought to the stage ostensibly as part of the final dramatic sketch, where he was met by Roland Irving, president, who made the formal announcement in a kind of "This is Your Life" climax. Then, Arthur Gustafson, a friend of Mr. Gianetti since childhood, presented him with an engraved silver tray and a scroll that had been signed by all those attending.

Special guests of the evening were Eugene Lloyd, who served as president of the group for the first two years of its existence and Mrs. Lloyd, and Capt. Alvah Conklin who was the first secretary and who, with Mr. Lloyd, was one of the founders. Capt. Conklin loaned some early programs and the first membership list which was displayed along with many other mementos on the walls of the Barn.

Other charter members who renewed old acquaintances were Mrs. Gertrude Adams and Mrs. Melville (Kitty) Oppenheimer.

Heading the receiving line were Roland Irving, the present year's president, and Mrs. Irving, together with past presidents and their wives, Messrs. and Mesdames William Millen, Jackson Bennett, Ralph Alden, Donald Morrell, Robert Lee, Henry Cabaud, Richard Tyler, Aaron Rucker, Newton Zobel, Ernest Kroll, Francis McGrath, John Dowling, Erwin Holton and Mr. Harold Riede.

Ralph Alden and Jackson Bennett were co-chairmen. Robert Lee was master of ceremonies and producer of the performance. Daniel Fitzroy performed his celebrated magic act, William Millen joined the Square Dancers, John Dowling acted as chief of protocol at the receiving line.

Following dinner, Robert Lee opened the evening's entertainment with a brief history of the Players and introduced the first of several sketches which traced the history of the players in dramatic terms.

Taking part were the group's Singers, Felix Desimone, Francis McGrath, Walter Gaetjen and the Mesdames Earle Young, Ray Wonnenberg, Lewis Carlson, John Lesoine, Harriet Loftus, E. R. McWilliams and Jack Neunenberg. Mrs. James Cockburn was the accompanist and Neuenberg, director.

In the early days of the Players, the square dancers were of leading importance and this era was recreated by a dancing group composed of Messrs. and Mesdames Scott Tilden, Gordon Hughes, William Fisher, and William Millen.

Special musical numbers were contributed, Bradford Collins as pianist, Mesdames John Lesoine and John Wolfe in a vocal duet, and Lewis W. Walden in a special rendition of an old English music hall favorite.

The Players dramatic productions were represented by selections from one act plays. Actors were Mrs. Sydney Dorn, Mrs. Richard Brown and Harry Mack.

Major dramatic productions from which short scenes were seen included "Strange Bedfellows" with Mrs. Leo Diner, Mrs. Helen De Bruyn, Mrs. Victor Kagan, and Robert Lee; "Mr. Roberts" with Sydney Dorn, Ralph Alden, Jerry Mathis and Fred Good; "No Time For Sergeants" with Roland Irving and William McCall; and "Anniversary Waltz" with Mario Gianetti, Robert Lee and Mr. and Mrs. Jackson Bennett.

The old-time hiss-the-villain type of melodrama was represented by a short scene from "He Done Her Wrong," enacted by Alfred Spalding, Mario Gianetti and the Mesdames Harold McCoy and Joseph Bartfeld.

During the evening, a musical group including Bradford Collins, Harvie Freed, Allen Zeize, Paris Giannini, George Leftwich and Eugene Wilson entertained.

The production crew for the evening included Mrs. William McCall who handled decorations with the help of Mrs. Percy McPartland; Mrs. Donald Wilson and Mrs. George Ashoff who created floral decorations for the tables, Miss Ellen Clarke and Mrs. Roland Irving.

Also, Mr. and Mrs. Carl Riznik, Ralph Alden, Jerry Mathis Richard Williamson, Virgil Breen, Alan Atkins and Sydney Dorn. Miss Kathy Atkins assisted her father in handling sound effects.

Among others present were Messrs. and Mesdames Jack Tappendorff, Chapin Day, Wishard Brown, Arthur Dettner, Hammond E. Wright, W. V. Coberly, William Hiatt, Harry Anderson, Jack Brill, Rufus Rhodes, J. C. Hemingway Jr., George Collins, Harry Sanner, Lawrence V. Bernardini, Jay Hale and Benton Tulley.

Toastmistresses Club Looks At Russia

Maybelle Culpepper was first prize winner and Freda Preston second place winner at last week's bi-monthly meeting of the Toastmistress Club of Marin No. 615 at the Woodlands Restaurant in Kentfield.

Mrs. Robert Bunney was topic mistress for the evening and President Mrs. Leland Brown gave the welcoming speech.

A lively informal discussion on differences in idealogies of the United States and Russia led by Reggie Waldon was one of the highlights of the evening.

In answer to Mrs. Waldon's question on what was the opinion of Mayor Christopher's recent trip to Russia Jean Hanson favored the trek by answering: "It demonstrated friendliness on a political level."

But Mary Ford cautioned, "We must get to understand each other so that we will know how to proceed. We must also stand our ground."

Mitzi Brown stressed the fact she did not believe Russia would ever allow Germany to be unified and Marian Allen suggested that children should learn the Russian language in school because by learning "communication, the better our relations will be."

Mrs. Waldon closed the discussion by saying, "the world is as it is and if we are to solve our problems, we must gain knowledge to survive . . . as we exert physical and spiritual power, our presence will be felt more strongly with the aim of peace in all its facets."

Ethel Schwab was time keeper for the evening

Triple C Plans Mystery Program

"Getting to Know You" is the theme of a mystery program to be presented at the Mill Valley Community Church Club's luncheon meeting tomorrow, according to program chairman Mrs. Lowell F. Jett.

Under the direction of Mrs. John Hurley, clues to the personalities of 12 mystery members will be given in luncheon decor for each table in the form of their hobbies and collections.

After Mrs. Hurley gives a thumbnail sketch of each personality revealing approximate age, number of children, ancestry and religious background, the audience will be asked to identify the people.

From information in questionnaires given to members last autumn, Mrs. Hurley selected the people to be honored at the meeting.

Among the hobbies to be displayed will be such things as an ancient Chinese embroidery and an incense burner, hand carved leather objects, crafts and materials from India and Pakistan, block prints, antique tin cooking utensils, paintings, hand made ceramics, a collection of old cookie cutters and hand woven fabrics.

Chairman of the day is Mrs. W. H. Symmes.

The "Thirteenth Apostle" by Eugene Vale will be reviewed by Mrs. James Betts at the reading section of Triple C on April 20 at 2 p.m. Tea will be served following the book review.

ALMANAC

Today is Tuesday, April 5, the 96th day of the year, with 270 more days in 1960.

The moon is approaching its full phase.

The morning stars are Mercury, Mars, Jupiter, and Saturn.

On this day in history:

In 1614, Pocahontas became the wife of John Rolfe, an English colonist.

In 1827, the founder of modern antiseptic surgery, Sir Joseph Lister, was born.

In 1916, Charles Chaplin became the highest-priced film star in the world by signing a $675,000 contract with the Mutual Film Corporation for one year's work.

In 1946, a fire at St. Anthony's Hospital at Effingham, Ill., killed 74 persons, including 10 new-born babies.

A thought for today: One-time British Prime Minister Benjamin Disraeli, the Earl of Beaconsfield, said: "Ignorance never settles a question."

8-YEAR-OLD TEACHES HOW TO CATCH FROGS

The Southern Marin Recreation Center, which has a varied line of activities for the small fry, came up with a new one last weekend: Frog catching. With 8-year-old George Berticevich as instructor, 15 youngsters turned out for a "frog catching lab." Above, Georgie—who catches frogs by hand—shows how it's done in tall grass. He didn't come up with a frog this time, though—just a stray tennis ball. Below, Georgie holds tiny live frog he's caught while pupil Kelly J. Wheeler Jr. holds much, much larger stuffed frog, which was caught for him by parents with cash. There's a reason for all the webfoot stuff: The recreation center plans a frog jumping contest at 1 p. m. Saturday. None of the frogs caught last Saturday was big enough to be a likely contender for a new frog leap record, though. (Independent-Journal photos)

State School Board To Air Textbook Publication Issue

SACRAMENTO (UPI) — The state Board of Education will meet here Thursday and Friday to discuss a board-Legislature stalemate over elementary textbooks.

The board voted March 10 to purchase five million privately printed books for the first time since 1931. All previous texts have been printed by the state.

But the Legislature voted to restrict the purchase by rejecting a $2,500,000 addition to the state budget to help the higher cost of privately printed texts.

Roy E. Simpson, state superintendent of public instruction, said he had asked Atty. Gen. Stanley Mosk for an opinion of whether the board's constitutional authority has been infringed by the Legislature's action.

Simpson also asked if the board's previous action adopting the books binds it to buy the texts.

In other action, the board will:

Study proposed unification of 14 school districts in Fresno and Madera Counties.

Discuss formation of two new junior college districts in San Diego County and unification geography, history and political science and take driver training and other non-academic courses out of social studies.

Discuss a 250-million-dollar five-year expansion plan for 15 state colleges to nearly double student capacity at the institutions.

Hear a report that the state budget for the fiscal year beginning July 1 includes $62,446,000 for state college operations and $39,434,000 for new buildings and additions.

Show Goes On

MIDDLEBURY, Vt. (AP)—Robert Forrest is only a high school actor, but he's proved himself a trouper in the best Broadway tradition.

A few hours before the Middlebury Union High School senior class play, "Our Town," was to go on, Robert's mother died at Porter Hospital.

But when the curtain went up on "Our Town," young Robert was there in his role as Simon Stimson.

Here Are Three Steps For Parents To Guide Their Teen-Agers' Dating

Do your teen-agers go steady? Millions do.

Let's take a frank look at the risk involved. Then see what we can do about it.

The chief risk in going steady is undue intimacy. Kids going steady spend their afternoons and evenings together. They develop many common interests. They feel a very strong attraction to each other. Usually they are in love. Too much familiarity often follows.

Many girls who wouldn't dream of necking with anyone else, will lower their barriers with their steady boy friends. A few girls even argue that it is right to go the limit. Their boy friends may feel the same way.

How can you protect your teen-agers? I suggest three steps:

First, prepare them. Let them know the risk before they go steady. Answer their questions frankly. Don't evade things. Let them understand they must set limits, and abide by them.

Next, be sure they go steady with only responsible, decent kids. Your girl shouldn't date young wolves. Your boy should avoid predatory girls. If possible, have your youngsters date kids with a good church background. They usually have higher standards than those raised without religion. They are more dependable.

Third, set up some rules — no parties which aren't chaperoned; no drinking; definite hours for returning home. Well raised teen-agers subconsciously welcome rules. They argue about them, but underneath they're glad they don't have to make decisions themselves.

READERS' FORUM

(Q) "Can you recommend a magazine for a teen-age girl? My daughter is 14. She is in love, and very giddy. She won't listen to me. Maybe she'll take some magazine advice seriously."

J.D.

(A) There are both good and bad magazines. One for the girls which I like is "Datebook." Order it from Young World Press, 71 Washington place, New York 11, N.Y.

Pigeon Pal

SAN DIEGO (AP) — Stanley Burgi, 13, stayed awake all night to hatch a pigeon.

He kept the egg, from which sounds of the baby's peckings were coming, warm in his hands.

Stanley said the mother pigeon flew away and didn't come back to her nest. After the hatching, he took over the job of feeding with an eyedroper.

San Rafael Schools Plan Busy Summer

More than 20 per cent of the students in the San Rafael elementary and high school districts are expected to attend no-credit summer school sessions this year.

Enrollment so far in the sessions, which begin June 27, totals about 1,150 students, reported Ralph Hansen, director of instruction and guidance at San Rafael High School.

Enrollment now is slightly ahead of last year at this time, he said, and is expected to grow. Deadline for enrolling students is April 29. Classes will operate from 8:25 to 12:35 p.m. at the high school for grades four through 11.

Beginning June 26 and ending July 22, students can take remedial courses including arithmetic, reading, composition and foreign languages. They can join what Hansen termed "enrichment" classes, including music, fine arts, industrial arts, business education, driver training, drama, cooking and sewing.

In addition to these four-week sessions, the district is offering six week seminars, June 27-Aug. 5, in Spanish, French, German, Latin, introduction in mathematics and public speaking.

Other seminars, which the district hopes to limit to about 20 students, will be offered in languages and literature, science, mathematics, social studies and the fine arts.

Students may obtain credit for the courses only in special cases, Hansen said. Classes are open to all students living within the school district, whether or not they attend city schools. Others may enroll if classes are not filled, Hansen said.

Terra Linda Recreation Program Set

A recreation program for youngsters from first grade through high school age will open Saturday at Santa Margarita School in Terra Linda.

Archery, tumbling, volleyball, a story hour at 1 p.m., and sports will fill each Saturday from 9 a.m. to 3 p.m.

The program is sponsored by the Terra Linda Community Services District and is expected to continue as a more extensive summer recreation program when schools are closed.

Mrs. Clarice T. Kraemer and Mrs. R. C. Aregger will conduct the story hour. Gerhard E. Lust, boys' physical education teacher at Vallecito School, is in charge of the entire program.

Drake Student Named For Study In Great Britain

Barbara Cassin, daughter of Mr. and Mrs. James Cassin of 325 Hidden Valley lane, Sleepy Hollow, will be the sixth Sir Francis Drake High School student to go abroad under the Experiment in International Living program this summer.

Miss Cassin, a senior, selected Great Britain, and will be notified in May who her family will be, and where she will stay.

Miss Cassin is active in Mariner Scouts and does volunteer work for the Gray Ladies at Sonoma State Hospital. She plans to major in nursing and has applied to San Francisco State College and the University of San Francisco.

Ike Urged To Call Session On Narcotics

It's Apple Blossom Time In Empire

SEBASTOPOL—White petals of apple trees in the Sebastopol area of the Redwood Empire are beginning to bloom, with indications they will be at their loveliest through the next two weekends.

As in past years, the Sebastopol Chamber of Commerce will have a 44-mile route posted to enable motorists to drive through the most beautiful blossom areas. From Sebastopol, the route goes north into the Russian River region, south to a point near Canfield, where there are jogs to the west and east of the triangular course.

Concerts Show Kids Music Can Be Fun

By MAYBELLE SPECKMANN

Saturday's Music for Minors concerts showed youngsters that making music themselves not only can be lots of fun now but could be just as much fun when they are "old folks" like mother and dad.

With the well-attended 10 and 11 o'clock performances "Music in Small Groups" in San Rafael High School's auditorium, director Barry Mineah closed the 1960 season of the successful series of children's concerts that have been sponsored for eight years by the Symphony Guild of Marin.

Jim Sullivan, as the eager music lover determined to learn some instrument, opened the program illustrating the sour notes and other painful mistakes of a not-too-talented student.

Personifying the beginner and the professional were little James Chesnut, who attempted to blow the French horn, and his father Thomas Chesnut who in one of the musical high points of the concerts played on the same instrument a portion of the second movement of Mozart's Horn Concerto, accompanied at the piano by Mineah.

What amateurs can do with the difficult French horn was capably demonstrated in a bolero and "Lorelei," a German folk song, by a trio of Chesnut's pupils, Jennie Lyons, Tommy Sather and Dirk Noyes.

The contrasting "Allelujah" by Mozart and "Abraham Brown Is Dead and Gone," sung by Mineah's well-trained boys' choir of the Mill Valley Church of Our Saviour, showed what fun it could be to sing in a group of this kind.

But the entertainment highlight of the morning for the children was Haydn's "Toy Symphony," played on toy instruments by sixth graders at the Marin Country Day School, directed by Mineah. The sound was no more weird than some "way out" music to be heard nowadays, and keeping of time and reading score were a highly serious business, even if it was only with waterwhistles and the like.

Young Philip Lowengart's playing of the piano as the real musical line of the piece was good.

Mineah's chamber singers in unaccompanied numbers such as "On the Plains" and the spiritual "Elijah Rock" showed the small fry one way grown-ups can enjoy music without being professionals. Leo Christiansen's recorder players, both adults and children, proved how easy it is to play lovely music like Mozart's "Country Dance" and "Pass Time With Good Company," composed by King Henry VIII of England.

The audiences of around 650 youngsters were better behaved and more attentive at these concerts than they were at any of the others. Credit goes perhaps to the interest of children in children, who made up most of the performers, together with the opportunity for releasing energy in laughter at the clowning of Sullivan, who tried to get into each act as a performer.

At the end of the last performance, with a long white beard, Sullivan was still trying to learn the clarinet as a final choice. He should have tried the recorder. It's the easiest of all instruments to learn, according to Christiansen.

LAW IN ACTION

What Lawyer Means When He Objects To Evidence

(This column, prepared by California attorneys so you may know more about our laws, appears regularly in the Independent-Journal.)

A trial ends disputes. To do so justly gets a court disputed facts through witnesses under rules of evidence.

You hear your lawyer object: The proposed evidence is "irelevant, immaterial and incompetent." Unless he does object then and there, he may lose your right to appeal in higher courts later on.

1. If he objects to "irrelevant" evidence, he means the facts offered are beside the point. If you sue Jones for a debt, you might arouse the jury by showing that he beats his wife. Although true, the beatings scarcely prove your claim that Jones owes you money. Irrelevant.

2. If your lawyer objects to "immaterial" evidence, he is saying, in effect, that it may have something to do with the case all right, but would not tilt the scales either way. It has little weight.

3. If he objects to "incompetent" evidence, he is saying either that the witness or the facts are ruled out, no matter how true, relevant, or material they may be.

For example, it is against public policy and "incompetent" for a wife to testify against her husband in most criminal trials.

Hearsay, too, is mostly "incompetent." Suppose in a theft case Jones told a jury that he heard Smith tell Green that he saw Brown steal a car. In a theft case courts would rule out such a story as "hearsay" and incompetent.

Like gossip, you cannot rely on hearsay nor test it by cross-examination. Green might have been talking out of spite or telling a tall tale for fun.

But Brown's slander suit against Smith might well be something else. Jones' evidence would be material, relevant, and competent: For it would tend to show that by his gossip Smith had been hurting Brown's good name.

As a rule only an expert can give competent "opinion" evidence. A doctor could give an opinion as to a cause of death.

If the judge errs in ruling on evidence, your lawyer can ask for a new trial. Failing this, he can go to a higher court.

There he must show that (1) the judge did err, and (2) his error unfairly harmed your case.

ANNETTE VISITS BAY AREA

Through the efforts of Jacqueline Andre, (left) of 1012 Mission avenue, San Rafael, a sophomore at Marin Catholic High School, recording artist Annette Funicello, 17, visited the Dick Stewart dance party last week on KPIX-TV, San Francisco. Stewart is also from San Rafael. Jacqueline and her friends got together a petition with 617 names asking Walt Disney to send Annette here. The young singer is a former Disney Mouseketeer.

Miller Asks Opinion On Varied Issues

WASHINGTON — Residents of California's Redwood Empire are being asked their opinions on issues before Congress by a questionnaire being mailed to them by Rep. Clement W. Miller (D-Corte Madera.).

Mailing of the questionnaire began this week.

It contains 22 questions on specific regional, national and international issues.

In addition to questions on specific subjects, Miller asks an "open" question: What do you believe are the three most important questions facing our country today?"

The questions vary from opinions on World Court abolition to preservation of Pt. Reyes peninsula as a national seashore park and recreation center.

Here are some of the questions:

Do you believe all American children should have approximately equal educational opportunities?

Many people believe we need more school classrooms and better teachers' salaries, but hold that local property taxes are about as high as they can go. Do you favor federal support for education to relieve our classroom shortage and assist with teachers' salaries?

Would you favor legislation which would assist home-builders, lumbermen and prospective home buyers now restricted by tight money?

Should the federal government help local governments plan and pay for these types of projects: Harbors, airports, flood control, water and air polution control, fish and wildlife betterment?

Do you feel the federal government should participate in the field of outdoor recreation?

Similar questionnaires are mailed to constituents by many members of Congress. Miller said he hopes by this poll to learn the views of "more of the people I represent."

The questionnaire is being sent to about 155,000 persons in Miller's seven-county First District, including Marin County.

Any persons in the First District desiring a questionnaire and who doesn't receive one within the next two weeks may get one by writing Miller at 135 House Office Building, Washington 25, D.C.

New Rule On Liquor Permit Shift Urged

SACRAMENTO (AP)—The Alcoholic Beverage Control Department proposed a new rule yesterday to tighten up provisions against tranfer of liquor licenses from county to county.

Other new regulations proposed for adoption and to be discussed at public hearings here April 25 and 26 would:

1. Allow former law enforcement officers told liquor licenses immediately after leaving law enforcement work. They now must wait at least a year.

2. Tighten up regulations requiring beer to be fair-traded and generally liberalize beer discount regulations but prohibit discounts for draft beer.

3. Prevent use of new labels which the public might confuse with existing labels.

4. Provide that close-out sales must be of goods held by the seller for at least six months.

5. Prohibit bars from leasing out food-selling activities to concessionaires.

Camping Assn. Board To Meet At Fairfax

Board members of the Northern California section of the American Camping Assn. will meet Thursday at Camp Lilienthal, Fairfax.

Plans will be made for the annual counselor training day, to be at Camp Lilienthal this year.

Phone Company Ousts PG&E As Champ Taxpayer

SACRAMENTO (AP) — Pacific Telephone and Telegraph Co. is California's new tax-paying champ, replacing Pacific Gas and Electric Co.

During 1959-60, PT&T will pay $72,807,759 in property taxes, up 13 million, on the basis of state Board of Equalization estimates. PG&E, long No. 1, will ante up $65,619,657, an increase of three million.

Despite its lower tax bill, PG&E still has the most valuable properties in the state —assessed at $1,049,519,330. PT&T is assessed at a little less than 950 million.

The telephone company pays higher taxes because most of its holdings are in the highly taxed urban areas.

BUT CAN THEY SHOOT DOWN RED MISSILES?

SALT LAKE CITY, Utah, —The Utah National Guard has issued bows and arrows to specially trained archery units.

"Unconventional warfare demands unconventional weapons," says Maj. Gen. Maxwell E. Rich, Utah adjutant general.

The archery units will be trained to drop behind enemy lines to organize guerrilla fighters.

Ends Army Training

Army Pvt. Roy D. Powers, 20, son of Lloyd A. Powers of San Rafael, completed eight weeks of advanced individual light weapons training recently at Ft. Ord.

Toastmasters Seat Staff

Joseph Cranmer of Tiburon was installed as president of the Marin Toastmasters Club 890 last night at the Woodlands Restaurant, Kent Woodlands.

Other officers to be installed by District Governor Gordon Dickey of Oakland are: Jack Van Houten of Tiburon, educational vice president; Alan Jopson of San Rafael, administrative vice president; J. A. English of Fairfax, treasurer; Del Preston of Mill Valley, secretary, and L. R. McCreary of San Rafael, sergeant-at-arms. Outgoing president William Poulopoulos of Greenbrae will participate in the installation.

The Empire State Express, a New York Central and Hudson River railroad train, ran a mile in 32 seconds in 1893.

Realty Man Sued For Commissions

William G. Rutherford, former Mill Valley real estate broker, is being sued in Marin Municipal Court for $905.40 which another real estate man says he owes in commissions.

Milton A. Crabtree of Mill Valley contends that he rendered services to Rutherford as a real estate salesman in 1958. Crabtree says that on March 12, 1958, he sold a house for Rutherford on a promise he would get $675 commission, and another house on April 2 that year for which Rutherford promised to pay $230.40 commission. The commissions have not been paid as yet, says Crabtree.

He is asking the court for payment of the commissions, plus interest and attorneys' fees.

Assembly Passes Measures To Curb '10 Per Centers'

SACRAMENTO (UPI) — The Assembly approved and sent to the Senate yesterday bills designed to curb the activities of so-called "10 per centers" in the field of second mortgages on homes or property.

Two bills by Assemblyman Richard T. Hanna (D-Fullerton) were adopted in the lower house on roll calls of 69-1 and 65-0.

Hanna admitted the legislation was only a stopgap effort to crack down on what he called a "vicious practice by wheelers and dealers in the mortgage field."

He said he hoped a full-scale legislative investigation would be made before the 1961 session when further proposals can be offered.

One bill seeks to protect the buyer for purchasing homes that already have mortgages equal to or more than the market value of the property.

It requires full disclosure by the seller of the condition of the title at the time of sale, makes it a misdemeanor to encumber a property for more than it is worth and also makes it illegal to divert money paid by the buyer.

This, Hanna said, would protect the home buyer from foreclosure after he has made his payments but found that the money was diverted and that the first trust deed holder had not been paid.

The second Hanna bill is aimed at protecting persons who buy second mortgages on assurances they will get a 10 per cent return on their investment.

It provides that when they invest their money, the broker must disclose the full value of the property, list all prior encumbrances and the balance which would be security on the latest loan.

Construction Up In Corte Madera

Permits for construction jobs valued at $137,284 were issued in Corte Madera last month by Building Inspector William G. McBride.

The total was up $27,878 from February, but down $589,111 from March, 1959. It includes seven new one-family homes valued at $126,320.

McBride said he collected $843 in permit fees last month.

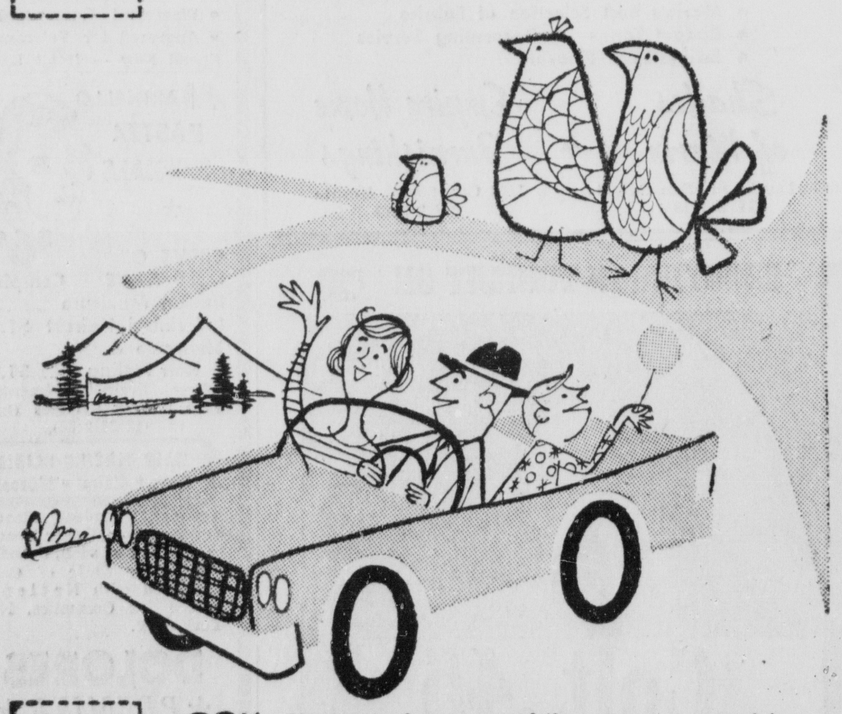
Q. What percentage of trips over 100 miles are made by auto?



A. 83% Without the automobile, many wonderful trips would probably not be possible. Plan to take your next long jaunt behind the wheel of a new or a good used car. See the auto ads in today's newspaper.

IT'S NATIONAL CAR DEALER WEEK—BUY NOW!

When a spoonful means the cup!

The Mobilgas Economy Run ends tomorrow and just that much fuel can separate winner from runner-up

Tomorrow's the big day. The new cars entered in the 1960 Mobilgas Economy Run will finish the 2,000-mile classic in Minneapolis. Then you —your neighbor—and every other car owner will find out what kind of gas mileage new cars can deliver with Mobil—The New Car Gasoline. It should be a close contest. Just a spoonful of gasoline may mean the difference between a champion's cup and a loser's lament.

But most important, it will give you an accurate miles-per-gallon mark to shoot at. Because these are cars just like yours—driven by people just like you, and put through all the driving conditions you'd encounter in a full year. It's demonstrable proof that Mobil, the New Car Gasoline, is designed to give you more power, more gasoline mileage in every spoonful. Try it. You'll find you're Miles Ahead with Mobil!

Center Offers Big Values For Easter

FURNITURE HIS SPECIALTY — Marvin A. McConnell, 49, manages furniture department of huge new Montgomery Ward and Co. outlet in Corte Madera Shopping Center. He and his wife, Margaret, reside at 14 Seawolf passage in Corte Madera's Mariners Cove development. They have two married daughters. McConnell is a graduate of the University of Oregon.

DEPARTMENT MANAGER — Dale B. Danley, 39, of Larkspur, is manager of men's and children's wear department of Montgomery Ward and Co.'s new Corte Madera Center store. He and his wife, Glenn Elizabeth, and daughter, Monica, reside at 107 Baltimore avenue.

Easter Value Days will be celebrated tomorrow through Saturday at Corte Madera Shopping Center on Highway 101.

The big four-day sales "spectacular" is another in a series of merchandising events being held at least once a month at the center in 1960.

John T. Gray, president of the Center Merchants Council, said Easter Value Days is expected to lure thousands of Marin shoppers who prefer the convenience of doing business at a "one-stop shopping community."

The bargain event, he added, will feature low prices tailored to accommodate the tightest of family budgets. The merchants are combining their efforts for "this all-out holiday splurge," Gray said.

Corte Madera Center has no parking problem, thanks to its two spacious parking areas which can accommodate more than 2,100 cars at the front and rear of the stores.

Rainy weather is no problem, either. Shelter from the elements is provided by the center's covered walkways, on which families may take leisurely strolls and keep an eye out for value items on display in large show windows.

An extra added attraction during Easter Value Days will be the appearance of a pair of roving Easter bunnies. They will hand out free balloons from 1 to 7 p.m. tomorrow and Friday, and from 10 a.m. to 5 p.m. on Saturday.

The big white rabbits (Gerri Scott of San Anselmo and Shireen O'Brien of Kentfield) will be happy to pose for photographs with the youngsters. The merchants have urged parents to bring their cameras.

For convenience of late shoppers, all stores at Corte Madera Center will be open until 9 o'clock tomorrow and Friday nights.

Here is a handy list of the 33 stores and services at the multi-million-dollar shopping center:

Mongomery Ward and Co. (retail store and auto service center), First National Bank, Herbert Sherbet Shoppe, Keifer Shoe Repair Center, Mam'selle Stylists salon, J. C. Penney Co., W. T. Grant Co., F. W. Woolworth Co.

Thrifty Drug Store, Littleman Market, Louis George Men's Apparel, Harmony Music Center, Gallen-Kamp's Shoe Store, Toy World, Martin and Harris Appliances, Kramar's Shoe Store, Anita Dress Shop.

Junior Junction Infants' to Teens Wear, Luana's Fashions, Jay Vee Women's and Misses' Apparel, Kirby Shoe Store, Lady Baltimore Bakery, Zim's Restaurant, Kerns and Walker Cleaners, Peerless Laundry and Dry Cleaning Co.

Marina Family Barber Shop, Household Finance Corp., Edgewater Inn, Bob's of Marin Restaurant, Dr. Shuse Kumata (optometrist), Jerry Jones' Chevron Service, Friend's Union Service and the Swiss Watchmaker (Eric Mathias).

Curfew Stands

STERLING, Colo. (AP) — Sterling has a law which can't be enforced—a curfew ordinance.

Back in 1896, it was unlawful here for children under 15 to be seen on the street after 7:30 p.m. from Aug. 1 to May 1. During the summer months, the time was extended until 8:30 p.m.

The law's still on the books, but nobody pays any attention to it.

One councilman sums it up this way:

"If the parents don't want to keep their youngsters home at night, the city would be foolish to try it."

Flunks His Test

WATERBURY, Conn. (AP) — The owner of a coffee shop arrived in the morning and found his German Shepherd watchdog locked in an automobile parked in the rear of the restaurant.

Police said intruders made friends with the dog during the night, and then made off with some cigars, small change, chewing gum and 15 pounds of coffee.

Suffer, Little Children

NEW YORK (UPI)—A recent United Nations study shows that of the estimated one billion children in the world, 750 million live in economically underdeveloped areas and roughly 600 million live in nations where per capita average income is less than $100.

Gift For America

MADISON, N. J. (AP)—Professor Gyimesy Kasas, a Hungarian freedom fighter who escaped from Budapest in the 1956 anti-Communist uprising, has begun a series of oil paintings on American historical subjects.

"I wanted to give something to my new country, not just take from it," he says.

See America Last

MIAMI (UPI)—Capt. Roy E. Keeler, senior pilot of Pan American World Airways with 30½ years, 27,000 flying hours and 6,000,000 air miles behind him, retired July 31 at the age of 60. His retirement plan? Travel. "Practically all my travel has been from U.S. gateways outward," he said. "Now I want to see the United States."

What's It Worth?

WASHINGTON (UPI)—A farmer can figure out how much he can afford to pay for electrical equipment by considering the amount and value of the time the machinery saves him, say economists at Purdue University.

For example, if labor is worth $1 per hour and a machine saves 10 minutes a day, the farmer can afford to pay $300 for the machine. Or he can pay $1,100 for a machine that saves 30 minutes per day and $2,250 for one that saves 60 minutes a day.

Real Service

ROANOKE, Va. (UPI)—Thieves broke into Rufus Hurt's service station, drove their car onto the grease rack, lubricated it, gassed it up and drove off after helping themselves to several oil filters, some anti-freeze and cigarettes

Can You Spot Him?

NEW HAVEN, Conn. (AP) — Merchants are getting a visual jolt from the police department these days.

Police are passing out pamphlets with a mean looking man, holding a gun, on the cover.

Inside is a test to see whether if the hold-up man had been real, the merchants could have supplied useful identification of him.

EASTER BUNNIES VISIT CENTER

"Now take these shrubs, for example. They'd make a FINE rabbit habitat," Corte Madera Center's roving Easter bunnies tell young Timothy Taylor of 314 West Baltimore avenue, Larkspur, and Mary Lou Ambinder of 129 Elisee drive, Greenbrae. The bunnies will hand out free balloons at the big shopping center tomorrow and Friday from 1 to 7 p.m., and Saturday from 10 a.m. to 5 p.m. They'll also be happy to meet the youngsters and be photographed with them. Parents are urged to bring cameras. Don't tell the kids, but the handsome rabbits really are Gerri Scott of 44 Crane drive, San Anselmo, and Shireen O'Brien of 14 Cedar street, Kentfield. Mister Is A 'Mother'

COLUMBUS, Ohio (AP) — Air Force T/Sgt. H. T. Stow, stationed at Lockbourne Air Force Base here, is an honorary mother.

When he was on recruiting duty at Davenport, Iowa, in 1955 Stow helped mothers and wives of Air Force men from nearby Clinton to set up a local chapter of the Air Force Mothers' Club. For his help, the ladies voted to make him an honorary mother in the club.

Up To Date, At Last

ST. LOUIS (AP) — The suburban village of Mackenzie, 20 miles from the nearest streetcar line, is revising its ordinances to eliminate regulating streetcars.

How did the ordinance happen to get on the books?

"Most of the ordinances were copied from other cities, and they contain a certain amout of extraneous matter," explains William Mattingly, the village clerk.

Cost of a movie spectacular today is about six million dollars. Cost of producing a similar film classic in the 1920s was $245,000.

Auto Service Manager Has Varied History

Manager of Montgomery Ward and Co.'s new auto service center in Corte Madera is Johan van Lienden, who came to Marin by way of Holland and the Netherlands East Indies.

Van Lienden, 42, is no stranger to Wards, having held a similar position at the firm's San Rafael store, which closed last month.

He and his wife, Betty, reside at 830 Wilmac avenue, Novato. They have four children, Michael, Eric, Robin and Mark. Born in Java, van Lienden was a non-commissioned officer in the Royal Netherlands Indies Army in World War II. He was captured by the Japanese and spent 43 months in a prisoner of war camp.

The van Liendens were married in The Hague, capital of Holland, in 1947. Johan, who holds a college degree, owned and operated the Dutch Shoe Ranch in Novato from 1946 to 1949. He was employed in a Novato variety store for two years before joining Montgomery Ward in 1951.

Van Lienden is an active member of the Novato Presbyterian Church and a past president of its Refugee Resettlement Committee. He is also active in the Civil Defense Organization and serves as Cubmaster of Novato Cub Scout Pack 58.

His father, Egbert H. G. van Lienden, is chief accountant for American President Lines in San Francisco.

Contented Hen

FARMER CITY, Ill. (AP) — A little black bantam hen stood her ground against a railroad and won.

She decided to make her nest between the siding tracks of the Peoria and Eastern Railroad.

In a two-day period during her setting time, at least a dozen train cars were "switched" over the track above her. But she stayed.

Now John McKinley has his bantam back, plus eight chicks, all that hatched.

Safety Pin Badge

SALT LAKE CITY (AP) — A king-sized safety pin is worn as the unofficial badge whenever descendants of Mormon pioneer Charles C. Rich hold their family reunions.

Rich was born in Campbell County, Ky., in 1809 and Benjamin L. Rich, a grandson, says there are now almost 2,500 living descendants.

The safety pin? It's diaper-size and a logical badge, says Rich: "It has been worn at one time or another by every member of the family."

Shower For Inmate

HUNTSVILLE, Ala. (AP) —The young mother, expecting her third child, got a baby shower just like anybody else — only hers was held in the Madison County jail.

The woman was awaiting transfer to the women's prison following her conviction on a charge of forgery. "We felt sorry for the girl even though she committed a crime," said a jailer.

Bandit Robs San Rafael Purity Store

Takes $2,645 In Checks But Drops Only Cash Loot

A lone robber, brandishing a loaded revolver, walked off with $2,645 in checks from the Purity Store in the Montecito Shopping Center of San Rafael Saturday night—but missed more than $2,000 in cash lying beside an adding machine and dropped a roll of dollar bills as he left, San Rafael police reported.

The gunman, wearing a brown felt hat pulled down nearly to his eyes and a brown sport jacket, and with adhesive tape around his mouth to disguise his face, walked into the office at the rear of the store and told assistant manager Wallace E. MacDonald: "Okay. Put it in."

COUNTING RECEIPTS

MacDonald was counting the day's receipts at about 8:30 p.m.

The bandit had the gun in his right hand, and a plain cardboard box in his left, MacDonald said.

When MacDonald hesitated, the man cocked the revolver. MacDonald told police it was a short barreled revolver, and he could see the cartridges in the chamber on both sides of the barrel.

MacDonald told him he had only checks, and placed them all in the box, along with 25 one-dollar bills wrapped with a rubber band, according to police.

DROPS BILLS

The gunman warned MacDonald not to move for five minutes or he would be killed. Then he left the store.

But he dropped the wad of dollar bills just inside the rear door.

Burton Lee Mack of 25 Allen avenue, San Anselmo, was working in the produce department about the time of the robbery, unaware that anything was wrong.

While he went in and out of the rear door, he saw a 1951 or 1952 light gray Buick parked in the alley facing the canal. A few minutes later, he noticed the car had been moved farther to the east.

AUTO VANISHES

About 10 minutes later, Mack heard of the robbery. When he went to the alley to check, the car was gone. Mack found the dollar bills, still wrapped with a rubber band, in the grocery department.

A few minutes later, police found the abandoned car in the 400 block of Mission avenue. A check on the registration showed it had been stolen from the E. Bugna Co. used car lot on Francisco boulevard.

At Mission and Grand avenues, officers found the cardboard box and a bag of doughnuts.

Anti-Car-Smog Bill Sent To Senate Floor

SACRAMENTO (AP) — Strong anti-smog legislation was sent to the Senate floor today for a final vote after a brief hearing by the upper house Finance Committee.

Unanimous aproval by the rural-dominated committee seemingly assures the bill's passage in the Senate.

The measure by Assemblyman Ronald B. Cameron (D-Whittier), backed by Gov. Edward G. Brown, would require installation of smog suppressing devices on all new cars in the state within a year after certification of a device by a new state board. It passed the Assembly last week.

All used cars would have to carry devices within three years, except those owned in areas where county supervisors vote to exclude them.

The measure would appropriate $500,000 to pay for services of private laboratories which would test devices for the state.

Temperatures Continue High In Marin

High weekend temperatures in Marin showed little sign of dropping, according to mercury readings earlier today.

San Anselmo, which reported a weekend high of 88 Saturday, reported 84 at noon today. Other weekend highs were Woodacre, 83; Terra Linda, 87; Novato, 83, and Bolinas, about 72.

Continued fair weather was predicted for California through Tuesday night by the Weather Bureau. The five-day forecast predicts occasional rain in the extreme north later in the week.

The reading in Woodacre about noon today was 75; Terra Linda, 76; Novato, 78; Bolinas 68.

The fine weather over the weekend brought out picnickers, campers and horsemen to parks in the county. Muir Woods National Monument reported 5,355 visitors Saturday and yesterday. Visitors to Samuel P. Taylor State Park totaled 2,133 persons yesterday and 438 Saturday for the best weekend of the season. At Stinson Beach State Park, 4,000 persons visited Saturday, 9,000 yesterday.

MARINES HIT BEACH

The Marine Corps invaded Marin Saturday, in "Operation Sharkbite," an amphibious warfare training exercise for Marine Reservists. Looking deadly intent as though real enemies lurked behind the rocks of the Tiburon peninsula, three of the first wave of Marin County's own 14th Rifle Company are seen making their way, weapons at ready, inland from their landing craft. The "invaders" first captured Angel Island, later moved on to Kentfield. This picture and others of the landing which appear on page 11 were taken for the Independent-Journal by Jim Kean.

South Africa Police Club, Whip Rebellious Mobs

Many Hurt; Negro Demonstrations Grow

CAPETOWN, South Africa (UPI)— South African police and troops beat scores of Negroes with clubs and bullwhips today and fired pointblank at a rebellious mob in an effort to halt growing anti-white demonstrations.

One African was known to have been killed and many others were hurt seriously in the mass beatings reported from one end of South Africa to the other. A number of white policemen were injured in a series of skirmishes with blacks.

Gen. J. Rademayer, national police commander, described the massive campaign as "intimidation of the intimidators."

Capetown bristled with police and troops. There were wholesale arrests by two and three-man patrols roaming the city in black Marias to pick up any Negroes seen "loitering" in public places.

POLICE CHARGE

Near Durban, club-swinging police charged a group of marching demonstrators at the Claremont native township. One African was killed and nine injured as police charged into the mob three times.

Several police were reported injured slightly in the clash. Police said the incident came when they tried to clear out pockets of Africans armed with clubs and knobkerries—a thick stick with knobbed heads.

OPEN FIRE

At the heavily guarded Negro settlement of Nyanga near Capetown, Police Maj. J. J. Rheeder said officers were forcto to open fire when an unruly crowd of natives surged forward and threatened to attack.

Police were acting under state of emergency regulations which gave them the authority to use force—to kill, if necessary—in removing or preventing danger to life, property or public order.

The Negro demonstrations have been against the government's rigid segregation, or apartheid, law. Recent riots flared over African blacks—documents the natives see as a symbol of slavery.

U. N. REBUKE

External Affairs Minister Eric Louw meanwhile took notice of a United Nations Security Council resolution mildly rebuking South Africa and calling on it to mend its ways.

He attacked the U. N. for what he called "incident and interference in South Africa's internal affairs" and said a campaign had been launched against the country by "Communist and non-white countries at the United Nations under the spurious and hypocritical banner of human rights and freedom."

Human Chain Rescues GI From Surf

Fellow soldiers formed a human chain yesterday to rescue a Ft. Barry GI from the surf off Pt. Bonita.

Pfc. Gary Brothers, 21, assigned to a Nike unit at Ft. Barry, ventured too far into the water off the Pt. Bonita beach. He could not swim.

His cries for help were promptly heard, however, by other soldiers and civilians taking advantage of the warm Sunday beside the water. Holding hands, they formed a line into the surf to where the last man could reach the floundering Brothers.

The rescue took half an hour, a 6th Army spokesman reported. But it was completed just before a Coast Guard helicopter from San Francisco Airport, responding to a telephoned alarm, arrived at the scene.

Doctors at Letterman Army Hospital reported Brothers required no treatment.

Judge Denies Motherwell New Trial

DOWNIEVILLE (UPI) — Judge Warren Steel today denied a new trial motion for Larry Lord Motherwell and sentenced him to life imprisonment for the murder of Mrs. Pearl Putney.

Judge Steel recommended that Motherwell remain in prison for "the rest of his natural life."

Defense attorney Robert A. Fugazi of Truckee had based his new trial motion on the grounds that in the small community of Downieville it was impossible for the defendant to have a fair trial.

Flames Gut Restaurant At Ignacio

Flames starting in a deep-fryer spread up through vents and gutted Burge's Drive-In restaurant on Highway 101 in Ignacio yesterday.

Novato firemen estimated damage to the interior, attic and roof at $15,000. Restaurant owner Edward Burge, 6017 Redwood highway, Novato, said his insurance company estimated total damage to building and equipment at $40,000. Burge said the damage was covered by insurance.

Twenty-five firemen and three trucks fought the blaze for about two hours.

Employees had just arrived to open the drive-in for the day when grease in the deep-fryer wells caught fire. With blower fans running, the flames spread quickly up the vents to the attic, gutting a large section and damaging the roof.

The interior of the restaurant, including range, lights and other equipment, also was damaged.

Burge said he expected to reopen the drive-in during the first week in May.

McCarthy Blocks More Power For Bay Smog Board

SACRAMENTO (AP)—The opposition of Senate minority leader John F. McCarthy (R-San Rafael) today blocked approval of a bill to give San Francisco Bay Area air pollution authorities power over public agencies.

The bill was approved by the Senate Local Government Committee last week and sent to the Senate floor. But on McCarthy's motion, it was moved back to the Senate Finance Committee, of which he is a member.

The Finance Committee refused to take action on the measure by Assemblyman Byron Rumford (D-Berkeley) today when McCarthy voiced his opposition. Other members said they felt there wasn't enough support to pass the bill back to the Senate floor.

McCarthy argued that Marin County, which he represents, is against the legislation. It also is opposed by some fire departments and the East Bay Municipal Utilities District.

3rd Store Planned By United Markets

Picture on page 4

United Markets will open a third Marin outlet in Mill Valley about Oct. 1, president Ben Saccone announced today.

Work will start immediately on a 20,000-square-foot market building near the Alto cloverleaf at Camino Alto and Ashford avenue, to be built by William H. McDevitt Co. of San Rafael.

Saccone and McDevitt announced jointly that the McDevitt company has entered into a 75-year lease on the property with owner Tony Brabo. United Markets has in turn taken a long-term lease with McDevitt.

The new market will be identical in size with the United Market in San Rafael, but of more modern design, said Saccone.

It will have a two-story glass and aluminum front facing Camino Alto. Large decorative mosaic tile panels will add color to the exterior. Construction will be of tilt-up concrete walls and interior beamed ceilings.

Parking will be provided for 150 automobiles, the same number as at United's San Anselmo market which was completed by the McDevitt company last August.

Saccone said the Alto Wye location was selected to serve the Tiburon Peninsula effectively as well as Mill Valley and other Southern Marin areas.

The property is adjacent to that of Herbert Shapiro at Camino Alto and Miller avenue where Littleman Markets recently announced plans for a new supermarket.

McDevitt said borings for the foundation will be started in a few days, with work on the project pushed for the Oct. 1 opening date.

The same builder is now constructing a 33,000-square foot distribution center and office building at Auborn and Jacobi streets in San Rafael for United Markets. It will become headquarters of the chain when completed. United now has headquarters in San Francisco.

Big Bear Market Sold In Fairfax

Purchase of the Big Bear Market in Fairfax by owners of Miller's Market in Larkspur was announced today.

Partners Michael Gary, Harry and Ralph Hartunian have taken over management of the Fairfax market and announced they will rename it the Food Villa.

Gary, who resides at 680 Calle Arboleda, Loma Verde, and Ralph Hartunian, a San Francisco resident, will operate the market at 1966 Sir Francis Drake boulevard under an interim agreement with James DalBon of San Rafael, until legal requirements of the transfer are completed.

Schepps' Meats, the meat department of the Big Bear Market, will not be effected by the transfer. It will continue to be operated by Herman (Bud) Scheppelman of 46 Porteous drive and his brother, Karl, of 21 Bothin road, both Fairfax.

The renamed Food Villa will have a grand opening sales event about May 1, announced the new owners.

The Hartunian brothers and Gary, their nephews, bought the grocery department of Miller's Market from Roy Miller in 1955. Miller and his sons, Robert and Miles, continue to operate the meat department there.

Harry Hartunian, who resides at 89 Spindrift passage in Corte Madera, will remain as manager at Miller's Market with his brother and nephew in charge at Fairfax.

Thief Pillages Marin Church By Candlelight

Mill Valley police are looking for a thorough burglar who stole $54 in cash by candlelight from the Episcopal Church of Our Saviour at 10 Old Mill street.

Rev. D. Murray Hammond, entering the church to prepare for services yesterday morning, found the door to his study forced open, his study ransacked and the safe pried open.

The church secretary, Mrs. Peter Van Dalen, checked the loss. She said the thief had emptied four envelopes of church money.

One was the baby-sitter's envelope which had $8 for April, used to pay the sitter while parents attend services. Another contained $10 for altar flowers. Another was for the Wednesday offering and another was simply numbered.

Also stolen from the safe, to Mrs. Van Dalen's dismay, was

New Appeal Made To Save Chessman

SAN FRANCISCO (UPI) — Attorneys for convict Charyl Chessman today filed a new writ of habeas corpus and appeal for stay of execution in the California District Court of Appeals here on the grounds that his recent 60-day reprieve subjected him to "cruel and unusual punishment."

Chessman's attorney, George T. Davis, also repeated his argument that Chessman was illegally given the death sentence because he was indicted and tried on charges of simple kidnaping and robbery and not on charges of kidnap-robbery with bodily harm.

FIRST CENSUS REPORTS

Marin Cities Won't Know Growth Till Next Month

Marin cities won't find out how much they've grown in the last 10 years until some time next month.

Cities of 10,000 or more population can get tentative census figures in May, James T. Hammons, district census supervisor in Santa Rosa, reported today.

Smaller municipalities will get preliminary figures if their chief administrators request them, he said.

The decennial federal census started last Friday. In Marin, 110 census enumerators are interviewing residents. They are expected to complete the main part of the count by April 14.

Strike Casts Pall On Oscar Awards

HOLLYWOOD (AP) — Tonight is Oscar night and the nation, via television, will get a look at the prettiest bunch of unemployed workers in history.

The month-old actors strike will put a pall over the 32nd annual Academy Awards but the public won't see it. The 90-minute show (NBC-TV 7:30 p.m., PST) promises to be as gay and glamorous as ever.

If more time is needed, an extra 30 minutes will be tagged on the end. Last year the two-hour show found itself with 20 minutes of embarrasing dead air.

Fourteen of the 20 acting nominees will be on hand, including the two favorites for best actress—Elizabeth Taylor and Simone Signoret.

Audrey Hepburn, also a potential winner, is kept in Europe by pregnancy and Katharine Hepburn, who seldom appears at industry functions, will be home in Connecticut. Doris Day, nominated for a comedy performance in "Pillow Talk," is not listed among favorites but will be present.

Of the top actor nominees, only veteran Paul Muni will be absent. Favorite is Charlton Heston who is expected to win on a "Ben-Hur" sweep but James Stewart and Jack Lemmon could take it.

Laurence Harvey, the Britisher, also is rated an outside chance for his "Room at the Top" performance.

In the supporting categories, Hugh Griffith, a favorite, is in England; George Scott is in a New York play and Thelma Ritter is at sea on a world cruise.

Shelly Winters and Ed Wynn, favorites for their performances in "The Diary of Anne Frank," will be on hand.

Bob Hope will be master of ceremonies.

River Breaks Illinois Levee; Farms Flooded

By U.P. INTERNATIONAL

The swollen Mississippi River rammed through sagging levees in Illinois today and sent 10 feet of water swirling over 80,000 acres of rich farmland.

Volunteers in Iowa and Missouri worked around the clock on 50 miles of other water-weakened levees to hold back what could be the greatest flood in memory.

The breakthrough came at Meyer, Ill., a tiny community northwest of Quincy.

The nation's mightiest river cascaded over the top of the dike and quickly inundated some of the best farm land in Illinois, submerged farm machinery and raced through empty houses and barns.

Thousands of valley residents already had left their homes and National Guardsmen fighting the flood escaped in the nick of time. Home owners took whatever possessions they could gather and fled to high ground.

A stream of trucks, loaded with grain, corn and livestock, joined in a mass 48-hour flight before the levee broke.

Old Man River stood at 24.3 feet at Quincy—far above flood stage and .4 of a foot higher than the 1947 flood when a torrent of water battered through the dikes in the greatest previous flood in central Illinois.

Observers said the flood at Meyer took the river's pressure off other weak spots on the Quincy dikes. But the Mississippi was reported coiling for a strike at sagging levees at Hannibal, Mo., where the water level was 23.4 feet and still rising.

The Louisiana town of Irion changed its name to Bunkie in honor of a mechanical toy monkey owned by a child who lived there.

RIVALS MEET WITH SMILES — The everready political handshake came into play as opposing Democratic presidential campaigners crossed paths in Milwaukee yesterday. Sen. Hubert H. Humphrey (left) and Sen. John F. Kennedy (right), greeted each other with a handshake and a grin. Humphrey adherent was caught between the two in narrow corridor of television studio where each appeared. (AP Wirephoto)

Crucial Primary Vote Tomorrow In Wisconsin

MILWAUKEE, Wis. (AP) — Campaigning comes to a climax in Wisconsin today and the state is a political sphinx on the eve of its crucial presidential primary election.

Upward of a million voters, and possibly more, go to the polls tomorrow.

They allocate delegate votes the nominating conventions of both major political parties But far more important is the potential psychological effect of the balloting on the outlook for the two Democratic rivals, Sen. John F. Kennedy of Massachusetts, and Sen. Hubert H. Humphrey of Minnesota.

An air of caution prevades Kennedy's camp. His supporters have sharply tempered the exuberant predictions they were making earlier in the campaign.

Vise versa, Humphrey looks and acts more confident than he did a few weeks ago. "I believe we will obtain a majority of the delegates," he said. "And I would consider that a substantial victory."

A recent poll in Wisconsin indicated that Humphrey has gained on Kennedy, although Kennedy is still the front runner.

Anti-Catholic literature was distributed yesterday on the street near the hotel where Kennedy, a Roman Catholic, is staying. Tracts of a similar nature were handed to persons entering a television station where he and Humphrey appeared in the afternoon.

Both lashed out against it on the TV programs.

In the clash and clatter of this dueling on the Democratic side, the outlook for Vice President Richard M. Nixon in tomorrow's primary has been largely overlooked.

Nixon is unopposed in the Republican primary.

Humphrey predicted yesterday that Nixon would run behind both himself and Kennedy in the total popular vote.

Merchants Rally

By ASSOCIATED PRESS

Merchants moved swiftly today to counteract a threatened boycott by integration-seeking Negroes in one Texas city while a proposal for the mass withdrawal of students at a Louisiana university appeared to be losing ground.

Merchants at Marshall, Tex., called a meeting for tomorrow night to discuss the possibility of an economic boycott.

At Baton Rouge, La., J. J. Hedgemon, dean of registration at all-Negro Southern University, said fewer than 200 students had left. Student leaders originally asked the entire student body of about 5,000 to withdraw because of the arrest of nine students in connection with sit-in demonstrations.

HE TOOK THE HIGH ROAD—Pfc. Dan Smiley, a Marine stationed at Concord Naval Ordnance Depot, is shown after he walked up a Golden Gate Bridge cable from the center of the span to the top of the north tower and down to the far end of the bridge. Smiley said three companions dared him to do it. Smiley was booked on a misdemeanor charge. (AP Wirephoto)

CLIMBS OVER TOP

Marine Crosses Gate Bridge—Hard Way

An 18-year-old Marine—dared by his buddies—yesterday climbed to the top of the north tower of the Golden Gate Bridge, nearly a thousand feet above the water.

He climbed down the other side a half hour later, into the waiting arms of California Highway Patrolmen who arrested him for "trespassing on a portion of a public bridge not open to the public."

The climber, Pfc. Dan E. Smiley, stationed at the Concord Naval Ordinance Depot, is believed to be the first unauthorized person to make the risky climb. There have been several similar incidents on the Bay Bridge.

Highway patrolmen said Smiley told them he was dared by his buddies, who didn't believe he would do it.

He started at the east side of the center span up the 36-inch cable to the north, past the north tower and down the cable to the north anchorage. From there he was taken to San Francisco City Prison.

His buddies had "made themselves scarce," patrolmen said. Smiley had not been drinking, they reported.

"I was scared to death," he told them, "But my buddies dared me."

The bridge towers, highest in the world, rise 746 feet above the deck and 968 feet above the water, equivalent to a 65-story building.

The Marine's feat attracted some attention, the highway patrol said, but apparently was not noticed by most motorists and pedestrians.

The skies were clear and sunny and there was a light breeze as Smiley made his climb. The bridge is ordinarily buffeted by thick fog and heavy winds.

OLDER WORKER IS GOOD BET, CONGRESS TOLD

WASHINGTON (UPI) — The American Medical Assn. told Congress today that older workers are a good bet for employers.

In testimony before a Senate subcommittee looking into problems of the aged, the AMA said a study showed that:

In overall job performance, older workers are, in a majority of cases, as good as their younger counterparts.

They are generally more patient, persistent and conscientious in doing a job.

In most instances, they are more dependable, more loyal to the company, more safety conscious than younger workers, and they are less frequently absent from work.

Soviet Rejects Nuclear Space Vehicles Ban

GENEVA (AP) — The Soviet Union today rejected any agreement to ban nuclear space vehicles unless the United States simultaneously abandons its overseas bases.

Soviet Deputy Foreign Minister Valerian Zorin described a space vehicles ban alone as a one-sided proposal aimed at controlling a sphere where the Soviets have a superiority.

A ban on satellites capable of mass destruction was proposed Friday by U.S. Ambassador Frederick M. Eaton as the first concrete step to a general agreement. Zorin told a news conference today "Eaton's proposal, of course, cannot be accepted."

Earlier, in a 55-minute session of the 10-nation disarmament conference, the Soviet delegate accused the Western powers of seeking to use disarmament negotiations only to deprive the Soviet Union of its existing military advantages. He claimed the United States was pursuing policies which "have nothing in common with general and complete disarmament.

Zorin's charges tightened the deadlock in the negotiations.

MEDICAL GROUP AGAINST U.S. HELP FOR AGED

SAN FRANCISCO (AP)—The American Society of Internal Medicine is against government-paid medical care for the nation's old folks.

Instead, the society's delegates said yesterday, social security laws should be changed so that people on retirement pensions are not limited in the amount of money they can earn.

The society, in a resolution, also suggested that individuals be allowed to increase their social security contributions while working in order to receive full pay at retirement.

Car Turns Over Pins Man Inside

A Sausalito man was pinned in his sports car yesterday afternoon when he lost control of the auto and it overturned at Toyon and Platt avenue in Sausalito, police reported.

Gil Munz of 28 Cazneau avenue was in good condition today at Marin General Hospital. He suffered a dislocated wrist, multiple lacerations and abrasions.

Police said the car hit the side of a hill, skidded and overturned.

U.S. Clarifies Tax Rules Covering Expense Accounts

WASHINGTON (AP) — The government has clarified regulations employees must follow if they don't want to be questioned about their expense accounts.

Since the rules announced yesterday represent a clarification of regulations already in effect, they will apply to 1959 tax returns being filed this year.

The Internal Revenue Service also listed final details of a program requiring corporations, partnerships and individual businessmen to file more information proving claimed deductions for entertainment and expense allowances.

The Service said the employee must list his expenses in writing, show that they are connected with his work, give enough information to show the expenses were necessary and include expenses charged to the employed through credit cars or otherwise.

Regarding entertainment expenses, the employee must show the who, where, how, why and how much in his deduction claim.

Planners Again Delay Bolinas Zoning Action

The Marin County Planning Commission again postponed decision today on a proposal for additional commercial zoning in Bolinas.

L. G. Pepper and Sons" application will be considered again on May 16, the commission decided.

The Peppers want to change residential - agricultural zoning to commercial so that they may build a two-story building to be used as a contractor's office with space for retail sales office space to rent.

Planning Commissioner Margaret Azevedo objected to the making of a decision until the county's master plan for Bolinas is completed.

B. D. Dobbs, principal planner, assured the commission that within six weeks he would have enough information on hand for the proposed master plan to be able to make a recommendation on zoning of the area.

Letters both favoring and condemning the proposal addition were read to the commission and a large contingent of Bolinas residents were on hand to argue in favor of the proposed zoning change.

Three Tossed From Truck

A man was treated for a cut head and a woman for a cut eyebrow at Marin General Hospital after they fell from a moving pickup truck on Francisco boulevard east of the San Rafael overpass early today.

John Hall, 39 of 10 Hazel avenue, Larkspur, and Helen Kennedy, 32, of San Francisco were passengers in the truck driven by Charles A. Fillingame, 42, of 11 Briarwood avenue, San Rafael, owner of one Anchorage boat shop.

Fillingame was driving west on Francisco at 2:50 a.m., approaching a curve, when the door on the driver's side flew open. He and his passengers were thrown to the ground. The driver was not injured.

A defective door latch was the cause of the accident, according to the California Highway Patrol.

He was scheduled to be returned to San Quentin today to face a disciplinary committee and possible prosecution on an escape charge.

CHURCH

a box of buffalo nickels which she had been saving for the church because "they are supposed to be valuable someday." She estimated there were about $2 worth.

The secretary said the thief who came by night had left a trail of candle drippings around the study.

She said the burglar must have entered the front door of the church, which is always left open for worshipers. He had broken open a tract box by the door, taking about $2 from it.

The burglar then broke into Hammond Hall, under the church, by breaking a glass door. From there, Mrs. Van Dalen said, he must have gone upstairs to force open the study.

Patrolman Edward C. Grigg said the door to the study was opened by brute force, the metal cabinet and the metal safe were pried open with some type of crow bar or large screwdriver.

All checks were left thrown on the floor, Grigg said.

A pair of red and white garden gloves were left on the rector's desk, the patrolman said.

Car Rolls Over; Woman Injured

A San Francisco woman suffered minor injuries yesterday when the car in which she was riding rolled over half mile north of Black Point Cutoff on Highway 101.

Gladys Zumoberhaus, 40, passenger in a car driven by her husband, Henry, a sausage maker, was treated by her own physician after their car was forced from its north bound lane at 1:30 p.m.

Zumoberhaus said he was forced out of his lane by a car suddenly swerving in front, and when he applied his brakes his car skidded and turned over on the divider.

SPRING THAW FLOODS PONDS, FREES FISH

WAUKEGAN, Ill. (AP)—The flooding of the Des Plaines River meant freedom and a new home for the trout in the Lake County Museum of History.

The trout had been living in the three ponds of the museum and provide its only source of income. Fishermen pay the museum a fee and fish the ponds.

But the river, swollen by the spring thaw, crept up the 800 feet to the ponds and provided escape for the trout. Museum workers were too late as they tried to stem the tide of escaping trout with window screens.

San Anselmo Man Dies Of Gun Wound

A retired San Anselmo promoter, Oliver W. Kay Sr., 79, was found dead of a bullet wound in the head yesterday in the back yard of his home.

Kay, who lived at 44 San Rafael avenue, shot himself with a Smith and Wesson .38 caliber revolver made in 1889, Coroner Frank J. Keaton reported. Kay fired three shells that did not go off before the final fatal bullet, Keaton said. He had been suffering from arthritis and apparently feared his legs would have to be amputated, the coroner reported.

Kay left two notes, giving funeral instructions and asking his son and daughter-in-law, Mr. and Mrs. Oliver W. Kay Jr. of the same address, for forgiveness.

Mrs. Kay Jr. said her father-in-law was sitting in the kitchen about 7:15 a.m. yesterday. He said he wanted some fresh air and went outside. She heard a shot and called her husband.

A native of California, Kay lived in San Francisco before moving to the home of his son about four years ago.

Besides his son, he is survived by a sister, Harriett K. Vail of San Anselmo; two grandchildren and seven great-grandchildren.

Private funeral services will be held in Berkeley.

2 Drivers Hurt In 101 Collision

The drivers of two cars suffered minor injuries yesterday in a collision south of the Hamilton Air Force Base main gate.

Edith Mary Valentini, 44, an inspector at the Cutter Laboratory and resident of Berkeley was bruised on the temple when her car was rammed by the 1956 hardtop driven by Jeremiah Healy, 23, a laborer, of San Francisco.

Healy suffered a bruised hip, according to the California Highway Patrol.

Healy was driving north on Highway 101 about 60 miles an hour when the vehicle in front of him started slowing up, he told the California Highway Patrol. When he applied his brakes, he lost control of his car and skidded into Mrs. Valentini's hardtop, parked within the intersection crossover south of the base's main gate.

Crash Injures Two Youths

Two Napa youths were injured Saturday night when their southbound car went out of control on a sharp curve of Larkspur's Magnolia avenue and smashed into a high curb.

Injured were the driver, Edward J. Bayard, who suffered a head injury and multiple facial and scalp cuts, and Ronald H. Mollo, who suffered a compound fracture of the left leg, severe bruises of the left hip, a split upper lip and a puncture of the right cheek.

The youths, both 19, were reported in "satisfactory" condition today at Marin General Hospital.

Mollo was ejected when the car, which police said was traveling at high speed, struck a curb and concrete drain pipe just south of Piedmont avenue. Bayard was thrown partly out of the vehicle, his head striking the pavement by the driver's door.

The accident happened at 11:50 p.m. Police Chief Howard Clark said Bayard will be cited for speeding. He described the vehicle as a total wreck.

Burglar Takes $30 In Small Coins

A thief broke into a Marinwood home, prowled through the closets, and stole about $30 in coins, ignoring other valuables, the owners reported to the sheriff today.

Robert Keith Allen and his wife returned home to 156 Blackstone drive from a trip to Los Angeles about midnight last night and found that a glass door to one of the bedroms had been pried open.

About $13 in small coins are missing from a pint jar in the bedroom, and about $20 in dimes from a whiskey bottle which contained about $40 in dimes. Investigators can't explain why the thief took only one-half the dimes from the whiskey bottle.

MARENGO, Iowa (UPI)—Conservation officials reported finding the dead bodies of two 300-pound buck deer, their horns locked in a dueling position, on the banks of the Iowa River.

The officials said the bucks apparently fell into the river during a battle to the death.

Spinal Defects Termed Overlooked Illness Cause

by Dr. Robert W. Pearce

Have you tried everything for your aches and pains and still found no cure? The reason you continue to suffer may be an overlooked cause of illness.

Recently, for example, German medical men reported spinal defects in 86 of 100 ulcer patients. These doctors also reported remarkable recoveries of health when the spinal defects were corrected.

Chiropractors, for many years, have been calling attention to spinal defects in persons with ulcers, heart trouble, arthritis and many other ailments.

What is the relationship between the spine and health? All cells, organs and muscles are controlled by the nervous system. The spine protects the nerves as they flow from the body to various parts of the body.

A spine that is out of line often pinches vital nerves as they branch out through spinal openings.

Chiropractors are specialists in correcting spinal defects and should be consulted at least once a year.

Legislature Pushes Toward Windup

SACRAMENTO (AP)—The Legislature pushed today toward a final say-so on pending business of its special session.

Smog, home loans, two big bond issues and a college "master plan" head the list of work holding up adjournment.

The lawmakers, here on and off since Feb. 1, are anxious to head for home and their election campaigns. They hope to finish up Wednesday.

Two bills aimed at so-called 10 per centers in the second mortgage field await the first floor vote in the Assembly. Prospects for passage are good.

Assembly legislation backed by Gov. Edmund G. Brown to require smog control devices on cars in California is nearing a crucial test in the Senate.

A week ago, the bill rated little chance in the rural-minded Senate. Swift approval by the Senate Transportation Committee, however, brightened hopes for its enactment.

If cleared by the Senate Finance Committee, the measure probably will scoot through the Senate itself. It would require every new car to have a smog suppressor. Each county would have local option on whether to exempt used cars.

Two Senate proposals for a master plan for higher education have crossed over to the Assembly. Their fate depends on how they fare before the Assembly Education Committee.

The measure would establish a board of trustees to run the state colleges, similar to the University of California Regents, and outline the functions, powers and duties of the colleges, U.C. and junior colleges.

Both houses have approved legislation placing veterans and school bonds on the June 7 primary ballot. They differ on the amounts.

Big Loan For Schools Gets Assembly Nod

SACRAMENTO (AP) — An emergency loan of 20 million dollars to keep state school building aid loans available this year was approved by the Assemblyman Jerome R. Waldie (D-Antioch), passed 65-0, calls for the loan from the state's general fund to the school building aid fund.

The money would be repaid from future bond sales for the school program, which provides loans for site acquisition and school construction to impoverished districts.

It also increases the monthly total of loans from 10 million dollars to 12 million.

A separate bill, dependent upon adoption by the voters of a pending bond issue measures, would permit the state Allocations Board to authorize 12 million dollars a month next year if needed.

IT'LL BE WORTH YOUR WHILE TO CAPTURE ONE OF THESE INVADERS

Members of Hamilton Air Force Base's 349th Troop Carrier Wing will travel to the big city next weekend, but not for a sightseeing tour.

It's all part of a game of war

Twelve of the "Golden Gate" Wing's reservists, divided into three four-man teams of "enemy invaders," will be taken to the outlying districts of San Francisco next Saturday morning and attempt to "infiltrate" the city.

They will not put up a fight if "captured," their headquarters announced. In fact, they will cooperate with the citizenry by wearing identifying clothing — flying boots and flying jackets with a red star emblazoned on their backs. To challenge one of the enemy, a San Franciscan has but to lay a hand on his shoulder and say the secret password: "Trojan Horse."

The operation is designed not only to test the alertness of the city dwellers. It is also as a promotion gimmick for radio station KSFO.

Prisoners are to be delivered to the station, where a prize of a $25 war bond awaits each holder of an "invader."

Fire Damage To Scout Camp Lodge Placed At $4,000

A fire that gutted most of Leaders Lodge at Camp Tamarancho above Fairfax Friday caused damage estimated at $4,000 today by Scout Executive Storrs Smith of the Marin Boy Scout Council.

Destroyed were the lodge's kitchen, rear porch, hall way and restroom, said Smith. The fire was extinguished by the Marin County Fire Department in 30 minutes, said Smith. "This should be commended," he added.

According to the fire department, the fire was caused by an oil leak in a water heater. It was reported by camp manager, David Estes.

Tamarancho, located on 800 acres, belongs to the Marin Boy Scout Council. It has seven other buildings, said Smith. The fire will not interfere with operations of the camp, he said.

High Court To Review Dixon-Yates Dispute

WASHINGTON (UPI)—The Supreme Court agreed today to review a $1,857,545 damage award to the Dixon-Yates combine whose contract to supply power to the Tennessee Valley Authority was canceled by President Eisenhower in 1955.

The high court will hear arguments some time next term on the validity of the contract, which was signed in 1954 by the Dixon-Yates interests and the Atomic Energy Commission. It was upheld 3 to 2 by the U.S. Court of Claims last July.

The Justice Department appealed the lower court decision on the ground that the contract was invalidated by activities of New York investment banker Adolphe H. Wenzell. Therefore the department argued the government was not liable for damages.

The contract provide for building a 107-million dollar plant in West Memphis, Tenn., to channel private power to the TVA system. The plan was a substitute for further expansion of TVA itself.

In mid-July, 1955, the President cancelled the contract when Memphis decided to build its own generating plant, thus relieving the demand for power in the area.

New British Budget Yields Only Minor Tax Relief

LONDON (AP) — The British government slapped a higher tax on cigarettes and made only minor tax concessions elsewhere in a new national budget presented to Parliament today.

Derick Heathcoat Amory, chancellor of the exchequer, abolished the government tax on movie tickets and sharply slashed duties on imported wines.

But he upped the price of a pack of cigarettes two cents to 57 cents, and left unchanged the basic income tax rate of 38.75 per cent.

Amory said he was forced to keep taxes high to meet rising government costs and hold the line against inflation. He added that he may have to act soon to curb the rising tide of consumer borrowing.

Watering Gasoline Leads To Hit-Run Suspect's Arrest

San Rafael police arrested a motorist Saturday night because he was filling his car's gasoline tank with water—and discovered they had a hit-run suspect.

At 4:48 p.m., Dr. M. Alden Van Pelt of 31 Locksley lane, San Rafael, telephoned San Anselmo police to say his car had been side-swiped as it was parked in front of 21 Lincoln avenue in the Hub City.

Driver of the car that hit the parked auto failed to stop, said Dr. Van Pelt. The doctor said he ran out, got the license number.

As the fleeing auto turned onto Greenfield avenue, a woman fell out, he reported. The car then made a U-turn and two men pulled the woman back in and drove away again.

San Anselmo police put the number of the hit-run car out over the county police radio network.

At 9:48 p.m., Lt. Jay Fletcher of San Rafael police saw a man trying to put water in the gasoline tank of a car at a Standard Station at Fourth street and Lincoln avenue.

Fletcher arrested the man, Arthur Lorin Leandro, 26, of Santa Rosa, for being drunk in and about an automobile. And on checking the license number of the car, he found it was the same as that given by Dr. Van Pelt for the hit-run car.

Leandro was booked in the county jail for drunkenness in and about an automobile and investigation of hit-run driving.

There was no sign of a woman or a second man, said Lieutenant Fletcher.

Driver Gets Fine, Probation For First Drunken Offense

Airman Paul Kenneth Tibbens Jr., 22, of 678 Fighter Maintenance Squadron, Hamilton Air Force Base, drew nine months probation and $150 fine for his first drunken driving offense.

Judge Leonard A. Thomas of Marin Municipal Court sentenced Tibbens Friday for driving while intoxicated on Black Point cutoff last March 8. His car hit a railroad guard rail. For the next six months, Tibbens must not drive at night except for military duties and emergencies. The judge ordered him to pay any damage claim made by the railroad.

Mrs. Madeline Jessie Cain, 42, beauty parlor operator who lives at 15 Garden avenue, San Rafael, also drew $150 fine and nine months probation for her first offense. She was caught after an accident on the Richmond-San Rafael Bridge last Jan. 30. For the next six months, she may drive only for work and in emergencies.

Of Pennsylvania State University's 60,000 living graduates, an estimated 40,000 are employed in Pennsylvania.

Date With Death Set By Courts Proves Nothing

(NOTE: With all the discussion of capital punishment, it is interesting to learn how prison inmates feel about the subject. The following is an editorial which appeared in the San Quentin News, inmate publication of the Marin County state prison.)

Everyone in this world has a date with death, though most people do not have their departure set by another human being. This is the position a man or woman find themselves in when they have committed a capital crime against society—they are doomed to death by their fellow man.

They are locked in a cell for a year or two and when all legal channels are closed to them, extermination takes place. They may die a thousand deaths during the waiting period — but the finale is swift, they have paid their debt to society and are soon forgotten.

At least they are forgotten by the public who have a new headline case to follow. A close relative may remember them for a time — but time heals old wounds and the living must go on living.

The judge, prosecuting attorney, or other public officials connected with the trial and sentencing may wish a thousand times they had never been a part of the case. But this is the law of the land and a man sworn to uphold this law must shoulder his responsibility.

The jury that convicts this prisoner and sends the man or woman to death are doing their job for the protection of society. They, too, must be bothered by pangs of conscience at times. They have carried out the law of the land but as God fearing people they sometimes think back and wonder if man has the right to set a death date for another human being. A thought they may carry to the grave.

Public opinion will someday do away with this punishment and the added burden of condemning a person to death will be no more. The few people who have had to face this decision as an official or jurist will breath a sigh of relief.

Life in prison without possibility of parole will not ease the mind of the criminal, however. Nothing shatters a youngster's mind faster than thoughts of old age. A man can shake this thought off on the outside, but the prisoner behind walls senses age creeping upon him —he sees what time has done to others. He rubs elbows with twenty-year men who were youthful when they walked through the big gate.

These fellows have walked the big yard chalking up hundreds of miles. Endless miles. Trying to keep their youth and talking of youthful accomplishments. Showing a newcomer the photo of a nice-looking young man, and proudly exclaiming, "That is my picture when I entered prison years ago—you stay well preserved in here."

The young man recoils in horror, but not wanting to hurt the new friend's feelings, answers, 'Yes, Dad, you don't look a day older than you did in the photo."

That night in his cell, the new-to-prison inmate feels the chill of stone and steel seeping into his system — and thoughts of the prison's boot-hill is terrifying. Life in prison can be living hell.

But the lifer has a choice and can do something with his time. The sentence is long and gives this man an opportunity to better himself in many ways. Constructive living has brought about wonderful changes in many long-term inmates. Their success has brought a pardon from prison in some cases. Where there is life, a man or woman has a chance to do something beneficial with it.

A date with death set by the courts proves nothing and upsets the American way of living.

Glorious April Here Again

Of all the months, amid a chorus of lovely Marin months, April is our favorite. Spring is at its height. Everywhere we turn flowers are blooming. Garden and field both sing of Nature's floral beauty.

April is the month when the hawthorns and roses fill our gardens with multi-petaled loveliness. Wild iris are blooming, along with whole fields full of poppies, lupine and butter-cups. The blue of mountain lilac blends with the green of grassy meadow and hill.

Quince, apple and pear, some kinds of which were blooming last month, will continue blossoming into the first half of April. Blue eyes of periwinkle will continue to brighten their thickets of lush green ground cover. And the early blooming fuchsias will open their many colored bells of loveliness.

April is a fragrant, flower-filled, joyful month for us. We hope you are enjoying it too.

From Diaper To College, It Costs $29,000 To Raise One Offspring

NEW YORK (AP)—Things a columnist might never know if he didn't read his mail:

TO RAISE A CHILD is a great reach of dollars as well as dearness. Someone has figured that to discipline a son or daughter from diaper to college degree now costs $29,204 and enough tears.

NATURE NOTE: A polar bear has the same number of teeth on each side. Put in your own finger to be sure.

Bubbles to Paris: We measure miles by habits. If you are an incessant smoker, the distance today between America and Europe is less than the puffs in one package of cigarettes.

A bow to nicety: In 1850 the census taker asked whether you were a pauper, had idiots in your house or convicts in your family. They won't ask these questions in 1960.

FOR STUDENTS of elections: Is it true that, beginning in 1840, every U.S. president elected in a year divisible by 20 died in office?

This is the income-measuring month when the price of patriotism is painful but must be paid from the testimony of the pocketbook. Everybody bleeds from both purse and purpose now. And I find graphic this borrowed description of the Eiffel Tower—the Empire State Building after taxes.

A signal for sure: The Catholic Digest points out that when a man says he "can take it or leave it"—he has already had it.

THERE IS A THEORY that as we get more crowded as people we prefer smaller pets and we are going into the era of "the apartment-size dog." My own observation is that persons in crowded quarters often try to express their freedom by having larger pets. I know of a lady who bought a Great Dane, and it once wagged a friendly tail to say "hello" and broke her rib. She had a doctor's bill to prove her story.

WHO ARE THEY calling? A check by the Hotel Edison here found that women in hotels make more phone calls than men.

You think today's highways are unsafe? In the Circus Maximus of ancient Rome dawn-to-dusk chariot races sometimes caused 50 deaths a day. And without the loss of a single pedestrian.

Tiburon Election Best Kept Secret

EDITOR,
Independent-Journal:

Yesterday (Mar. 31) I called the County Clerk's office to inquire when the voters of the Tiburon Fire Protection District might expect to receive their notifications of polling places for the April 5 (tomorrow) election.

I was astounded to discover that when the Fire Commission decided to dispense with sample ballots in order to save the district approximately $100, that the notice of polling place was also eliminated, though this item could have been ordered separately from the County Clerk's office.

These notices also serve as reminders to the district's voters of the fact and date of an election, (this one seems to be Tiburon's best kept secret) and unquestionably they are an aid in getting out the vote.

Therefore, this action eliminating the sample ballot and accompanying notices seems at variance with the oft publicly stated desires of the commissioners for residents' interest and participation in the continuing problems of district administration.

In the absence of sample ballots, newspaper publicity alone apparently is considered sufficient notice of election, candidates' names, and polling places. There are approximately 1800 registered voters in the district and there is competition for one commissioner's post — Harry Bragg, Dick DeBerry, and Don Ishmael are running. Two polling places have been provided. One is at 16 Venus Court, Belveron East, to serve Greenwood Beach, Belveron, Little Reed, Hacienda Terrace, and Paradise Drive north of Trestle Glen. The rest of the district votes at the Tiburon Fire House.

If this information had been made available in the conventional manner, as it was last year when three of four incumbent commissioners were elected after distribution of sample ballots, then a fair turnout might be anticipated with the result reflecting general opinion in the district.

Money was provided in the '59-'60 budget for an election based on previous experience, and the cost for election officials remains the same whether one vote is cast or one thousand.

It is certainly to be hoped that Tiburon voters will spread the word of this election and turn out in number tomorrow. But if they don't, they do not deserve to be chastised at a later date by the commissioners.

Rohney's Letter Missed The Point

EDITOR,
Independent-Journal:

Albert Rohney's letter in last night's (March 30) I-J, concerning Kellogg Smith's earlier letter, shows that Mr. Rohney has missed the point.

We have a saying that "actions speak louder than words." Senator Rutland is from Georgia, a state not known for encouraging all its citizens to vote.

Mr. Smith's point: Let Senator Rutland practice what he preaches.

Let's Keep All Offices Elective

EDITOR,
Independent-Journal:

Referring to your article on City Management in the Wednesday, March 30, Independent-Journal, datelined Chicago.

Thank heavens, there are ONLY 1600 cities and counties in the United States that support the city management form of municipal government.

I am happy there are thousands of other cities that are not so busy and lax they cannot take time to vote for their council-clerk type of government, even if the clerk might need four assistants to help him.

I live in a community of 5,300 people. Ever since our community has fallen in the web of city management, we have had nothing but dissension in our city government.

Our community has been considered the bedroom to San Francisco. The majority of our present council work in San Francisco and sleep in Marin. They do not have time to see what occurs from Monday through Friday. They, therefore, tell us we should have a city manager, to whom we can take our problems.

This is a farce. The city manager, an inexperienced apprentice draws $10,000 annually of the taxpayers' money for his income. In return, he does little or nothing for the people. We still have to go directly to the council and voice our grievances, such as the hiring and firing of efficient department heads.

It has reached a point where a man's ability, experience, and efficiency is not worth a d—— in this community, if the city manager does not like his personality.

If this is the case, give me back the strong city clerk I can vote into and out of office in the same capacity as I do my city councilman. I still find it more invigorating and stimulating to see and hear people run for an elective office.

Let us not be too tired or too busy to get out and vote for what we believe to be right. Maybe we will make a wrong choice, but next election the voter can rectify his error. . . .

Let us do away with city management in any town with a population less than 10,000 or keep his power so limited he cannot play God with the lives of dedicated men. . . .

Join the march to keep everything elective. From the time you are 21 until you die, keep voting. This is your country. It is what you, the people make it.

Why Does A Man Cut Hair For 53 Years? 'Because I Like It'

"No two heads are alike," said Tony Arrigo. He was scissoring a Mill Valley citizen's top in the old fashioned barber chair of his one-man "hair cutting parlor" at Throckmorton Avenue and Madrona.

Tony has been barbering since 1907, and since 1925 in Mill Valley. "I like it," said Tony.

He learned barbering from an uncle in Messina, Sicily. His uncle also pulled teeth and took blood with leeches, Tony said. That is the reason for the colors in the barber poles. Barbers used to be barber-surgeons and, in addition to barbering, they drew blood with leeches and pulled teeth. Red on the pole is for blood, white for bandages and blue, a recent addition, for sanitation.

IN BOSTON, where Tony barbered for 12 years, haircuts were 15 cents and shaves a dime. When he first came to Mill Valley haircuts were 65 cents. "I used to give a lot of shaves," he said, "but no more. No more beards either. It takes too much time — from 20 to 30 minutes."

Tony has barbered four generations of certain Mill Valley families, he said. One of the changes over the years has been the flat top. "The pompadour was much more sensible," Tony admitted.

Tony said he never talks of religion or politics in the barber shop. He agreed, though, to talk of sports and love.

ON LOVE, Tony said, "I think it's any different than it was years ago. The girls have different clothes and they have a car. It used to be that we took them to the park or beach or ice cream parlor. Now she's here five minutes. Next five minutes, San Rafael."

On the space age, Tony shrugged his shoulders and said, "We try because the Russians try. They try because we try. To me, I think it is a lot of hooey."

Speaking about food, Tony declared, "the stuff we eat today is all frozen. I don't think it's as good as we used to have. We used to have good fresh food."

TONY LIVES with his wife at 15 Elma Street, their three daughters are happily married.

Tony had cut three heads, one regular, one balding and one butch. The butch had come from a town 8 miles away because he used to live in Mill Valley and likes the way Tony cuts hair.

Another customer came in the door, greeted Tony with the warm admonishment, "You've got to fix this darned thing up, Tony. It's growing out again."

ELECTION FEVER seems to have hit Southern Marin, or at least that's what Kelly, the three-legged dog said the other day in Lytton Square where Park Supt. Joe Penders and his crew are putting in a new park. (It will be very nice with a statue of St. Francis, some plants and a long bench to watch all the friends go by.)

Kelly said, in Sausalito, they are having candidates nights, teas, coffee klatches.

He said that moderator Dr. Ronald B. MacKenzie said at the Sausalito Woman's Club meeting last week that he hoped all arms and weapons had been checked at the door because, if there were any untoward incidents, it was his night off.

Tiburon is having an election tomorrow for a vacancy in the Tiburon Fire Protection District. Contrary to the last election, when there was a jammed, tense Town Hall meeting over the recall election of Fred Mantegani, this campaign is relatively quiet.

It Would Be Folly Not To Join Soviet In Preventing Nuclear Arms Spread

WASHINGTON — There is now a good chance that a treaty and a voluntary agreement prohibiting nuclear tests will be ready for signature at the summit meeting in May.

The Soviet government has accepted, with one condition, the proposal made in February by the President. It agreed that the treaty should cover only test explosions which can be monitored. This means all the explosions which pollute the air.

The condition attached to this acceptance of the Eisenhower proposal is that for a period of years, perhaps four or five, there shall be a voluntary agreement not to make small underground test explosions which are not yet prohibited by treaty. During this moratorium there would be, as the President first proposed, joint scientific studies to improve the existing monitoring devices.

The President is ready to accept the principle of this moratorium. But for obvious constitutional reasons, he is not able to agree to the four or five year moratorium which the Russians want. He has no legal power to bind his successor. The most that he can do is to obtain promises to maintain a shorter moratorium from Nixon and the leading Democratic candidate.

What are the risks? There is no risk at all that the big explosions prohibited by treaty could be carried out in secret. The treaty itself provides for a network of monitoring stations. But evenmore important, so it seems to me, is the fact that we are now capable by our own instruments, of detecting the kind of explosion which the treaty would prohibit. We are able, so to speak, to monitor the monitors, to check and to double check.

What about the smaller underground explosions which would not be prohibited by the treaty but which would be subject to a short moritorium? Theoretically, since by definition they cannot be detected by existing instruments, the Soviets may during the past year have been conducting such underground tests. But no one thinks the Soviet Union has done this.

Why? While the scientists agree that the smaller explosions underground cannot surely be distinguished from earthquakes, it is also true that they cannot surely be concealed. The penalty for cheating would be enormous.

The advantages of the treaty and an agreement can be measured only by what would happen if they failed. If, having come so near to an agreement, the three nuclear powers quarrel, the race in nuclear weapons will not only be resumed but it will be expanded.

If we three, who have nuclear weapons, cannot agree to limit them, then all other powers which wish to count in world affairs must make or most buy nuclear weapons.

The critical country here is not France or West Germany. The critical country is China.

It has, what Britain, France and Germany do not have, the basic characteristic of a true nuclear power. This is to have so large a territory that it can hope to survive an attack.

If we look ahead, if we take account of the great balance of world forces, we must think it would be a disastrous folly not to become aligned with the Soviet Union, when there is a chance to do so, against the spread of nuclear weapons.

Corte Madera Council May Hire Policeman

Deputy Sheriff Charles Rester will be recommended to the Corte Madera Town Council tonight for employment as a police officer, effective May 1.

Town Manager Arthur H. Brandow will ask that Rester be hired at a starting salary of $436 a month, with a commitment for an increase to $458 as of July 1. His employment would give the Corte Madera Police Department five full-time officers, including Chief Frank L. Nelson.

Brandow also will ask the council to schedule an adjourned meeting later this month to review the salaries of town employees.

Town Atty. John B. Ehlen will report on a condemnation suit against four property owners who declined to accept a town offer of 39 cents per square foot for land needed for Paradise drive widening.

The park and recreation commission will ask the council to match a $700 appropriation by Reed Union School District for a Marin Estates playground project.

The council will convene at 7:30 p.m. in Corte Madera Town Hall.

Opening Planned Saturday For Recreation Center

Opening day ceremonies for the Southern Marin Recreation Center will be held on April 9, according to President Fred W. Zimmerman.

The swimming pool will open at 11 a.m., and remain open until 6 p.m. on that day. From then on the pool will be open daily except Monday during those hours.

Opening day events include a frog jumping contest at 1 p.m. and a children's drama class presentation at 7:30 p.m., for members and guests. the two plays, "The Musical Box" and "Shady Shadows," will be directed by Irene Pritzker.

Cove Players Slate Stagecraft Workshop

The Cove Players will conduct a workshop in basic stagecraft for members and interested Tiburon residents tomorrow at 8 p.m. at 112 Main street, according to director William J. Carter.

Carter said that if enough are interested, the workshop will be continued, using the production aspects of "An Inspector Calls" for experience. The players will produce that play in June.

Novato Fire Board Vote Tomorrow

A banker and a state highway patrolman will oppose each other tomorrow for the job of Novato Fire District commissioner.

Voters will decide between the incumbent, Peter J. Ferrarese, manager of the Novato office of the First National Bank in San Rafael and Keith C. Craig, CHP officer who was formerly a fireman with the Richmond Fire Department.

Only one polling place, the city's main fire house at 1000 Grant avenue, will be in operation. Polls will be open from 7 a.m. to 7 p.m.

The Novato Fire District is bounded on the south by St. Vincent's School and Marinwood subdivision. On the east it extends to San Pablo Bay, and on the west reaches a point two miles west of Stafford Dam. Hamilton Air Force Base and Raphael Village are not included.

BRESSOUD BAT SPARKLES, BUT...

Landrith Injury Mars S.F. Win

PHOENIX, — Five runs batted in is an impressive performance for a player in any baseball game—but Eddie Bressoud of the San Francisco Giants did it yesterday in just one inning.

The shortstop's eye-opening exhibition gave the Giants a 14-9 victory over Chicago, snapped the Cubs nine-game winning streak, and ended San Francisco's five-game tailspin.

Bressoud got his five RBI's in the sixth inning, when the Giants scored nine runs to overcome a large Chicago lead. Eddie tripled with two men on base during the first part of the rally and tripled again with the bases loaded before it ended.

The victory was marred by an injury to Giants catcher Hobie Landrith. He fractured his right throwing hand in attempting to throw to second base, his hand striking either the bat or the helmet of Cub outfielder Lou Johnson when Johnson stepped in front of the plate in the fourth.

Interference was ruled on Johnson and base runner Tony Taylor was called out at second. Bob Schmidt came in and finished the game for Landrith.

Trainer Frank Bowman said Hobie would be out of action for a week or 10 days.

Manager Bill Rigney's hitters apparently figured they couldn't depend on Giant pitching, which has been praised as the best in the National League.

During the five-game losing streak, the Giants scored 35 runs for an average of seven per game — but the mound corps gave up 47 runs for an average of better than nine.

It looked like the same old story yesterday, when the Cubs scored five runs off Johnnie Antonelli in the first inning and battered him for seven runs and nine hits during the three frames he was on the mound.

Stu Miller allowed just two hits and one run in three innings; George Maranda gave up four and one in two and one-third frames; and Bud Byerly allowed one hit in two-thirds of an inning.

The Cubs outhit the Giants, 16-14, and there were some powerful blasts. In addition to Bressoud's fete, Willie Mays and Orlanda Cepeda each homered.

Frank Thomas of Chicago had a fair day as he matched Bressoud in the rbi department—but it took him a full game. Thomas had four hits, including two homers and a double.

The Giants took the day off today, but begin the final week of spring training tomorrow against the St. Louis Cardinals.

Rigney Says Giants Ready To Go; Pitching Staff Shaping Up Nicely

HANLEY

PHOENIX, Ariz.—Bill Rigney beamed with enthusiasm today as he said "I think we're ready." The skipper of the Giants, of course, referred to his team's preparedness for the season opener a week from tomorrow with the St. Louis Cardinals in Candlestick Park.

"Everyone is coming into the final week of spring training with just the right edge," Rigney said. "In the last six exhibition games, beginning with tomorrow's against the Cardinals and winding up next Sunday in Sacramento with the Dodgers, we'll be going with all of our front line troops, particularly the pitchers."

Following last week's reports from Florida that three Cardinal pitchers already had gone the full nine inning route, there was speculative talk on the fringes of the Giant camp that perhaps Rigney's throwers were a bit behind the training schedule.

"Our throwers have paced themselves perfectly," said Rigney. "There's no sense in rushing things. Sam (Jones) might have gone nine last Tuesday against the Cubs but I pulled him in the seventh when he finished strong with a couple of strikeouts. Maybe that other fellow tried for nine too early."

BY THE "other fellow," Rigney meant the Cubs' Bob Anderson who took a 7-1 lead into the ninth and almost lost the game. It was obvious that Club Manager Charlie Grimm and Anderson himself wanted the distinction of being the first Cactus League pitcher to go a full nine but he couldn't make it. He was hit hard in the ninth, four runs on four hits, before Grimm relieved him with one out.

"This is the week—the one before the opener—for the nine inning targets," said Rigney. "Why come to an edge two weeks before the real firing starts?"

FRANK SHELLENBACK, chief of the Giants' minor league pitching personnel, supervised the big team's spring pitching conditioning just as he has for many years.

When Shellenback worked the mound himself 30 years ago, a pitcher who started a game expected to be firing at the finish. If he were replaced, that was a sign of complete collapse. He was supposed to work his own way out of jams and take his own turn at bat instead of wondering who would be his pinch-hitter in the late innings.

In this era of offensive baseball, with a shrunken strike zone although oldtimers are reluctant to admit it, no pitcher is going to duplicate mound heroics such as Shellenback performed when he ended one season with 14 straight wins, opened the next with five straight, lost one 2-0, then whipped off another string of 15—finishing every one of those games.

IN ANY event, Shellenback likes the Giants' 1960 pitching staff on which high hopes are pinned. A year ago at this time, just before Sam Jones reported and Giant brass sweated over the Bill White-Ray Jablonski swap that brought the Toothpick Man west, the pitching picture was not a pretty one.

Pictures without proper balance seldom are. But now it has been brought into perfect balance — at least on paper. Three southpaws on one side—Johnny Antonelli, Billy O'Dell and Mike McCormick. Three right handers on the other—Jones, Jack Sanford and Stu Miller. And beneath both trios, Billy Loes.

Cardinal Hurling Highlight Of Spring; 5 Complete Tilts

By ASSOCIATED PRESS

The National League clubs start thinking ahead today to the earliest season openers in the history of major league baseball's senior circuit.

With regular season operations getting under way a week from tomorrow, many of the teams broke camp and began the northward trek with the surprising St. Louis Cardinals clinging to the top of the exhibition standings with a 13-7 record.

Getting a second consecutive route-going performance from Ron Kline, the Cardinals concluded their Florida phase of training yesterday by defeating the New York Yankees 6-3. It was the fifth complete game by a Cardinal hurler.

Kline, acquired in a trade with Pittsburgh, scattered 10 hits and now has allowed only four runs—two earned—in 28 innings.

Milwaukee's Bob Buhl also went the distance, holding Washington to four hits in the Braves' 3-2 victory while Detroit's Hank Aguirre pitched a six-inning one-hitter for a 1-0 victory over Pittsburgh in a game shortened by rain.

In other day games, San Francisco blasted the Chicago Cubs 14-9, Baltimore beat Kansas City 5-2, Boston edged Cleveland 5-4 in 10 innings, and Los Angeles and Cincinnati were tied 4-4 when a downpour ended their game in the eighth inning.

PUERTO RICO GAME

In a night game, the Chicago White Sox and Philadelphia wound up their three-game series in Puerto Rico with Chicago winning 4-2. The Phils took the first two.

The Cardinals backed Kline with six extra-base hits against the Yanks and won it in the fifth with a four-run uprising.

Milwaukee collected just five hits off the Senators' Don Lee and Jack Kralick, but Joe Adcock's solo homer—his fifth of the spring—proved the clincher.

Aguirre, bidding for a berth with the Tigers, just about nailed a spot when Steve Demeter accounted for the game's only run against the Pirates with a third inning homer.

Six-hit pitching by rookies Chuck Estrada and Arne Thorsland collared the A's as the Orioles clustered five of their seven hits in the second inning for all five runs.

Pumpsie Green's 10th inning single drove in the deciding run for the Red Sox against the Indians.

Vada Pinson's fourth spring homer and a double and single by Ed Bailey good for two runs were the big blows for the Reds. The Dodgers clubbed Cal McLish and Claude Osteen for 10 hits, including Don Demeter's homer, before the rain broke it up.

The White Sox salvaged the final game of the Puerto Rican series with home runs deciding the issue. Ted Kluszewski hit one good for two runs and Al Smith one, his fourth of the series. The Phils two runs came on homers by Bobby Del Greco and Ed Bouchee.

Marin Weightlifter Wins North Cal Championship

MarVel Athletic Club of San Rafael had five more medals in its showcase today after successful participation in the Northern California AAU Weightlifting Championships held Saturday night in Veterans Hall, Santa Venetia.

As a team the MarVel club placed third with the title going to San Francisco with 14 points. Berkeley YMCA placed second with 13 points, one point ahead of the locals who sponsored the meet.

Leading MarVel and capturing his first official Northern California championship after five years of hard training was Carrol Varner of San Rafael. He took first place with a mighty lift of 700 total pounds. Teammate Joel Brower placed second in the class with 660 pounds.

MarVel's other medal winners included 12-year-olds Dave Cooley and Fran Gearhart, second and third, respectively, in the 123-pound class; Terry Johnson, second in 132-pound and Danny Preston, tied for third in the 148-pounds.

Thirty-six weighlifters participated in the program which also featured a Miss Northern California beauty contest with 11 participants and a Mr. Northern California physique contest with nine competing.

Nyeri Karapetian of San Fransico won the beauty crown and Jimmy Lee of Oakland was picked as the winner of the physique contest.

Scanlon 'Set' For Big Bout In Oakland

Trainer Freddie Apostoli today claimed Irish Bobby Scanlon, now fighting out of Marin County, is ". . . all set to go 10 rounds at full speed" for his important lightweight bout with Johnny Gonsalves tomorrow night in Oakland.

A large contingent of Marin fans, including at least three charter busloads, will trek to the fight and cheer on the little puncher who has made Marin his home since two local restaurateurs purchased his contract. Scanlon's new co-managers are Nick Kobseff of Rancho Nicasio and Lou Sabella of Sabella's in southern Marin.

Apostoli, the former world middleweight champion who is a resident of Fairfax, has been training Scanlon in Nicasio and had him winding up light drills today. Said Apostoli, "If Gonsalves runs, Bobby'll catch him. My boy is in perfect shape for this one. He won't run out of gas.

Gonsalves is noted as a light puncher who is hard to catch in the ring. He also has a sharp counter-punch, a talent that earned him a surprising knockdown of Scanlon the last time they met. That, plus a penalty for a low blow, cost Irish Bobby a lost split decision.

Tomorrow night's preliminary card starts at 8:30 o'clock. The main event is scheduled to go on at approximately 10.

Drake Star Stops Tam On One-Hitter

Nino Geminiani pitched a one-hitter Friday as the Drake Pirates warmed up for the coming Marin County Athletic League Baseball Tournament with a 9-1 victory over the Tamalpais Indians at Drake.

Baldoni No Match For Ray Robinson

BALTIMORE (AP) — Sugar Ray Robinson wanted to use Saturday night's fight with Tony Baldoni as a tuneup for his return bout with Paul Pender. He barely worked up a sweat.

Robinson knocked out Baldoni in one minute, 40 seconds of the first round, flooring him twice.

"It wasn't any use continuing," said Robinson. "I guess I'll just have to get my work in the gym."

Robinson will meet Pender April 29 in Boston

Bronco Nine Trounced

LOS ANGELES (AP) — Tom Satriano, Art Ersepke and Steve Bach cracked homers Saturday to lead the University of Southern California baseball team to a 20-2 victory over Santa Clara.

Big O, West, Imhoff Lead Olympic Team

DENVER, Colo. —All-Americas Oscar Robertson, Jerry West and Darrell Imhoff head a brilliant cast of seven collegians anchoring the U. S. Olympic basketball team that will play in Rome this summer under the command of Coach Pete Newell of California.

The college stars for the first time shoved aside veteran AAU players to dominate the 12-member team chosen yesterday by the Olympic Basketball Committee. The selections followed the three-day trials here climaxed by the NCAA University All-Stars' 124-97 conquest of Peoria's AAU champions in Saturday night's finals before 10,000 fans.

The victory earned the NCAA team six Olympic berths and won for Newell, their 44-year-old towel-chewing coach, the honor of directing the team in the Olympic competition. He'll be assisted by Peoria's Warren Womble, who coached the 1952 Olympic champions.

West, 6-3 Comet from Cabin Creek, W. Va., riddled Peoria with a 39-point burst, 24 in the first half, to set an individual high for the trials. Robertson, incomparable playmaker and collegiate scoring leader from Cincinnati, poured in 20 points to take scoring honors for the tryouts. He totaled 72 and West, a senior at West Virginia, was runnerup with 65 in three games.

IMHOFF PICKED

Also picked from the NCAA team were two 6-foot-11 defensive stars, All-America Imhoff of California, and Walt Bellamy of Indiana; Purdue's 6-6 sophomore Terry Dischinger, who led the Big 10 in scoring, and Texas' 6-2 back court artist, Jay Arnette.

All-America Jerry Lucas, 6-8 sophomore star of Ohio State's NCAA champions, is the seventh collegian picked from the field of 96 players.

The four AAU stars named to the team include the only repeated from 1956, Burdie Haldorson, 6-8 leading scorer for Bartlesville (Okla.). The others are 6-8 Bob Boozer and 6-foot Allen Kelley, both of Peoria, and Les Lane, Bartlesville.

Adrian Smith, 6-1 former Kentucky ace, was chosen from the Armed Forces All-Stars.

The players will report about Aug. 1 for training at the U. S. Military Academy in West Point, N. Y.

Third place in the trials here was won Saturday by Akron's AAU team in an 88-77 conquest of the NAIA all-stars, who spilled Ohio State 76-69 in a first-round upset. Ohio State placed fifth by defeating Bartlesville 87-77. The Armed Forces All-Stars finished seventh by overcoming the NCAA All-Stars coached by Arad McCutchan of Evansville, Ind., College 98-85.

ROY SIEVERS TRADED TO WHITE SOX

WEST PALM BEACH, Fla. (AP) — The Washington Senators today traded one of their most powerful hitters, Roy Sievers, to the Chicago White Sox for catcher Earl Battey, first baseman Don Mincher and an estimated $150,000.

Sievers, a first baseman, is expected to give the White Sox some badly needed power. In six seasons with the Senators, he hit 180 home runs and averaged 96 runs batted in.

Minsher had 22 homers and batted in 92 runs with Charleston, W. Va., while hitting only .219 with the Sox last season, but his defensive work is regarded as superb.

It was the Senators' second trade within 24 hours. Yesterday the Senators swapped catcher Clint Courtney, and infielder Ron Samford, for Billy Gardner, 32, infielder of the Baltimore Orioles.

AGUA CALIENTE, (UPI) — Tompion and Bally Ache today were Caliente future book favorites for the 86th running of the Kentucky Derby a month away.

WATER SKIER IS HIGH AS A KITE

Stunt water-skier Ross Calvert, 18, soars above San Francisco's Lake Merced yesterday with the aid of a 14-foot kite he fashioned of aluminum and sailcloth. Ross once saw a picture of a water-skier using a kite for lift and decided to make one of his own. He has been "flying" for several months, always with his father at the boat's controls. Russell Roughed Up As Celts Defeated

ST. LOUIS (AP) — The St. Louis Hawks turned Boston's favorite weapons — ball stealing and home-run passes — against the Celtics and squared pro basketball's world series, but the Celtics believe it's their turn to bounce back.

"I never saw us steal the ball so much from the Celtics," said Hawks Owner Ben Kerner. "This is what they do to us too often."

Kerner was happy over the Hawks inspired, aggressive effort yesterday in a 106-96 victory which tied the National Basketball Assn. title series at 2-2. The scene shifts to the Boston Garden tomorrow night for the key fifth game in the best-four-of-seven series for a $17,000 jackpot.

"We'll come back, don't worry," said Boston coach Red Auerbach. "But they (the officials) are going to have to stop the rough stuff. This was a mighty rough game.

"Clyde Lovellette is murdering Bill Russell. The officials call a couple and then, when Hawk coach Ed Macauley complains, they stop."

Russell, the Celtics 6-foot-10 pivot, played all 48 minutes for the second time in two days and was a prime target for the hustling Hawks. Lovellette got plenty of help as the Hawks battled Russell and got the ball away from him several times.

"I can't out-jump Russell," Clyde said. "I just kept batting the ball up in the air. I knew if we could keep the ball up, Bob Pettit would grab it sooner or later."

As in last week's St. Louis victory, Pettit was the big scorer. He made 23 of his 32 points in the last half.

St. Vincent's Lad Pitches No-Hitter

Victor Yanez of Saint Vincent's School for Boys, San Rafael retired the last 15 men in a row en route to a no-hit, 10-1 victory over St. Rose at Santa Rosa Saturday.

This was the second game of a double-header as Roger Cardinez tossed a two-hitter against St. Steven's of San Francisco in the morning. Terry Clarity led the Eagles with a home run and a triple as he and his mates won 13-2.

Youth Wounds Self While Target Shooting

Gary W. Fritz, 13, of 854 Cain lane, Novato, accidently shot himself in a toe of his left foot Saturday afternoon, Marin County sheriff's deputies reported.

The youth was doing target practice with a .22 caliber rifle when the accident happened. He was treated by a physician.

Huge Sailor Wins Wrestling Title At Olympic Club

SAN FRANCISCO (AP) — Hallow Wilson, a Navy man from Hawaii, is the new American Greco-Roman heavyweight wrestling champion.

Wilson, who jars the scales at 385 pounds, won the title Saturday night after defeating defending champion Bill Kerslake of Cleveland and Oklahoma University's Dale Lewis in the round-robin tournament.

The San Francisco Olympic Club won the team title, with U.S. Navy at UCLA second and U.S. Navy at Hawaii and the U.S. Air Force at Colorado Springs tied for third.

The AAU Greco-Roman tournament followed the national AAU Freestyle Wrestling Tournament which was won Friday night by the New York Athletic Club. Lewis won the freestyle heavyweight title.

Other Greco-Roman division champions: 114 pounds, Gil Sanchez, Lamar, Colo.; 125, Lynn Griffith, Denver; 136, Lee Allen, Multnomah A.C., Portland, Ore.; 147, Larry Wright, Oregon State; 160, Joe Vastag, Olympic Club; 174, Russ Camilleri, U.S. Air Force, Colorado Springs; 191, Frank Rosenmayr, Olympic Club.

Norton's 9.3 Tops Track Competition

By ASSOCIATED PRESS

Ray Norton equalled the world record for the 100-yard dash for the third time Saturday with a 9.3 at San Jose.

The former San Jose State ace, now running for the Santa Clara Youth Village, also clicked off a fine 20.1 in the 220 in a meet between his team, San Jose State, the San Francisco Olympic Club and the Central California AC.

Two watches clocked Norton in 20 seconds flat for the 220. That's the world standard.

No team records were kept in that shindig, but other California powers broke loose for devastating scores.

Southern California's Trojans, undefeated in 87 meets, trounced California 85-46 at Berkeley.

Stanford clobbered Fresno State 95¼ to 34¾ in a dual meet at Fresno.

And UCLA, with a victory in the mile relay, beat Occidental 70-61 at Los Angeles.

Stanford's Ernie Cunliffe turned in the fastest half mile in the nation this year, 1:47.3. That is the third fastest half mile in history, just half a second off the world mark established by Tom Courtney in 1957.

Could be Ernie will be cracking that one of these days.

"The pace was a little slow at the start," he said after Saturday's fine effort.

At Berkeley, big Dallas Long smashed the Edwards Field record in the shot put with a heave of 61-7. But Long, who had a world record pending, heard that Bill Nieder flipped a borrowed 16-pound steel ball 65 feet, 7 inches in the Texas Relays at Austin. That eclipsed a pending world mark of Long's, set only a week before.

Bob Shordone stole the show from Long with a javelin toss of 256-10½, the best ever by a Trojan.

Long figured the current track season has a long way to go and he expects the shot record will be smashed again.

"Maybe next week," he said. "There's no telling where this will stop."

Long figures to be giving his best Friday when the Trojans face Arizona State at Tempe. Long and USC pole vaulter Jim Brewer hail from Phoenix and they will be trying to set records while performing before their old friends.

Chris Knott, a transfer from Stanford, provided the excitement at Los Angeles in UCLA's win over Oxy.

Knott contributed a 47.8 anchor lap in the meet-winning mile relay and also turned in a snappy 9.4 in the 100-yard dash, bettered only by Norton's 9.3 this year.

Nieder Sets Shot Record

AUSTIN, Tex. (AP)—That well-known trencherman, Bill Nieder, who stands on top of the world in the realm of the shot-putters, looked toward a clash with the others of the big four today.

Nieder, who's throw of the 16-pound ball almost cleared the 66-foot barrier at the Texas Relays shot put area Saturday—it went 65 feet 7 inches to better the world's record by 2 feet and 5 inches — plans to compete in the Eastern Relays at Santa Barbara Calif., April 16.

He expects he'll face Parry O'Brien, who holds the listed record of 63 feet 2 inches and has exceeded 64 feet; Dallas Long, who has thrown the shot 64 feet 6½ inches, and Dave Davis, who has flipped the steel ball 63 feet 10½ inches.

Nieder, the former Kansas University track star who was second to O'Brien in the 1956 Olympic Games, left yesterday for San Francisco, where he is an Army lieutenent.

Sportsmen To Appeal To U.S. Senators

United States Senators Clair Engle and Thomas Kuchel and Congressman Clem Miller have been asked to join Bay Area sportsmen in their fight to prevent Hamilton Air Force Base from closing an important recreational area off the Marin shore to boating and fishing.

The federal legislators have been contacted by the Marin Rod and Gun Club and asked to protest an Air Force application to the Corps of Engineers to declare a danger zone on the famed striped bass fishing grounds known as the Hamilton Field Flats. The closure is sought by the military as an impact area for the base small arms firing range which has been in existence for 23 years.

The State Department of Fish and Game, Division of Small Craft Harbors, Marin County Board of Supervisors, various Northern California sportsmen's groups, boating organizations and dealers, chambers of commerce and other interested parties also have been contacted by the Marin club and are expected to protest.

PETITION CAMPAIGN

A petition and postcard protest campaign also has been organized by the Marin sportsmen and interested parties may obtain materials by contacting Secretary Paul B. Ware at 14 Taylor Street, San Rafael.

Anglers and boaters desiring to preserve the important fishing grounds may protest directly to the Corps of Engineers at 180 New Montgomery Street, San Francisco, referring to their Public Notice No. 60-61.

SHELBY WINS GRAND PRIX; DRIVER KILLED

RIVERSIDE (AP) — Carroll Shelby of Dallas won the $20,000 sports car Grand Prix yesterday in a race marred by the death of one driver.

Wealthy Argentine auto dealer Pedro Von Dory, 42, was killed when his Porsche RS 60 flipped over on the 59th lap of the 200-mile grind.

Shelby's winning time in a birdcage Maserati was 2 hours, 19 minutes, 12 seconds. He averaged 87.5 m.p.h. around the 3.7-mile course.

In second place more than a half lap behind was Ken Miles of North Hollywood, Calif., in a Porsche. Pete Lovely of Seattle, Wash., finished third in a Ferrari.

Sewer Board To Eye Annexation

The Tiburon Sanitary District board will consider annexation of the Southern Marin Recreation Center at its meeting at 7:30 o'clock tonight in the Tiburon boulevard district office, according to secretary Robert A. Sterling.

The commission will start work on its 1960-61 budget and review the recently approved Belvedere sewage contracts, Sterling said.

Seven Slightly Injured In Marin Auto Mishaps

Seven persons suffered minor injuries in four automobile accidents in Marin County Friday night and early Saturday.

Two Hamilton Air Force Base airmen and a San Rafael woman were injured in a two-car collision at 2 a.m. Saturday on Highway 101 opposite the Club Rio in Novato, the California Highway Patrol reported.

A car driven by A/1c1 H. E. C. Troutt III, 24, struck the rear of a car driven by S/Sgt. Donald Lee Lothin, 24, also of Hamilton, then plunged down a 10-foot embankment into a ditch, the patrol reported.

Trout said the other vehicle's lights were off. "I saw him pull out, but I couldn't do anything about it," he said.

Lothin was cited for driving without turning on his lights.

Troutt and A/3c1 Thomas Walton, 20, of Hamilton, a passenger in his car, later were reported in good condition at the base hospital.

Mrs. Anne Reed, 26, of 15 Mariposa road, San Rafael, a passenger in Lothin's car, was treated for whiplash injury at San Rafael General Hospital and released.

Eleven divider posts were knocked down on Highway 101 just north of Terra Linda Friday night when one car swerved and forced anothe vehicle into the divider strip, the Highway patrol reported.

The driver of the latter car, Felix C. Fisher, 20, of San Francisco, was reported in good condition in San Rafael General Hospital after the crash with bruises on the chest, shoulder and knee.

Fisher told the patrol he was going north when another car suddenly swerved into his lane and forced him to swerve into the divider strip.

The other driver, Barton J. Hildebeidel, 22, of San Francisco, said he was overtaking a vehicle in another lane when it suddenly started to move over into his lane. He was forced over and collided with Fisher's car, he said.

Five persons were involved in a two-car head-on collision in downtown Sausalito Friday night. The accident occurred at Bridgeway and El Portal street.

Drivers of the cars refused hospital treatment, but three passengers were treated at Marin General Hospital for minor injuries and released.

The hospital reported the following received treatment: Stephen Traeger of 29-B Edward street, Sausalito and Miss Jean Orr of 10 Bark avenue, Mill Valley, both cut on the head and face, and Raymond Korbel, 41, of San Francisco, whiplash injury.

Announce Way To Help Drain All 8 Sinus Cavities Without Discomfort

New decongestant tablet for sinus congestion sufferers acts both to drain clogged sinus cavities and relieve distressing head pain

New York, N. Y. (Special) Announcement has been made of a new tablet development which has the remarkable ability to help drain clogged sinus cavities and thus relieve congestion and pressure. The headaches, pressure pains, stuffed-up head, nasal drip, clogged breathing—all the unrelenting symptoms the sinus sufferer knows so well—are attacked directly by improving drainage of the sinus areas.

Most remarkable of all is the fact that this is accomplished with extraordinary speed and without discomfort of any kind. This new tablet does its remarkable work internally, through the blood stream. It deposits into every drop of blood plasma a new medication which is carried to the sinus area, where it shrinks the swollen doors to the sinus cavities and helps drain away the pain-causing pressure and congestion.

The shrinking substance in this new tablet has been so successful topically in promoting drainage of the sinus cavities that it is now prescribed more widely by doctors than any material for this purpose. This new medication is now available at drug counters without the need for a prescription under the name, Dristan® Decongestant Tablets. Dristan Tablets cost only 98¢ for a bottle of 24 tablets. Buy and use Dristan Tablets with the absolute guarantee that they will drain away pain-causing pressure and congestion of the sinus cavities, relieve the pain and distress, or purchase price will be refunded.

Transit Plan Called Impractical At Stanford Confab

Mass rapid transit for the Bay Area was called impractical Saturday by a retired Stanford University civil engineering professor, speaking at a Marin meeting.

Clarkson H. Oglesby told a Stanford Conference audience at Rickey's Rancho Rafael in Ignacio that he did not think the system proposed by the Bay Area Rapid Transit District would be worth the "billion-dollar outlay" it entailed.

He offered an alternative to solve the transit problem: "We should make use of the freeways by limiting them to buses and emergency vehicles during peak hours . . .

"This may cut down on people's freedom, but these steps are necessary if California population continues to explode, and if the people continue to desire the use of automobiles."

Oglesby said planners must "stand back and take a long look at transportation problems." He said local planning commissions have failed to do this because they are burdened "with fence moving and other details."

He said highway experts can not foretell what effect freeway construction in the next 10 years will have on transportation and communities.

HE'S WORRIED

"Frankly, the situation worries me," Oglesby said.

In another lecture, Graham H. Stuart, political science professor emeritus, speaking on United States diplomacy, asserted that negotiation is now our main line of defense and that material weapons and armed forces only provide more negotiating power. He said in the nuclear age there is nothing left for protection but negotiation. Actual all-out fighting, said the professor, "would be fatal to both sides."

He also pointed out that in negotiations Russia has a great advantage by being an autocratic government. "A democracy is slow and abides by international law," he said, "but Russia uses the law to suit her advantage, or ignores the law."

MANY FROM STANFORD

Stuart reminded his audience that six career ambassadors for the United States are graduates of Stanford and in the last 30 years, 150 career officers in the State Department and on foreign service for the department have been Stanford alumni.

In another lecture at which no one smoked but the speaker, the question of cigarettes smoking causing cancer and heart disease was discussed.

Statistics Prof. Lincoln E. Moses told a late afternoon audience "there is clear evidence of an association between cigarette smoking and lung cancer." He said the American Cancer Society reported, after a four-year survey of 150,000 men, that 10 times more cigarette smokers died of lung cancer than did non-smokers.

WIDE MARGIN

He said this wide margin allows the conclusion of an association, but in other areas of cancer and heart conditions of smokers and non-smokers, there is not a wide enough ratio to determine the relationship.

He said that even in the case of lung cancer no one has "come up with the so-called mechanism that causes the cancer on the lung."

A San Rafael doctor, Russell R. Klein, who was chairman of the lecture, reported that lung cancer is fatal in 95 per cent of the cases in Marin County.

Moses was asked by a member of the audience about the effectiveness of filters and if "they really do make smoke pure." Moses answered, "As yet there it not much evidence that they do."

Grads Gather For Stanford Session Here

The eighth of 14 Stanford Conferences to take place in the United States this year was held in Ignacio Saturday.

The vent was sponsored by the Stanford Club of Marin County, the Stanford Alumni Assn. and the university. Its purpose was to stimulate and inform alumni through an afternoon of lectures by some of the university's professors, said publicity chairman Kenneth Paul Todd Jr. Approximately 150 attended.

Opening speaker for the event, held at Rickey's Rancho Rafael, was Stanford trustee W. P. Fuller III, vice president of the W. P. Fuller Paint Co.

Alumnus Fuller, who also is a graduate of Harvard Law School, told the 150 persons attending the opening luncheon that Stanford spent 37 million dollars for total university operations last year.

Fuller said Stanford must turn away four out of every five qualified applicants for admission.

He said the university now has a setup whereby "one third of the students will have an opportunity to study in a Stanford branch in Italy, Germany or France."

New officers for the Stanford Club of Marin were elected at the conference luncheon. Marin Municipal Court Judge Richard M. Sims is president, replacing Carl J. Brown Jr. New vice president David J. Dorward of 4 Greenwood way, Kentfield, replaced former vice president Judge Sims. Elected secretary was Mrs. Mollie Love of 27 Acacia avenue, Belvedere, and treasurer is George E. Britton of Kentfield. They replace Dorward who was secretary-treasurer.

The Agriculture Department reports that about 2.9 million of the 4.7 million farms in the U.S. had telephone service as of July, 1958, an increase of 32 per cent over 1950.

Pony Express Riders Hit Trail Again

KENNEKUK, Kan. (UPI) — Pony Express riders were back in the saddle today, carrying mail in a cross-country run marking the centennial anniversary of the famed frontier mail route.

Lee Shiflett, 31, a packing house worker, was the first man to swing onto his horse yesterday as the memorial run began at St. Joseph, Mo., to the cheers of a crowd estimated at 3,000.

Like the riders of history, Shiflett pledged "not to use profane language, not to get drunk, not to gamble, not to treat animals cruelly and not to do anything else incompatible with the conduct of a gentleman."

A hundred years ago, each Pony Express rider and his horse traveled 10 miles at a stretch. This time one mile was the quota.

Missouri Gov. James T. Blair Jr. wished Shiflett luck and "fine weather for the entire trip."

What with the crowds and the ceremonies, the first day's run made only 47 miles, and the riders camped here overnight.

Today they took to the saddle again, heading for Salt Lake City. There riders from California will take over, making the run to Sacramento and San Francisco.

Representatives of the consulates of Great Britain, Australia, New Zealand, Canada and Pakistan are expected to attend the ball at the Bermuda Palms.

The Golden Gate branch of the Royal Air Force Assn. will cable congratulations to the princess and Anthony Armstrong-Jones the morning of the wedding. The branch is sponsoring the ball.

The dance is expected to be the largest gathering of those with Commonwealth ties since the 1947 wedding of Queen Elizabeth II and Prince Philip.

She is to appear in Marin Superior Court at 10 a.m. on that date. Her car struck pedestrian Paul Buchholz, 32, of 2 Golden Hind passage, Corte Madera, last Dec. 4 on Paradise drive. Buchholz, who works for Mercantile Acceptance Corp., is still ailing from the injuries.

Tiburon Fire Board To Meet Tonight

The Tiburon Fire Protection Commission will discuss the proposal that each new volunteer fireman be given a medical examination at its meeting at 7:30 o'clock tonight in the Tiburon boulevard main firestation, according to commission secretary Kelly J. Wheeler.

The commission will discuss the fire hydrant policy and also act on purchasing a $75 siren from the Sausalito Fire Department, Wheeler said.

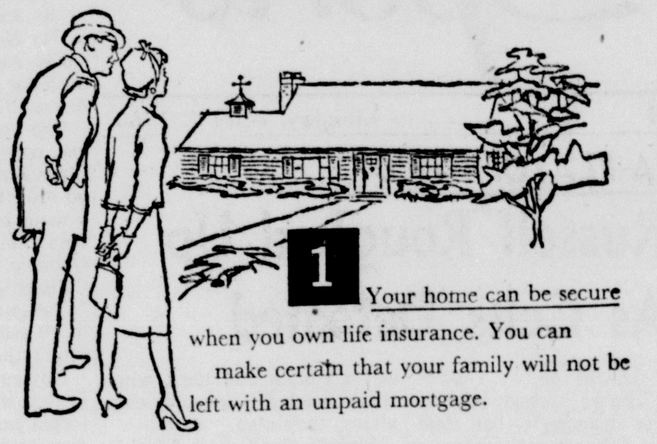
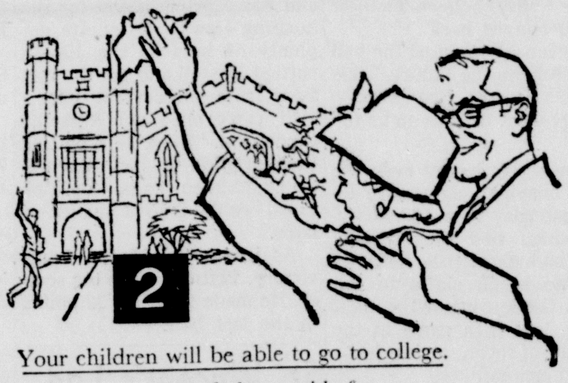
Where your savings can do so many extra jobs...



1 Your home can be secure when you own life insurance. You can make certain that your family will not be left with an unpaid mortgage.

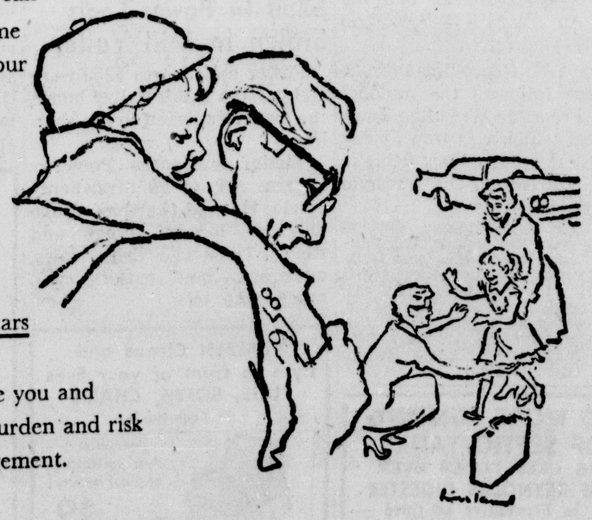


2 Your children will be able to go to college. By using life insurance to help provide for college expenses, you can make sure that youngsters can have a good education.

Millions of Americans find their dollars work harder for them in life insurance... enabling them to protect their families now, building added security for themselves in later years.

3 Big decisions can be made with more confidence. With life insurance you know, in advance, the exact amount of money which will be available in an emergency.

4 When you're all set to take it easy, life insurance can guarantee you an income which neither you nor your wife can outlive.



5 Your later years can be happier because life insurance can relieve you and your wife of the burden and risk of money management.

Life insurance, in addition to providing for family security, plays an important role in our national growth. Savings, through life insurance, help provide the funds for new schools, new factories and the new jobs a growing America needs. The money saved and used in this way also helps in the continuing fight against inflation.

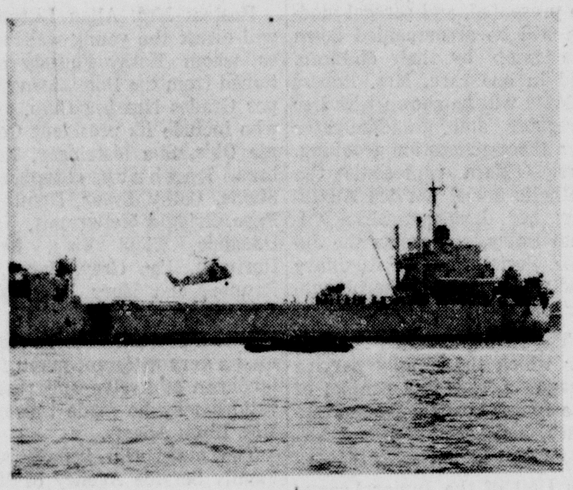
OFF TO THE WAR — Members of the 14th Rifle Company, Marine Corps Reserve outfit at Kentfield, board bus for Treasure Island to join invasion force which wound up back at Kentfield the following day to complete weekend exercise in which the Marines "captured" the Tiburon peninsula.



LANDING SHIP IN ACTION — The LST (landing ship, tank) Washoe County delivered Marin Reserve troops to anchorage. LVTs, amtracks and helicopter (here seen hovering over the landing ship) carried the troops ashore in amphibious operation.

OVER THE SIDE — The 14th Rifle Company goes down rope nets to waiting LVTs for invasion of Tiburon. The Marines landed on Paradise drive near Trestle Glen. They bivouacked overnight, and awakened residents at 4:45 a.m. yesterday with the rattle of small arms fire as they joined in battle with an unseen enemy.

OVER THE WAVES — LVT (landing vessel, tank) carries men of 14th Rifle Company, Marine Corps Reserve "weekend warrior" outfit, toward Tiburon shore. With full battle kits and helmet camouflage, the invading Marines were equipped and transported like those who in World War II hit beachheads of island after island in the Pacific.

Marines 'Capture' Tiburon In 'Operation Sharkbite'

Independent-Journal
SERVING ALL OF MARIN COUNTY
Monday, April 4, 1960 11

The Marines captured Tiburon Saturday.

The invasion — by Marine Corps Reserve units including the 14th Rifle Company of Kentfield — had all the earmarks of the real thing, except air support.

The Air Force called off plans to provide jet fighter cover for the landing force because the Federal Aviation Agency refused to grant clearance. It was afraid of too many complaints of low-level jet noise by Tiburon peninsula residents.

"Operation Sharkbite"—the name the Marines gave the exercise, obviously because Tiburon means shark — proceeded in the fashion which became a bloody routine in the South Pacific in World War II. Except, there was no bloodshed here. The enemy was imaginary.

First, the Marines captured Angel Island. Then they moved onto the mainland. Landing vessels, amtracks and a helicopter were called into play to put them on the beach near the abandoned Tiburon Naval Net Depot.

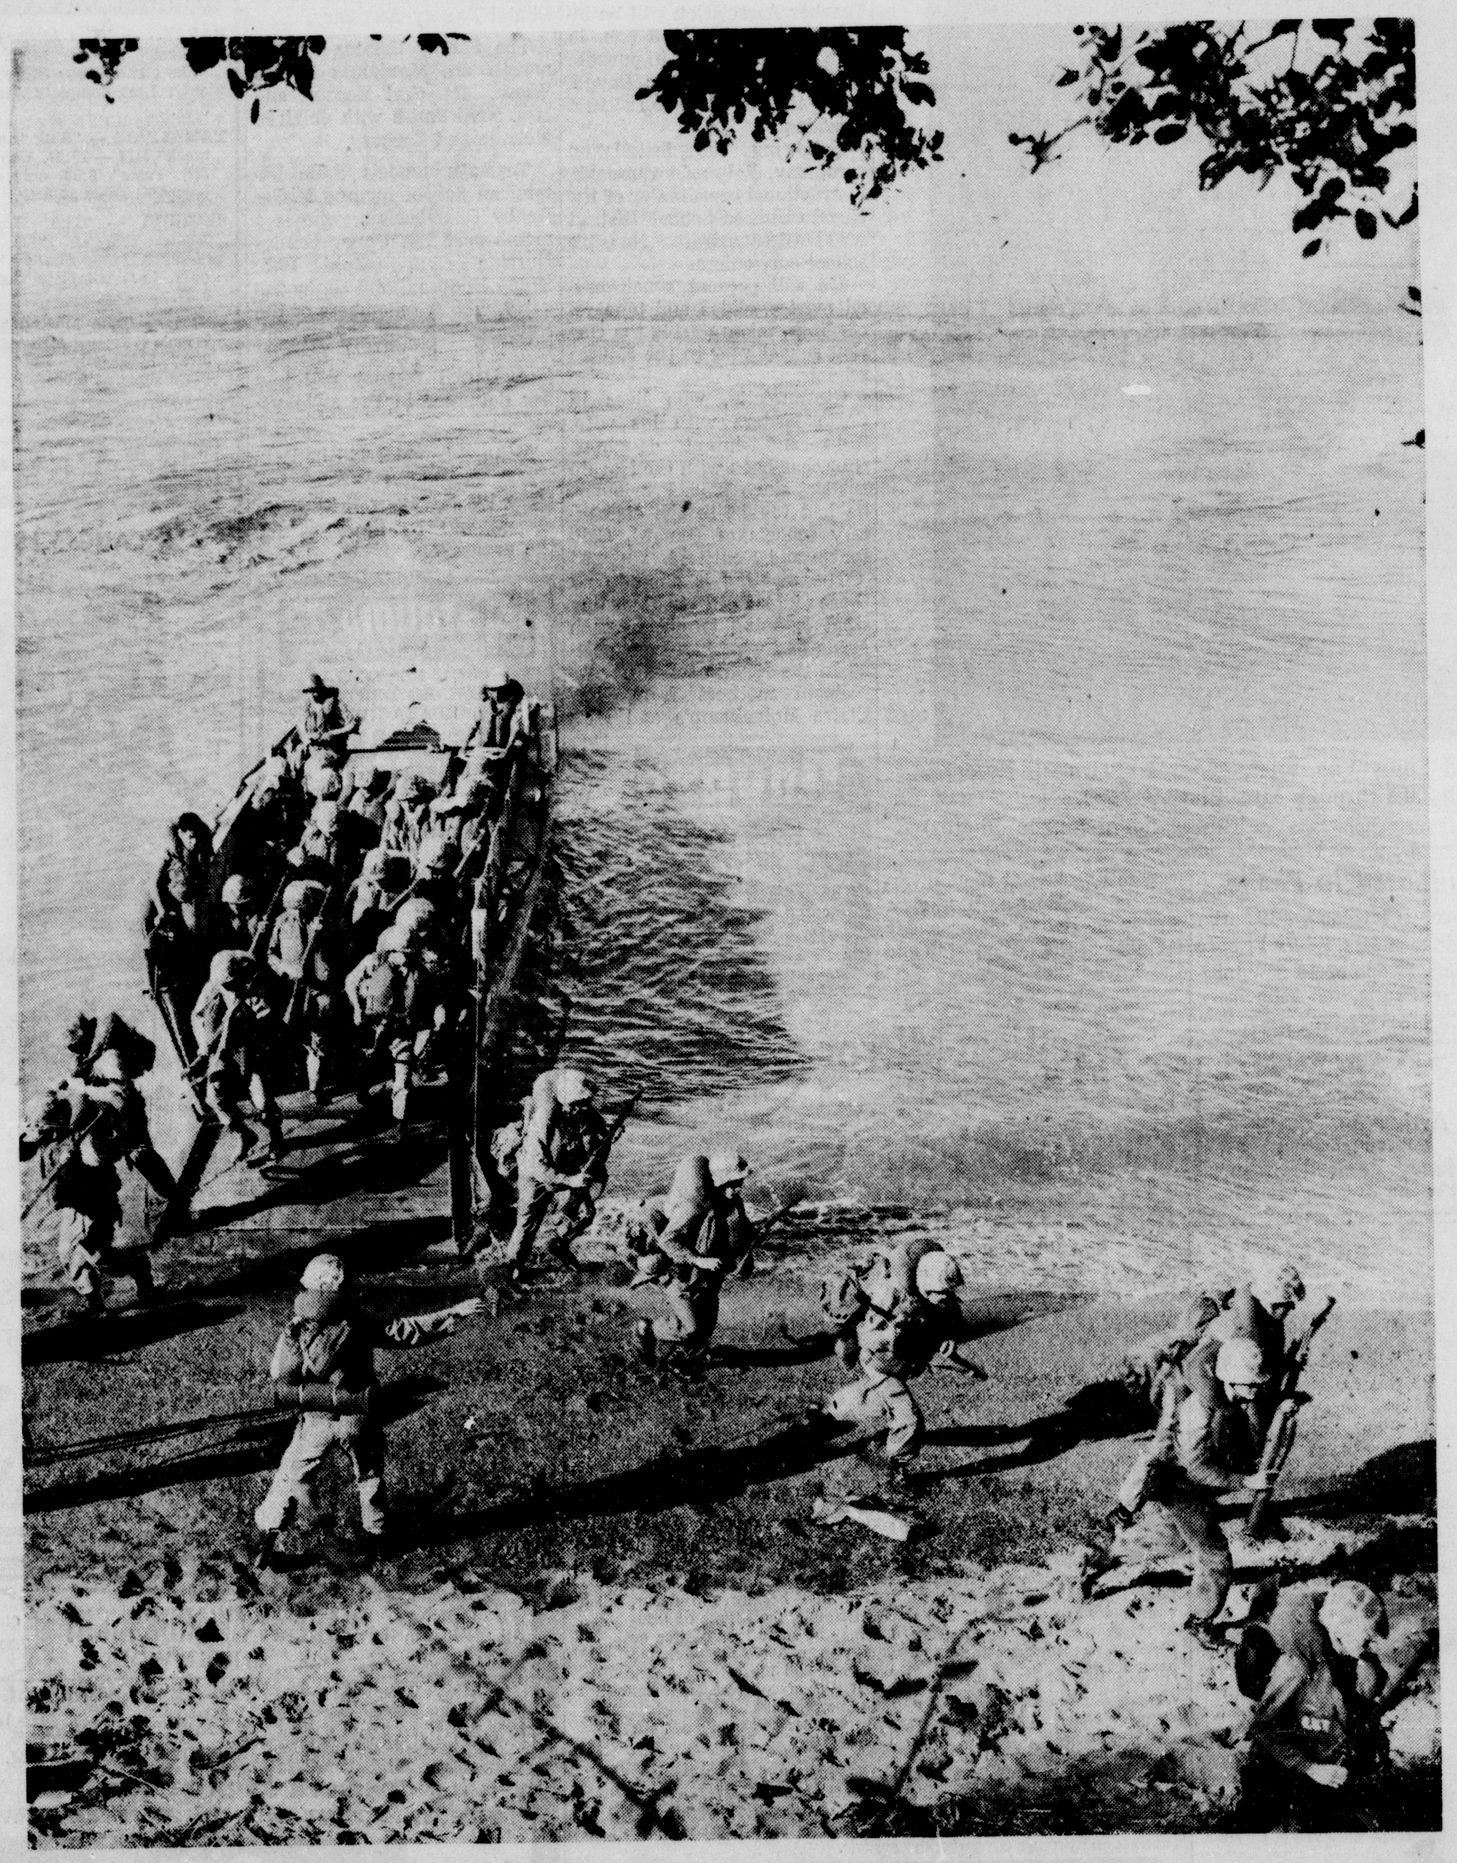
They looked sufficiently warlike as they scrambled across the narrow beach, up the steep hillsides, through brush and over fences. But as the hot Saturday (with the temperature topping 80 degrees) wore on, some aspects of the operation became a little too much like real war. And the battle-ready Marines developed a typical GI thirst for beer.

The appetite was taken care of, in a typical wartime profiteering operation, by Tiburon youngsters who raided family ice boxes and peddled cold beer to the troops at 50 cents a can.

The troops bivouacked overnight, then awakened Tiburoners (and others as far away as Corte Madera) with the rattle of small arms fire in a dawn battle that started at 4:45 a.m. yesterday.

They wiped out the non-existent resistance in that one, and moved on — some with wheels, some on foot—up the peninsula, to wind up their "Operation Sharkbite" on the home grounds of the 14th Rifle Company at Kentfield.

The operation—called a success by the officers in charge —was planned by a staff headed by Lt. Col. R. P. Smith of Volunteer Training Unit 12-44 at Kentfield, who is a lumber salesman when not a weekend warrior.



OVER THE BEACH — Men of the 14th Rifle Company spill from LVT on Tiburon shore "on the double," fanning out to establish beachhead and "capture" the peninsula. The landing spot was near the abandoned Naval Net Depot. Participating in the weekend operation were, besides the 14th Rifle Company, Voluntary Training Unit 12-44, a Marine Reserve officer unit based at Kentfield, plus the 1st Air Delivery Company of San Jose, 2nd Armored Amphibian Company of Treasure Island, 4th Supply Company of Stockton, 6th Communications Company of Alameda, 6th Truck Company of Sacramento, Marine Air Reserve Training Detachment of Oakland and Voluntary Training Units 12-1 (Treasure Island), 12-38 (San Francisco) and 12-45 (Sacramento)

OVER THE FENCE — Troops clear fence of Tiburon Naval Net Depot from beach below as they expand beachhead during invasion operation. The Marine Reserve exercise started Saturday morning and wound up yesterday, with Marin's 14th Rifle Company back at its home base in Kentfield. (All Independent-Journal photos by Jim Kean)

THREE GENERATIONS will model at the Family Service League's "Fashion is a Point of View". Miss Jean Haley debuts with her mother, Mrs. William Haley, and grandmother, Mrs. Robert O'Mara.

DECORATING THE Meadow Club with harbingers of Spring for the April 6 event will be (from left) Mesdames Robert Palmer; Enoch Callaway III, decorations chairman, and Barry Brennan.

League Plans Show Fashions For All

In keeping with the Family Service League's appeal to the typical "Organization Woman" of Marin to participate in its activities, the model list for the forthcoming fashion luncheon at the Meadow Club April 6 will include representatives from several other civic-minded groups.

Since "Fashion is a Point of View" sets the theme for the show, fashions for all ages will be presented, and several models will be accompanied down the ramp by their children, and in one case, Mrs. Robert O'Mara will be shown with her daughter and granddaughter in a three-generation grouping. Mrs. O'Mara represents the Catholic Social Service Auxiliary; her daughter, Mrs. William Haley, represents the Junior Social Service Auxiliary and will model with her daughter, Jean.

The Family Service Agency, for which the Family Service League works, is a project of the Junior League of San Francisco, Inc.

A guest model from the Marin Unit of the Junior League and her children will be Mrs. William Nicolls with daughters Dori and Sally. Mr. and Mrs. Frank Barsocchini's children Lori and Frank, will also model.

Mrs. Joseph Guthrie will model as a board member of the Family Service Agency, and Mrs. Maurice Glazier is a guest model from the Marin Dental Society Auxiliary.

The Family Service League models are Mesdames Leland Wiese, Mrs. Carl Mosher, and Mrs. Neill Smith with children Melanie and Zachary.

Teen-age models from Dominican School include Misses Debby Chamberlain, who is a member of the Upper Grades Nursing Club (Alphi Phi); Sandy Hodgson, and Kathy Fogarty, who are members of the Nursing Club, and Junior Pink Ladies as well. Kathy's mother, Mrs. Daniel Fogarty will join her daughter in the style parade.

Youngest model will be Deborah Lynne Smith, two-and-a-half-year-old daughter of Mr. and Mrs. Tom H. Smith of Larkspur. Denise Friend and Lorrie Reynolds will be the sub-teen models.

Millie Cameron, from Marin's newest modeling school, will furnish the commentary for the fashions from leading local shops, and will also coach the models in preparation for the show.

Hostess Mrs. Allan Littman will direct the young waitresses whom Kathy Fogarty obtained from the Dominican Upper Grades Nursing Club, and who include its president Connie Olds, Sue Matsinger, Barbara Rayburn, Stephanie Shone, Cathy Evans, Domingo Page, Bridgid McDermott, Nan Donahoe, Nicki Boss, Beth Hartman, Pat Grey, Jennifer Ranney, and Mary Ellen McKenzie.

Mrs. Robert Elliott is planning a very different menu for luncheon at twelve and reservations may be made through Mrs. Blyth Adams.

The event will benefit the Family Service Agency of Marin, a professional counseling service for all residents of Marin County, and a member of the United Bay Area Crusade.

Hamilton Wives Plan Trek To Garden Show

Hamilton Air Force Base Officers wives wishing to attend the California Spring Garden Show at Oakland May 3 may make reservations for group transportation with Mrs. Roland Elliott or Mrs. B. F. McConnell, both residents of the base.

WHAT DOCTORS SAY ABOUT

Better Health Through Knowledge

Keep Trying-You May Save a Life

● Asthma Cures

Q. Is it possible to revive an accident or drowning victim after the heart has ceased beating?

A. Even though you can not feel the pulse in the victim of an accident, drowning, electrocution or poisoning, it may not mean that death has taken place. Doctors have resuscitated or "brought back to life" many patients in whom the heart beat couldn't be detected. Heart action and breathing rarely cease at the same time. It is only after both breathing and heart beat cease that there are only about three or four minutes left in which successful resuscitation is possible. Even after this point every effort should be made to revive the victim by applying measures to restore breathing and heart action.

Q. Are doctors any closer to a cure for asthma than they were ten years ago?

A. The basic principles of cure are known but real cures are sometimes hard to come by. Asthma is due to inflammation of the breathing tubes, which tend to contract and become covered with a thick blanket of mucus. Medicines now available only reduce the symptoms of asthma; they cure nothing. Cure of asthma depends on finding whatever is causing the irritation and removing it, correcting complications that may have developed, and cooperating with nature in her efforts to heal the irritated tissue of the breathing system. It is only when the cause of the inflammation is removed that healing will occur. For example, the source of trouble may be some type of tree or grass pollen. Avoid the offending substance and the asthma clears up. It isn't always so simple but the same principle applies — first find the cause and then work out a "cure."

Questions directed to Science Editors, P.O. Box 396, Madison Sq. Sta., N. Y. 10, N. Y. will be incorporated in these columns when possible.

Marion P-TA Elects Officers; Discusses Mental Health

Mrs. Robert Money was elected president of the Marion School Parent-Teachers' Association at a recent meeting.

Other officers elected for 1960 were: Mrs. George Whitten, first vice president; Earl Farris, second vice president; Mrs. Robert Boyer, secretary; Mrs. Tony Quintana, treasurer; Mrs. Glenn Dunbar, auditor; and Mrs. L. A. Heibel, historian.

In a discussion following the election, Dr. Marshall Klaus, pediatrician, speaking on "Temper Tantrums and Nightmares" outlined reasons why the pediatrician is interested in mental health. He stressed that the first five years are the most important in the developing of good mental habits.

Dr. Klaus said that the pediatrician is now taking the place formerly occupied by the grandmother in advising and helping the mother with the early training of the child.

Mrs. Carol Walker said she learned at a special nursery school in Cleveland, Ohio, where she was trained in special work with disturbed children that behavior can be used as a communication. Children do not stand still, they learn early and need guidance and help in developing certain attitudes, she continued.

Harold Gurrish explained the position of the psychiatric-social worker in the mental health program.

His job is to meet the incoming patients in the Child Guidance Clinic and to secure all the information necessary to help the child, Gurrish said.

Dr. Joseph Gudstadt, psychiatrist, set up the procedure for obtaining aid for a school child who has a difficult emotional problem. First the teacher contacts the school consultant, and if the problem cannot be resolved there, he will recommend further consultations with the Family Service Agency, County Welfare Department or the County Medical Department.

Dr. Gudstadt told of the functions of the Marin County Mental Health Advisory Board, of which he is a member.

Refreshments were served by Mesdames Norwood Arnold, Carl Arnold and James Stearns.

Novato P-TA Backs Drive

The Novato Parent-Teacher Association is coordinating the efforts of local schools, churches, youth groups and clubs in collecting American magazines to be sent to European nations in the year-around Magazines for Friendship Drive.

"We feel good illustrated magazines are mightier than dollars in the international battle for men's minds," said Mrs. George Jennings, co-chairman said. "They show how we live and think and depict the freedom and prosperity of democracy."

Mrs. Harry V. Reynolds and Mrs. Paul O'Rourke are also serving as drive co-chairmen.

Those wishing to take part in the program are urged to send magazines in good condition directly abroad to schools, libraries and mayors of cities. Pulp and comic magazines are not wanted, said Mrs. Jennings.

Tam Valley P-TA Elects Staff Awards CCP-T Life Membership

Mrs. Donn E. Nissen of Mill Valley recently was elected by unanimous vote 1960-61 president of the Tamalpais Valley Parent-Teacher Association.

Other officers elected on the slate are; Mrs. Willard Tribble, vice president; Mrs. William Connarn, secretary; and Mrs. Robert McMurray, treasurer.

The president-elect read a testimonial to Mrs. John R. Adams, charter member of the P-TA, unit who was awarded an honorary life membership in the California Congress of Parents and Teachers at the meeting.

Mrs. Adams, mother of two children, has served on the executive board since 1950, holding positions as hospitality chairman, secretary, ways and means chairman, treasurer, education chairman, summer recreation chairman and school board representative.

She has worked for elementary bond issue elections, high school tax elections and on the library committee and has put on puppet shows with her husband for children and their parents. She is a member of the Tam Valley Players and has taken part in their productions.

A major contribution to the community was her three years' service on the Area Survey Committee which produced the master plan for Tamalpais Valley.

Mrs. Adams has also been a Blue Bird leader, a Sunday school teacher, a substitute teacher in the Sausalito School District, and a teacher of gifted children in the Mill Valley District. Recently she was elected treasurer of the Tamalpais Valley Improvement Club.

Leo Edson, assistant superintendent of schools in the Mill Valley district and former Tam Valley School principal, presented the pin to Mrs. Adams.

Mrs. Nissen explained that for an honorary life membership $25 is sent in the name of the recipient to a student loan fund set up for students above high school level who would be unable to continue their higher education without help.

Guest speaker at the meeting was Dr. William Loran, who spoke on "advances in dental health." He stressed the need for proper diet for growth of good teeth. He also spoke in favor of fluoridation.

A cake, iced with an inscription honoring Mrs. Adams, and coffee were served from a table decorated with spring flowers.

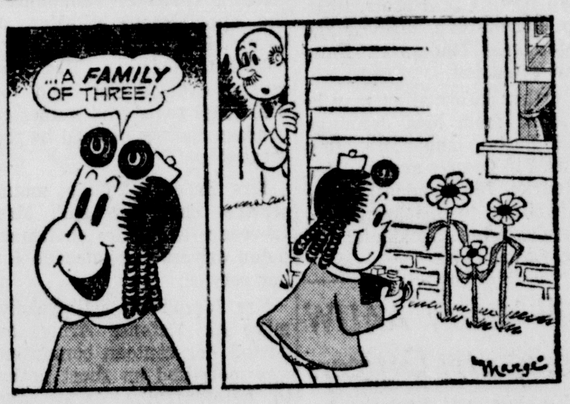
LITTLE LULU



ALMANAC

Today is Monday, April 4, the 95th day of the year, with 271 more days in 1960.

The moon is in its first quarter.

The morning stars are Mercury, Mars, Jupiter, and Saturn.

On this day in history:

In 1841, President William Harrison died in the White House, one month after his inauguration. On the same day, John Tyler became the first Vice-President to succeed to the Presidency through the death of a President.

In 1914, theater-goers saw the first showing of the moving picture serial, "The Perils of Pauline."

In 1932, after five years of research, professor C. G. King of the University of Pittsburgh isolated vitamin C.

A thought for today: English novelist John Galsworthy wrote: "If you do not think about the future, you cannot have one."

THERE OUGHTA BE A LAW

THE PARENTS' CORNER

By RICHARD BARBOUR, Ph. D.
Guidance Counsellor

Thumbsucking Habit Is As Normal To Our Babies As Their Breathing

"I'm crying," writes a mother, "because my husband keeps slapping our babies.

"They are twin girls, 4 months old. They suck their thumbs. My husband has a sister in a mental hospital. She has sucked her thumb all her life. When our babies put their thumbs in their mouths my husband jerks them out. He yells at them angrily. If their thumbs go back again he slaps them, hard. They get a wild, desolate look in their eyes.

"Their little bodies become tense, and they cry and cry. Don't nearly all babies suck their thumbs?"

Yes. Many doctors feel that those who don't would be better off if they did. Thumbsucking is as normal as breathing.

Small babies need love and comfort. They need to sense their parents' complete acceptance and support. They never should be punished. Later your twins need guidance and discipline. Not now.

It'll be hard for your husband to accept what I say. Persuade him to talk about the babies with your doctor. Perhaps he can convince your husband. Have him talk with a psychiatrist about his sister's illness.

In an adult thumbsucking is a symptom of serious strain. It is not an illness in itself.

One way to cause emotional troubles for your twins is to be cruel to them now. What your husband is doing is cruel.

Have you seen the booklet, "And Then There Were Two?" It was prepared by the Twins' Mothers Club of Bergen County, N. J. Both you and your husband should read it. It costs only 35 cents.

Order it from the Child Study Assn. of America, 132 East 74 street, New York City 21, N.Y.

READERS' FORUM

(Q) "A neighbor told me that twins are more apt to be 'problem children' than those born singly. Is she right?"

B.L.

(A) They are more apt to have problems. The theory is that they lose a little ground emotionally while tiny because they must share their parents' love and attention. They can't monopolize things.

Meet Slated In Tiburon On Park Plan

A "Tiburon Open Forum" on the proposal for a national seashore recreation area on the Pt. Reyes peninsula, will be held at Reed School auditorium on Thursday at 8 p.m., sponsored by the Tiburon Peninsula Coordinating Council.

James Hammond, vice president of the Pt. Reyes National Park Foundation, will give a 15-minute presentation for the project. Bryan McCarthy, representing the West Marin Property Owners Assn., will have equal time to present his arguments against the project, council chairman Peter MacGowan said.

Julius Selinger, chairman of the county personnel commission, will moderate the forum. The color and sound Sierra Club film "An Island in Time," will be shown. The film shows the area which is under consideration for the park.

A question and answer period will follow the presentations and the movie, MacGowan said.

State Offers Big School Bond Issue

SACRAMENTO (AP)—A 25 million dollar batch of state school building funds will be offered for sale April 19.

State Treasurer Bert A. Betts said the timing of the sale—just six weeks after the last one—and the relatively small amount represent a new approach in California bond marketing.

With one exception, bonds have been sold in the past three years in lots of from 50 to 100 million dollars, and usually at intervals of three months.

Betts hopes the change in selling policy will help lower the interest cost.

Dr. Abe Milstein, education consultant and consultant in music on the staff of Virgil S. Hollis, county superintendent of schools, presented a paper on "The Effect of Teacher Participation in Curriculum Guide Development Upon Selected Class Room Practices," at a recent meeting of the California Educational Research Association in Bakersfield.

Hub Council Hopefuls Hunt Debate Hall

Two city council candidates backed by the San Anselmo Citizens for Good Government today were hunting a hall in which to stage a debate.

Robert E. Rouse, who with John M. Reichmuth is running with the newly formed citizen group's endorsement, said he had tried unsuccessfully to get the Isabel Cook School multiuse room or the city council chambers in the city hall.

Rouse said he and Reichmuth had addressed a letter to Mayor Arthur W. Smith and Henry J. (Beck) Regalia, opposition ticket candidates, asking for an open debate. He said neither had answered as yet.

City Clerk Anita Gannon informed him, on advice of the city attorney, the city council chambers could not be used, Rouse said. A conflict with another meeting next Wednesday night, when Rouse and Reichmuth hope to stage the debate, prevented use of Isabel Cook School, he said.

City Atty. John G. Buresh said Mrs. Gannon had asked him whether Rouse and Reichmuth could be permitted to use the city hall for a meeting, and his answer was no.

"The city hall is the city's business office and cannot be used for someone's partisan political purposes," said Buresh. He said there would be no bar to its use by some nonpartisan group sponsoring a "candidates' night" at which all four of the council aspirants were invited to appear.

Tryouts For Plays Set At Novato

Tryouts and casting for three one-act plays will be held at 8 p.m. tomorrow at a meeting of the drama section of the Novato Community Club at the clubhouse, 906 Machin avenue.

The three plays which will be performed in the arena theater workshop, are a drama, "Shadow of the Glen," by Lord Dunsany, and two comedies, "Another Way Out," by Lawrence Langer, and "The Case of the Crushed Petunias," by Tennessee Williams.

Participation is open only to members of the community players. Anyone interested in membership may contact Mrs. George Wahl, players' president, 3 Madeline court, Novato.

Donald Keifer, Richard Fuller and Russell Dreosch, directors, will cast their own plays.

Seniors Planning Contest To Raise Funds For Ball

An "ugly man" contest is under way at San Rafael High School to help raise funds for the senior ball June 17.

Each class nominates a senior boy to run for "ugly man" and a two-cent donation is necessary to cast one vote.

The winner will be announced April 19 at the school's annual turn-about barn dance, along with his choice for "ugly woman."

The dance is sponsored by the service club Ra Ravas and the girls invite the boys. The event is a follow-up to Fair Day when all the girls display their new spring cottons. All proceeds go to the American Field Service exchange student program.

Belvedere To Air Tideland Building Law

The Belvedere City Council is expected to act tonight on the city planning commission's recommendation that the subdivision ordinance be amended to allow building on inundated land at its meeting at 8 o'clock in the Belvedere Community Hall.

The subdividers at the latest city council meeting agreed to extend the time for action on the application until Tuesday, so the council will have to act tonight, according to City Manager Britton Rey.

Belvedere Properties, Inc., had applied for approval of construction of homes on pilings on the western tidelands shore of Belvedere Island. The proposal was ruled illegal by City Atty. William H. MacKay, who said that under the subdivision ordinance, it was illegal to build on dangerous or inundated land.

Rey said he expected also to bring up the four-year-old proposal for abandonment of unused lanes and streets at tonight's meeting.

Bone From Bank Helps Youngster Walk Again

A 13-year-old San Rafael eighth grader is home and happy today despite a "walking cast" on his left leg.

Warren Taylor, son of Mr. and Mrs. Jesse A. Taylor, 10 Gilbert street, San Rafael, is well and soon will be walking, thanks to the Marin County Board of Health Crippled Children's Services and the "bone bank" at Marin General Hospital.

Early this month Warren went to the hospital for a second operation to a painful area below his left knee. Last year he was operated on for a bone cyst, and when he and his family came to California from Tennessee, he noticed the pain again.

Another operation was ordered, but without some other bone tissue, his own bone would have had to fill in by itself—a tedious process. And Warren would have been without the use of his leg for a longer period.

Bone from the "bone bank" was healthy tissue obtained earlier from the rib of a woman patient who had a chest operation.

The bone was removed under sterile conditions and stored in a deep-freeze in a sterile dry jar. Cultures were taken of the bone prior to its use on Warren to make sure there was no contamination, and to make sure the bone was in condition good enough for replacement.

Warren's cystic area was removed in a block of bone by use of sharp orthopedic instruments. The resulting cavity was packed with the new bone which had been cut into small pieces. The surgery lasted about one and a half hours.

The boy was in the hospital a week. An eighth grader at Davidson School, he will be assisted at home by a teacher until he can return to his classes and his hobby — making model cars.

GETTING WELL—Warren Taylor is home now, but shortly after a leg operation in which another person's bone was used to help him get well, he smiled from a chair at Marin General Hospital. (George Wheeler photo)

Handicap Talk

Seventy Marin County teenagers interested in learning about care for handicapped children turned out for the second meeting of the Handicappers recently at Redwood High School to hear Dr. Donald Bramwell, associate superintendent of Sonoma State Hospital, speak on "Mental Retardation—Today's Challenge."

White's Hill Road Patched

Chuck holes on Sir Francis Drake at White's Hill were patched up last week as part of a periodic maintenance program along the route, a public works official reported today.

A. P. Stokes explained that the area has an eternal slide condition and must be filled periodically. However, since the route has been declared a state freeway route and will be taken over by the state, the county does not plan to make a major correction in the White's Hill slide area.

Periodic patching and maintenance will continue as in the past, Stokes said.

Novatan Draws Term In Jail For Battery

Willie O. Novak, 26, Novato machinist found guilty of battery and resisting arrest in Santa Rosa Municipal Court on Wednesday, was sentenced Friday to two consecutive terms of 90 days on the two counts.

Bobby Joe Boyd, 27, of Hilarita Housing in Tiburon, who pleaded guilty to disturbing the peace and resisting arrest in the assault by Novak on Sonoma Deputy Sheriff Paul Ahern on March 6, was sentenced by Judge F. Leslie Manker to two consecutive terms of 30 days.

INCOME TAX FACTS

Conditions For Filing Estimate Of Levy

By PETER J. WIKEL, CPA

Do you have to file a declaration of estimated tax for 1960?

You do if:

1. The gross income for the taxable year can reasonably be expected to consist of wages and of not more than $100 from sources other than such wages, and can reasonably be expected to:

Peter J. Wikel

A. Exceed $5,000 in the case of a single individual other than a head of a household or a surviving spouse or, in the case of a married individual not entitled to file a joint declaration with his spouse.

B. Exceed $10,000 in the case of a head of a household or a surviving spouse.

C. Exceed $5,000 in the case of a married individual entitled to file a joint declaration with his spouse, and the aggregate gross income of such individual and his spouse for the taxable year can reasonably be expect-

2. The gross income can reased to exceed $10,000.

onably be expected to include more than $100 from sources other than wages and can reasonably be expected to:

A. Exceed the sum of the amount obtained by multiplying $600 by the number of exemptions to which he is entitled plus $400.

Suppose you are married and have one child for whom you can claim an exemption. Then you would figure this:

3. Exemptions at $600 each totals $1,800; specific exclusion totals $400; for a grand total of $2,200.

So you would be required to file a declaration if your income could be expected to exceed $2,200 and would include over $100 from sources other than wages.

The declaration may be a joint one with your spouse or a separate filing. Any tax paid on a separate declaration may be used to pay the tax due on a joint final return. Likewise, any tax paid on a joint declaration may be used to pay the tax due on separate final returns.

Declarations of estimated tax are made on Form 1040ES. These forms are available at your local office of the Internal Revenue Service.

Your estimate and one quarter of the tax is due on April 15, 1960. Payments are due on June 15 and September 15, 1960, and Jan. 15, 1961. On any one of these due dates you can file an amended estimate and change the amount of tax you are paying.

Interested parties are welcome at the first class meeting with no obligation, said Evelyn Freel, secretary. Classes will meet every Tuesday with Gordon Collins doing the calling.

5 Offenders Clam Up, Still Get Fined

Judge David R. Baty might appropriately have announced "fines of 25 clams each!" in justice court of the Northwest Judicial District at Point Reyes Station Thursday.

But he didn't. Decorum prevailed and fines of $25 apiece were imposed upon Sue Lee, Hoon Chun Lee, William Wong, David Wong and Samuel Yim, all of San Jose and alleged by Fish and Game Department investigators to have been found surrounded by illegal quantities of clams (the real kind, not financial) on the West Marin coast.

Clams of the cockle type are limited to 50 per day by law. Investigators said the Chinese group had collected well over this with no accounting for those already eaten.

POURING AT a recent tea held at her home to finalize plans for the 8th annual Marin County Antiques Show and Sale, April 21-24 in Sausalito is Mrs. Leigh Athearn, who is in charge of ticket sale. From left are Mesdames Harrison Leppo, president of the Rector's Guild, Church of Our Saviour, Mill Valley, sponsoring group; R. L. Perry, in charge of "Grandmother's Cupboard; Christophere Castle and William Perdue.

SEATED TOGETHER on an Empire heirloom sofa from Jacinto Ranch are, left, Mrs. Whitney B. Robbins, co-chairman, with Mrs. Philip T. Smith, general chairman of the forthcoming show which will be open daily from noon until 10 p. m. Both women have been working hard with their numerous committees to make this April antiques event the most successful ever.

SHOWN BESIDE an Empire game table at Mrs. Athearn's home is Mrs. James Behr, left, in charge of advertising. Mrs. S. C. DeGuerre, center uses an early continental telephone, and Mrs. James Rubey, right, is handling the radio and television programs. Mrs. DeGuerre is in charge of staffing.

Eighth Antiques Show And Sale Looks To Be The Largest Ever

Committee Chairmen for the 8th annual Marin County Antiques Show and Sale to be held April 21-24 in Sausalito have been busy at their last two meetings, planning the four day event which will be the largest they have staged, according to Mrs. Philip T. Smith, general chairman.

One of the recent meetings was held at the home of Mrs. Robert E. Byard Jr. of Mill Valley, an avid collector of bells, and a member of the Rector's Guild of the Church of Our Saviour, who has for four years in the past acted as chairman of the annual antiques show. Mrs. Byard's home has lately been decorated in beautiful Oriental style by Mrs. Helen Van Cleave Park and members exclaimed over its beauty when they met there recently. Mrs. Byard has collected many lovely pieces from the Orient both in her travels and through shopping at the annual antiques show.

Among the 50 members who recently enjoyed a planning luncheon at the home of Mrs. Leigh Athearn were co-chairmen of the 8th annual event, Mrs. Philip T. Smith and Mrs. Whitney B. Robbins.

Others who have been working hard to assure the success of the four day event are Mrs. Harrison Leppo, President of the Rector's Guild, sponsoring group, who is handling public relations, Mrs. S. C. deGuerre and Mrs. William Perdue, who are both busy with staffing and Mrs. Leslie Wellington, who is allotting the floor space to the 35 antique dealers who will show their wares.

Having luncheon at Mrs. Athearn's put the group in the mood for antiques since her home is furnished with lovely pieces mostly from her family. A dignified Empire sofa brought from Virginia originally belonged to her great great grandparents, Dr. and Mrs. Hugh Glenn, whose ranch in Glenn County was founded before the gold rush days and became the largest wheat ranch in the world.

Looking ahead to the April event is Mrs. C. Frank Whitehead, who is in charge of hostesses and registration; Mrs. James Rubey, who is arranging radio programs, and Mrs. Leigh Athearn, who is handling advance ticket sales.

Mrs. Helen Van Cleave Park enjoyed seeing the lovely mahogany drop-leaf Queen Anne table, circa 1712, which is in Mrs. Athearn's living room, since she will be one of the decorator consultants at the show.

It was brought to this country by sailing ship by Mrs. Athearn's great, great grandmother from the Galbraith estate in North Ireland. Interesting indeed is the fact that "young" Abe Lincoln was a family friend in Springfield and is said to have dined from this table many times.

While the committee members recently were enjoying the luncheon at Mrs. Athearn's, they also were busy comparing recipes which will be featured at the luncheon and snack bar at the antiques sale. The committee is headed by Mrs. Herbert Marsh, assisted by Mrs. Murray Hammond. Another new food idea is the "Grandmother's Cupboard," chairmanned by Mrs. Eleanor Perry, which will feature an array of unusual food delicacies to take home.

Others who are putting in lots of time toward promoting the most outstanding antiques show in the bay area are: Mesdames Otto Weissich, Ronald Brindley and J. J. Savage, dining room staffing; Ralph Martindale, dining room cashier; Aubrey W. Harwood Jr. and Leslie Wellington, outdoor advertising; James Behr, printing, E. M. Tobin and Ronald Brindley, mailing; L. V. Killion, phoning; and R. E. Byard Jr., advisory. Assisting Helen Van Cleave Park with the decorations will be Mrs. John Wyand. Mrs. Jay Chilton is acting as treasurer and Mrs. Ralph C. Noah is handling publicity for the third year.

Guild members who enjoyed the meeting at Mrs. Athearn's home were entranced to learn that the furniture in her master bedroom includes a hand hewn, hand carved rosewood boat bed that was brought from Philadelphia by her great-grandparents when they sailed around the horn over one hun-

dred years ago to become publishers of San Francisco's first newspaper, the Alta California. The bed's companion piece, a gracefully curved bureau with white marble top, is in the adjoining dressing room, quite well suited to the gold footed bath tub and the mellow old Persian rugs which adorn the floor.

Also whetting the guests' appetites for heirlooms when they held their latest planning meeting at Mrs. Athearn's were antiques from Jacinto, the Glenn County ranch of Dr. and Mrs. Glenn. A small walnut Queen Anne tea table, antique silver pieces and jewelry are included, along with a beautifully contrived gold bracelet with a photograph of Dr. Glenn concealed beneath a locket top. This was an engagement gift to his bride, Nancy Harrison Abernathy—a cousin of Jefferson Davis.

A nine-foot tall grandfather clock, once the property of Mrs. Athearn's grandfather, Thomas P. Woodward who resided in Pacific Heights, fills the hall with Canterbury chimes each quarter hour and the dial above the face still accurately marks the phases of the moon. Small fry delight in being held up to wind the clock with an old brass crank—a Sunday morning ritual. The cabinet of this old clock was made in England of magnificently matched flame mahogany but the works are French.

A Sheraton game table with gate leg and folding top, circa 1795, came around the horn over 100 years ago, according to Mrs. Athearn. Upon it lies an opium pipe of polished bamboo and silver brought from China by clipper ship in the '70s by Thomas Woodward, her grandfather, who had sailed with a University of California astronomical expedition to view the transit of Venus of 1876.

The 8th annual Marin County Antiques Show and Sale, proceeds of which will go to the Church of our Saviour in Mill Valley, will be held Thursday, April 21 through Sunday, April 24 at the IDESST Hall, 511 Caledonia Avenue, Sausalito, a location which offers more space than the former Mill Valley location. Show hours will be from noon to 10 p.m. daily and one ticket entitles the guest to come and go as he pleases during the four-day event.

FOCUS SHOW TO FEATURE EASTER STYLES

Peter Rabbit will come hopping along next Tuesday, April 12, at Rickey's popular Fashion Focus luncheon with a basket of Easter eggs, bright spring fashions, and a lot of happy "Easter Dreams" for mothers and children who enjoy the special vacation fashion luncheon.

At this lovely season of the year when everything in nature is bursting beautifully around Marin, the Easter promenade will honor the Junior Museum Service League. for it is their financial and volunteer support of the Junior Museum that has helped to acquaint countless chil- and adults with these wonders of nature, wildlife and natural resources abounding in our area.

Completely "Easter Dreamy" will be the attractive Junior Museum members bers who will model with their children from nursery to pre-teen. The spring collection of a Belvedere shop, will outfit mothers for spring in designs by Caryle, Lanz, Mr. Mort, and Elaine Terry. For well mannered young ladies and gentlemen, a San Rafael children's shop will show the delightful Easter way to look.

Easter eggs, a special children's menu, bunnies to greet them in the lobby and some more extra surprises will make the afternoon fun and fashionable for children and their mothers (and grandmothers and aunts, too).

Reservations to catch a few "Easter Dreams" may be made by calling Rickey's. The popular luncheon begins at 12:30 o'clock and is open to the public.

Pot Luck Supper

The Fairfax Central P-TA will hold a pot luck supper this evening at Deer Park School, Fairfax, from 6:30 to 7:30 o'clock in the multipurpose room of the school. A program on Conservation will follow the dinner.

Lagunitas P-TA Meets Tomorrow

"A National Park for Marin?" will be the topic of the Lagunitas P-TA's meeting tomorrow at 8 p.m. at the school. The meeting has been changed from its traditional day because of a conflict with a scheduled school board meeting.

Dr. Paul Wilson, chairman of the Life Science Department of the College of Marin, will be the principal speaker. A longtime resident of Marin, he is well known for his interest in and knowledge of Marin's natural history. He is now vice president of the Conservation League and has worked with the National Park Department as a naturalist. He has been taking his students on tours throughout the area for 28 years.

Dr. Wilson will show colored slides of unusual beauty and interest, illustrating the wealth of natural beauty which the proposed national park area along the Pt. Reyes Peninsula contains.

Also on the program will be a brief presentation of another issue—fluoridation—by a well-qualified speaker.

Ross Valley Players Celebrate Their Birthday At Gay Party

The Ross Valley Players celebrated their 30th birthday last Saturday in a Reunion that attracted more old and new members than any of its gathering in recent times. The gay and festive party was held in the Barn at the Marin Art and Garden Center in Ross, the traditional center of operations for the Players.

Highlight of the evening came when Mario Gianetti was announced as Honorary Vice President in a surprise conclusion to the evening's gaiety. He is the first of the RVP members to told this post, granted in observance of his many years of faithful service to the group.

Mr. Gianetti was brought to the stage ostensibly as part of the final dramatic sketch, where he was met by Roland Irving, president, who made the formal announcement in a kind of "This is Your Life" climax. Then, Arthur Gustafson, a friend of Mr. Gianetti since childhood, presented him with an engraved silver tray and a scroll that had been signed by all those attending.

Special guests of the evening were Eugene Lloyd, who served as president of the group for the first two years of its existence and Mrs. Lloyd, and Capt. Alvah Conklin who was the first secretary and who, with Mr. Lloyd, was one of the founders. Capt. Conklin loaned some early programs and the first membership list which was displayed along with many other mementos on the walls of the Barn.

Other charter members who renewed old acquaintances were Mrs. Gertrude Adams and Mrs. Melville (Kitty) Oppenheimer.

Heading the receiving line were Roland Irving, the present year's president, and Mrs. Irving, together with past presidents and their wives, Messrs. and Mesdames William Millen, Jackson Bennett, Ralph Alden, Donald Morrell, Robert Lee, Henry Cabaud, Richard Tyler, Aaron Rucker, Newton Zobel, Ernest Kroll, Francis McGrath, John Dowling, Erwin Holton and Mr. Harold Riede.

Ralph Alden and Jackson Bennett were co-chairmen. Robert Lee was master of ceremonies and producer of the performance. Daniel Fitzroy performed his celebrated magic act, William Millen joined the Square Dancers, John Dowling acted as chief of protocol at the receiving line.

Following dinner, Robert Lee opened the evening's entertainment with a brief history of the Players and introduced the first of several sketches which traced the history of the players in dramatic terms.

Taking part were the group's Singers, Felix Desimone, Francis McGrath, Walter Gaetjen and the Mesdames Earle Young, Ray Wonnenberg, Lewis Carlson, John Lesoine, Harriet Lofgain knowledge to survive . . . as we exert physical and spiritual power, our presence will be felt more strongly with the aim of peace in all its facets."

Toastmistresses Club Looks At Russia

Maybelle Culpepper was first prize winner and Freda Preston second place winner at last week's bi-monthly meeting of the Toastmistress Club of Marin No. 615 at the Woodlands Restaurant in Kentfield.

Mrs. Robert Bunney was topic mistress for the evening and President Mrs. Leland Brown gave the welcoming speech.

A lively informal discussion on differences in idealogies of the United States and Russia led by Reggie Waldon was one of the highlights of the evening.

In answer to Mrs. Waldon's question on what was the opinion of Mayor Christopher's recent trip to Russia Jean Hanson favored the trek by answering: "It demonstrated friendliness on a political level."

But Mary Ford cautioned, "We must get to understand each other so that we will know how to proceed. We must also stand our ground."

Mitzi Brown stressed the fact she did not believe Russia would ever allow Germany to be unified and Marian Allen suggested that children should learn the Russian language in school because by learning "communication, the better our relations will be."

Mrs. Waldon closed the discussion by saying, "the world is as it is and if we are to solve our problems, we must

Triple C Plans Mystery Program

"Getting to Know You" is the theme of a mystery program to be presented at the Mill Valley Community Church Club's luncheon meeting tomorrow, according to program chairman Mrs. Lowell F. Jett.

Under the direction of Mrs. John Hurley, clues to the personalities of 12 mystery members will be given in luncheon decor for each table in the form of their hobbies and collections.

After Mrs. Hurley gives a thumbnail sketch of each personality revealing approximate age, number of children, ancestry and religious background, the audience will be asked to identify the people.

From information in questionnaires given to members last autumn, Mrs. Hurley selected the people to be honored at the meeting.

Among the hobbies to be displayed will be such things as an ancient Chinese embroidery and an incense burner, hand carved leather objects, crafts and materials from India and Pakistan, block prints, antique tin cooking utensils, paintings, hand made ceramics, a collection of old cookie cutters and hand woven fabrics.

Chairman of the day is Mrs. W. H. Symmes.

The "Thirteenth Apostle" by Eugene Vale will be reviewed by Mrs. James Betts at the reading section of Triple C on April 20 at 2 p.m. Tea will be served following the book review.

Today is Tuesday, April 5, the 96th day of the year, with 270 more days in 1960.

The moon is approaching its full phase.

The morning stars are Mercury, Mars, Jupiter, and Saturn.

On this day in history:

In 1614, Pocahontas became the wife of John Rolfe, an English colonist.

In 1827, the founder of modern antiseptic surgery, Sir Joseph Lister, was born.

In 1916, Charles Chaplin became the highest-priced film star in the world by signing a $675,000 contract with the Mutual Film Corporation for one year's work.

In 1946, a fire at St. Anthony's Hospital at Effingham, Ill., killed 74 persons, including 10 new-born babies.

A thought for today: One-time British Prime Minister Benjamin Disraeli, the Earl of Beaconsfield, said: "Ignorance never settles a question."

8-YEAR-OLD TEACHES HOW TO CATCH FROGS

The Southern Marin Recreation Center, which has a varied line of activities for the small fry, came up with a new one last weekend: Frog catching. With 8-year-old George Berticevich as instructor, 15 youngsters turned out for a "frog catching lab." Above, Georgie—who catches frogs by hand—shows how it's done in tall grass. He didn't come up with a frog this time, though—just a stray tennis ball. Below, Georgie holds tiny live frog he's caught while pupil Kelly J. Wheeler Jr. holds much, much larger stuffed frog, which was caught for him by parents with cash. There's a reason for all the webfoot stuff: The recreation center plans a frog jumping contest at 1 p. m. Saturday. None of the frogs caught last Saturday was big enough to be a likely contender for a new frog leap record, though. (Independent-Journal photos)

Grand National Scheduled For Next Weekend

SAN FRANCISCO (AP)—Ushering in Easter vacation next weekend will be the five-day annual Grand National Junior Livestock Exposition which will feature a 4-H queen, a Host Counties queen, and a horse show queen.

Two of the reigning beauties have been selected. Marty Kelso of San Mateo for the host counties' and Linda Fensky of San Francisco for the horse show.

The 4-H queen will be selected Saturday, opening day of the show.

A total of 3,985 animals will be exhibited by the 1,369 Future Farmers of America and 4-H club members.

State School Board To Air Textbook Publication Issue

SACRAMENTO (UPI) — The state Board of Education will meet here Thursday and Friday to discuss a board-Legislature stalemate over elementary textbooks.

The board voted March 10 to purchase five million privately printed books for the first time since 1931. All previous texts have been printed by the state.

But the Legislature voted to restrict the purchase by repecting a $2,500,000 addition to the state budget to help the higher cost of privately printed texts.

Roy E. Simpson, state superintendent of public instruction, said he had asked Atty. Gen. Stanley Mosk for an opinion of whether the board's constitutional authority has been infringed by the Legislature's action.

Simpson also asked if the board's previous action adopting the books binds it to buy the texts.

In other action, the board will:

Study proposed unification of 14 school districts in Fresno and Madera Counties.

Discuss formation of two new junior college districts in San Diego County and unification geography, history and political science and take driver training and other non-academic courses out of social studies.

Discuss a 250-million-dollar five-year expansion plan for 15 state colleges to nearly double student capacity at the institutions.

Hear a report that the state budget for the fiscal year beginning July 1 includes $62,446,000 for state college operations and $39,434,000 for new buildings and additions.

of a small high school district in Colusa and Glenn Counties.

Act on a suggested new social studies program to give greater emphasis to economics,

MIDDLEBURY, Vt. (AP)—Robert Forrest is only a high school actor, but he's proved himself a trouper in the best Broadway tradition.

A few hours before the Middlebury Union High School senior class play, "Our Town," was to go on, Robert's mother died at Porter Hospital.

But when the curtain went up on "Our Town," young Robert was there in his role as Simon Stimson.

Here Are Three Steps For Parents To Guide Their Teen-Agers' Dating

Do your teen-agers go steady? Millions do.

Let's take a frank look at the risk involved. Then see what we can do about it.

The chief risk in going steady is undue intimacy. Kids going steady spend their afternoons and evenings together. They develop many common interests. They feel a very strong attraction to each other. Usually they are in love. Too much familiarity often follows.

Many girls who wouldn't dream of necking with anyone else, will lower their barriers with their steady boy friends. A few girls even argue that it is right to go the limit. Their boy friends may feel the same way.

How can you protect your teen-agers? I suggest three steps:

First, prepare them. Let them know the risk before they go steady. Answer their questions frankly. Don't evade things. Let them understand they must set limits, and abide by them.

Next, be sure they go steady with only responsible, decent kids. Your girl shouldn't date young wolves. Your boy should avoid predatory girls. If possible, have your youngsters date kids with a good church background. They usually have higher standards than those raised without religion. They are more dependable.

Third, set up some rules — no parties which aren't chaperoned; no drinking; definite hours for returning home. Well raised teen-agers subconsciously welcome rules. They argue about them, but underneath they're glad they don't have to make decisions themselves.

READERS' FORUM

(Q) "Can you recommend a magazine for a teen-age girl? My daughter is 14. She is in love, and very giddy. She won't listen to me. Maybe she'll take some magazine advice seriously."

J.D.

(A) There are both good and bad magazines. One for the girls which I like is "Datebook." Order it from Young World Press, 71 Washington place, New York 11, N.Y.

Pigeon Pal

SAN DIEGO (AP) — Stanley Burgi, 13, stayed awake all night to hatch a pigeon.

He kept the egg, from which sounds of the baby's peckings were coming, warm in his hands.

Stanley said the mother pigeon flew away and didn't come back to her nest. After the hatching, he took over the job of feeding with an eyedroper.

San Rafael Schools Plan Busy Summer

More than 20 per cent of the students in the San Rafael elementary and high school districts are expected to attend no-credit summer school sessions this year.

Enrollment so far in the sessions, which begin June 27, totals about 1,150 students, reported Ralph Hansen, director of instruction and guidance at San Rafael High School.

Enrollment now is slightly ahead of last year at this time, he said, and is expected to grow. Deadline for enrolling students is April 29. Classes will operate from 8:25 to 12:35 p.m. at the high school for grades four through 11.

Beginning June 26 and ending July 22, students can take remedial courses including arithmetic, reading, composition and foreign languages. They can join what Hansen termed "enrichment" classes, including music, fine arts, industrial arts, business education, driver training, drama, cooking and sewing.

In addition to these four-week sessions, the district is offering six week seminars, June 27-Aug. 5, in Spanish, French, German, Latin, introduction in mathematics and public speaking.

Other seminars, which the district hopes to limit to about 20 students, will be offered in languages and literature, science, mathematics, social studies and the fine arts.

Students may obtain credit for the courses only in special cases, Hansen said. Classes are open to all students living within the school district, whether or not they attend city schools. Others may enroll if classes are not filled, Hansen said.

Terra Linda Recreation Program Set

A recreation program for youngsters from first grade through high school age will open Saturday at Santa Margarita School in Terra Linda.

Archery, tumbling, volleyball, a story hour at 1 p.m., and sports will fill each Saturday from 9 a.m. to 3 p.m.

The program is sponsored by the Terra Linda Community Services District and is expected to continue as a more extensive summer recreation program when schools are closed.

Mrs. Clarice T. Kraemer and Mrs. R. C. Aregger will conduct the story hour. Gerhard E. Lust, boys' physical education teacher at Vallecito School, is in charge of the entire program.

Drake Student Named For Study In Great Britain

Barbara Cassin, daughter of Mr. and Mrs. James Cassin of 325 Hidden Valley lane, Sleepy Hollow, will be the sixth Sir Francis Drake High School student to go abroad under the Experiment in International Living program this summer.

Miss Cassin, a senior, selected Great Britain, and will be notified in May who her family will be, and where she will stay.

Miss Cassin is active in Mariner Scouts and does volunteer work for the Gray Ladies at Sonoma State Hospital. She plans to major in nursing and has applied to San Francisco State College and the University of San Francisco.

Ike Urged To Call Session On Narcotics

SACRAMENTO, (AP) — The California Legislature yesterday urged President Eisenhower to call a White House conference on narcotics.

The Assembly unanimously adopted a Senate-approved resolution by Sen. J. William Beard (D-El Centro) calling the illicit narcotics traffic a national and international problem and urging the conference.

It's Apple Blossom Time In Empire

SEBASTOPOL—White petals of apple trees in the Sebastopol area of the Redwood Empire are beginning to bloom, with indications they will be at their loveliest through the next two weekends.

As in past years, the Sebastopol Chamber of Commerce will have a 44-mile route posted to enable motorists to drive through the most beautiful blossom areas. From Sebastopol, the route goes north into the Russian River region, south to a point near Canfield, where there are jogs to the west and east of the triangular course.

Concerts Show Kids Music Can Be Fun

By MAYBELLE SPECKMANN

Saturday's Music for Minors concerts showed youngsters that making music themselves not only can be lots of fun now but could be just as much fun when they are "old folks" like mother and dad.

With the well-attended 10 and 11 o'clock performances "Music in Small Groups" in San Rafael High School's auditorium, director Barry Mineah closed the 1960 season of the successful series of children's concerts that have been sponsored for eight years by the Symphony Guild of Marin.

Jim Sullivan, as the eager music lover determined to learn some instrument, opened the program illustrating the sour notes and other painful mistakes of a not-too-talented student.

Personifying the beginner and the professional were little James Chesnut, who attempted to blow the French horn, and his father Thomas Chesnut who in one of the musical high points of the concerts played on the same instrument a portion of the second movement of Mozart's Horn Concerto, accompanied at the piano by Mineah.

What amateurs can do with the difficult French horn was capably demonstrated in a bolero and "Lorelei," a German folk song, by a trio of Chesnut's pupils, Jennie Lyons, Tommy Sather and Dirk Noyes.

The contrasting "Allelujah" by Mozart and "Abraham Brown Is Dead and Gone," sung by Mineah's well-trained boys' choir of the Mill Valley Church of Our Saviour, showed what fun it could be to sing in a group of this kind.

But the entertainment highlight of the morning for the children was Haydn's "Toy Symphony," played on toy instruments by sixth graders at the Marin Country Day School, directed by Mineah. The sound was no more weird than some "way out" music to be heard nowadays, and keeping of time and reading score were a highly serious business, even if it was only with waterwhistles and the like.

Young Philip Lowengart's playing of the piano as the real musical line of the piece was good.

Mineah's chamber singers in unaccompanied numbers such as "On the Plains" and the spiritual "Elijah Rock" showed the small fry one way grown-ups can enjoy music without being professionals. Leo Christiansen's recorder players, both adults and children, proved how easy it is to play lovely music like Mozart's "Country Dance" and "Pass Time With Good Company," composed by King Henry VIII of England.

The audiences of around 650 youngsters were better behaved and more attentive at these concerts than they were at any of the others. Credit goes perhaps to the interest of children in children, who made up most of the performers, together with the opportunity for releasing energy in laughter at the clowning of Sullivan, who tried to get into each act as a performer.

At the end of the last performance, with a long white beard, Sullivan was still trying to learn the clarinet as a final choice. He should have tried the recorder. It's the easiest of all instruments to learn, according to Christiansen.

LAW IN ACTION

What Lawyer Means When He Objects To Evidence

(This column, prepared by California attorneys so you may know more about our laws, appears regularly in the Independent-Journal.)

A trial ends disputes. To do so justly gets a court disputed facts through witnesses under rules of evidence.

You hear your lawyer object: The proposed evidence is "irelevant, immaterial and incompetent." Unless he does object then and there, he may lose your right to appeal in higher courts later on.

1. If he objects to "irrelevant" evidence, he means the facts offered are beside the point. If you sue Jones for a debt, you might arouse the jury by showing that he beats his wife. Although true, the beatings scarcely prove your claim that Jones owes you money. Irrelevant.

2. If your lawyer objects to "immaterial" evidence, he is saying, in effect, that it may have something to do with the case all right, but would not tilt the scales either way. It has little weight.

3. If he objects to "incompetent" evidence, he is saying either that the witness or the facts are ruled out, no matter how true, relevant, or material they may be.

For example, it is against public policy and "incompetent" for a wife to testify against her husband in most criminal trials.

Hearsay, too, is mostly "incompetent." Suppose in a theft case Jones told a jury that he heard Smith tell Green that he saw Brown steal a car. In a theft case courts would rule out such a story as "hearsay" and incompetent.

Like gossip, you cannot rely on hearsay nor test it by cross-examination. Green might have been talking out of spite or telling a tall tale for fun.

But Brown's slander suit against Smith might well be something else. Jones' evidence would be material, relevant, and competent: For it would tend to show that by his gossip Smith had been hurting Brown's good name.

As a rule only an expert can give competent "opinion" evidence. A doctor could give an opinion as to a cause of death.

If the judge errs in ruling on evidence, your lawyer can ask for a new trial. Failing this, he can go to a higher court.

There he must show that (1) the judge did err, and (2) his error unfairly harmed your case.

Miller Asks Opinion On Varied Issues

WASHINGTON — Residents of California's Redwood Empire are being asked their opinions on issues before Congress by a questionnaire being mailed to them by Rep. Clement W. Miller (D-Corte Madera.).

Mailing of the questionnaire began this week.

It contains 22 questions on specific regional, national and international issues.

In addition to questions on specific subjects, Miller asks an "open" question: What do you believe are the three most important questions facing our country today?"

The questions vary from opinions on World Court abolition to preservation of Pt. Reyes peninsula as a national seashore park and recreation center.

Here are some of the questions:

Do you believe all American children should have approximately equal educational opportunities?

Many people believe we need more school classrooms and better teachers' salaries, but hold that local property taxes are about as high as they can go. Do you favor federal support for education to relieve our classroom shortage and assist with teachers' salaries?

Would you favor legislation which would assist home-builders, lumbermen and prospective home buyers now restricted by tight money?

Should the federal government help local governments plan and pay for these types of projects: Harbors, airports, flood control, water and air polution control, fish and wildlife betterment?

Do you feel the federal government should participate in the field of outdoor recreation?

Similar questionnaires are mailed to constituents by many members of Congress. Miller said he hopes by this poll to learn the views of "more of the people I represent."

The questionnaire is being sent to about 155,000 persons in Miller's seven-county First District, including Marin County.

Any persons in the First District desiring a questionnaire and who doesn't receive one within the next two weeks may get one by writing Miller at 135 House Office Building, Washington 25, D.C.

New Rule On Liquor Permit Shift Urged

SACRAMENTO (AP)—The Alcoholic Beverage Control Department proposed a new rule yesterday to tighten up provisions against tranfer of liquor licenses from county to county.

Other new regulations proposed for adoption and to be discussed at public hearings here April 25 and 26 would:

1. Allow former law enforcement officers told liquor licenses immediately after leaving law enforcement work. They now must wait at least a year.

2. Tighten up regulations requiring beer to be fair-traded and generally liberalize beer discount regulations but prohibit discounts for draft beer.

3. Prevent use of new labels which the public might confuse with existing labels.

4. Provide that close-out sales must be of goods held by the seller for at least six months.

5. Prohibit bars from leasing out food-selling activities to concessionaires.

Phone Company Ousts PG&E As Champ Taxpayer

SACRAMENTO (AP) — Pacific Telephone and Telegraph Co. is California's new tax-paying champ, replacing Pacific Gas and Electric Co.

During 1959-60, PT&T will pay $72,807,759 in property taxes, up 13 million, on the basis of state Board of Equalization estimates. PG&E, long No. 1, will ante up $65,619,657, an increase of three million.

Despite its lower tax bill, PG&E still has the most valuable properties in the state —assessed at $1,049,519,330. PT&T is assessed at a little less than 950 million.

The telephone company pays higher taxes because most of its holdings are in the highly taxed urban areas.

BUT CAN THEY SHOOT DOWN RED MISSILES?

SALT LAKE CITY, Utah, —The Utah National Guard has issued bows and arrows to specially trained archery units.

"Unconventional warfare demands unconventional weapons," says Maj. Gen. Maxwell E. Rich, Utah adjutant general.

The archery units will be trained to drop behind enemy lines to organize guerrilla fighters.

Ends Army Training

Army Pvt. Roy D. Powers, 20, son of Lloyd A. Powers of San Rafael, completed eight weeks of advanced individual light weapons training recently at Ft. Ord.

Toastmasters Seat Staff

Joseph Cranmer of Tiburon was installed as president of the Marin Toastmasters Club 890 last night at the Woodlands Restaurant, Kent Woodlands.

Other officers to be installed by District Governor Gordon Dickey of Oakland are: Jack Van Houten of Tiburon, educational vice president; Alan Jopson of San Rafael, administrative vice president; J. A. English of Fairfax, treasurer; Del Preston of Mill Valley, secretary, and L. R. McCreary of San Rafael, sergeant-at-arms. Outgoing president William Poulopoulos of Greenbrae will participate in the installation.

The Empire State Express, a New York Central and Hudson River railroad train, ran a mile in 32 seconds in 1893.

Realty Man Sued For Commissions

William G. Rutherford, former Mill Valley real estate broker, is being sued in Marin Municipal Court for $905.40 which another real estate man says he owes in commissions.

Milton A. Crabtree of Mill Valley contends that he rendered services to Rutherford as a real estate salesman in 1958. Crabtree says that on March 12, 1958, he sold a house for Rutherford on a promise he would get $675 commission, and another house on April 2 that year for which Rutherford promised to pay $230.40 commission. The commissions have not been paid as yet, says Crabtree.

He is asking the court for payment of the commissions, plus interest and attorneys' fees.

Assembly Passes Measures To Curb '10 Per Centers'

SACRAMENTO (UPI) — The Assembly approved and sent to the Senate yesterday bills designed to curb the activities of so-called "10 per centers" in the field of second mortgages on homes or property.

Two bills by Assemblyman Richard T. Hanna (D-Fullerton) were adopted in the lower house on roll calls of 69-1 and 65-0.

Hanna admitted the legislation was only a stopgap effort to crack down on what he called a "vicious practice by wheelers and dealers in the mortgage field."

He said he hoped a full-scale legislative investigation would be made before the 1961 session when further proposals can be offered.

One bill seeks to protect the buyer for purchasing homes that already have mortgages equal to or more than the market value of the property.

It requires full disclosure by the seller of the condition of the title at the time of sale, makes it a misdemeanor to encumber a property for more than it is worth and also makes it illegal to divert money paid by the buyer.

This, Hanna said, would protect the home buyer from foreclosure after he has made his payments but found that the money was diverted and that the first trust deed holder had not been paid.

The second Hanna bill is aimed at protecting persons who buy second mortgages on assurances they will get a 10 per cent return on their investment.

It provides that when they invest their money, the broker must disclose the full value of the property, list all prior encumbrances and the balance which would be security on the latest loan.

Construction Up In Corte Madera

Permits for construction jobs valued at $137,284 were issued in Corte Madera last month by Building Inspector William G. McBride.

The total was up $27,878 from February, but down $589,111 from March, 1959. It includes seven new one-family homes valued at $126,320.

McBride said he collected $843 in permit fees last month.

Center Offers Big Values For Easter

FURNITURE HIS SPECIALTY — Marvin A. McConnell, 49, manages furniture department of huge new Montgomery Ward and Co. outlet in Corte Madera Shopping Center. He and his wife, Margaret, reside at 14 Seawolf passage in Corte Madera's Mariners Cove development. They have two married daughters. McConnell is a graduate of the University of Oregon.

DEPARTMENT MANAGER — Dale B. Danley, 39, of Larkspur, is manager of men's and children's wear department of Montgomery Ward and Co.'s new Corte Madera Center store. He and his wife, Glenn Elizabeth, and daughter, Monica, reside at 107 Baltimore avenue.

Easter Value Days will be celebrated tomorrow through Saturday at Corte Madera Shopping Center on Highway 101.

The big four-day sales "spectacular" is another in a series of merchandising events being held at least once a month at the center in 1960.

John T. Gray, president of the Center Merchants Council, said Easter Value Days is expected to lure thousands of Marin shoppers who prefer the convenience of doing business at a "one-stop shopping community."

The bargain event, he added, will feature low prices tailored to accommodate the tightest of family budgets. The merchants are combining their efforts for "this all-out holiday splurge," Gray said.

Corte Madera Center has no parking problem, thanks to its two spacious parking areas which can accommodate more than 2,100 cars at the front and rear of the stores.

Rainy weather is no problem, either. Shelter from the elements is provided by the center's covered walkways, on which families may take leisurely strolls and keep an eye out for value items on display in large show windows.

An extra added attraction during Easter Value Days will be the appearance of a pair of roving Easter bunnies. They will hand out free balloons from 1 to 7 p.m. tomorrow and Friday, and from 10 a.m. to 5 p.m. on Saturday.

The big white rabbits (Gerri Scott of San Anselmo and Shireen O'Brien of Kentfield) will be happy to pose for photographs with the youngsters. The merchants have urged parents to bring their cameras.

For convenience of late shoppers, all stores at Corte Madera Center will be open until 9 o'clock tomorrow and Friday nights.

Here is a handy list of the 33 stores and services at the multi-million-dollar shopping center:

Mongomery Ward and Co. (retail store and auto service center), First National Bank, Herbert Sherbet Shoppe, Keifer Shoe Repair Center, Mam'selle Stylists salon, J. C. Penney Co., W. T. Grant Co., F. W. Woolworth Co.

Thrifty Drug Store, Littleman Market, Louis George Men's Apparel, Harmony Music Center, Gallen-Kamp's Shoe Store, Toy World, Martin and Harris Appliances, Kramar's Shoe Store, Anita Dress Shop.

Junior Junction Infants' to Teens Wear, Luana's Fashions, Jay Vee Women's and Misses' Apparel, Kirby Shoe Store, Lady Baltimore Bakery, Zim's Restaurant, Kerns and Walker Cleaners, Peerless Laundry and Dry Cleaning Co.

Marina Family Barber Shop, Household Finance Corp., Edgewater Inn, Bob's of Marin Restaurant, Dr. Shuse Kumata (optometrist), Jerry Jones' Chevron Service, Friend's Union Service and the Swiss Watchmaker (Eric Mathias).

Curfew Stands

STERLING, Colo. (AP) — Sterling has a law which can't be enforced—a curfew ordinance.

Back in 1896, it was unlawful here for children under 15 to be seen on the street after 7:30 p.m. from Aug. 1 to May 1. During the summer months, the time was extended until 8:30 p.m.

The law's still on the books, but nobody pays any attention to it.

One councilman sums it up this way:

"If the parents don't want to keep their youngsters home at night, the city would be foolish to try it."

Flunks His Test

WATERBURY, Conn. (AP) — The owner of a coffee shop arrived in the morning and found his German Shepherd watchdog locked in an automobile parked in the rear of the restaurant.

Police said intruders made friends with the dog during the night, and then made off with some cigars, small change, chewing gum and 15 pounds of coffee.

Suffer, Little Children

NEW YORK (UPI)—A recent United Nations study shows that of the estimated one billion children in the world, 750 million live in economically underdeveloped areas and roughly 600 million live in nations where per capita average income is less than $100.

Gift For America

MADISON, N. J. (AP)—Professor Gyimesy Kasas, a Hungarian freedom fighter who escaped from Budapest in the 1956 anti-Communist uprising, has begun a series of oil paintings on American historical subjects.

"I wanted to give something to my new country, not just take from it," he says.

See America Last

MIAMI (UPI)—Capt. Roy E. Keeler, senior pilot of Pan American World Airways with 30½ years, 27,000 flying hours and 6,000,000 air miles behind him, retired July 31 at the age of 60. His retirement plan? Travel. "Practically all my travel has been from U.S. gateways outward," he said. "Now I want to see the United States."

What's It Worth?

WASHINGTON (UPI)—A farmer can figure out how much he can afford to pay for electrical equipment by considering the amount and value of the time the machinery saves him, say economists at Purdue University.

For example, if labor is worth $1 per hour and a machine saves 10 minutes a day, the farmer can afford to pay $300 for the machine. Or he can pay $1,100 for a machine that saves 30 minutes per day and $2,250 for one that saves 60 minutes a day.

Real Service

ROANOKE, Va. (UPI)—Thieves broke into Rufus Hurt's service station, drove their car onto the grease rack, lubricated it, gassed it up and drove off after helping themselves to several oil filters, some anti-freeze and cigarettes

Can You Spot Him?

NEW HAVEN, Conn. (AP) — Merchants are getting a visual jolt from the police department these days.

Police are passing out pamphlets with a mean looking man, holding a gun, on the cover.

Inside is a test to see whether if the hold-up man had been real, the merchants could have supplied useful identification of him.

EASTER BUNNIES VISIT CENTER

"Now take these shrubs, for example. They'd make a FINE rabbit habitat," Corte Madera Center's roving Easter bunnies tell young Timothy Taylor of 314 West Baltimore avenue, Larkspur, and Mary Lou Ambinder of 129 Elisee drive, Greenbrae. The bunnies will hand out free balloons at the big shopping center tomorrow and Friday from 1 to 7 p.m., and Saturday from 10 a.m. to 5 p.m. They'll also be happy to meet the youngsters and be photographed with them. Parents are urged to bring cameras. Don't tell the kids, but the handsome rabbits really are Gerri Scott of 44 Crane drive, San Anselmo, and Shireen O'Brien of 14 Cedar street, Kentfield. (George Wheeler photo)

Mister Is A 'Mother'

COLUMBUS, Ohio (AP) — Air Force T/Sgt. H. T. Stow, stationed at Lockbourne Air Force Base here, is an honorary mother.

When he was on recruiting duty at Davenport, Iowa, in 1955 Stow helped mothers and wives of Air Force men from nearby Clinton to set up a local chapter of the Air Force Mothers' Club. For his help, the ladies voted to make him an honorary mother in the club.

Up To Date, At Last

ST. LOUIS (AP) — The suburban village of Mackenzie, 20 miles from the nearest streetcar line, is revising its ordinances to eliminate regulating streetcars.

How did the ordinance happen to get on the books?

"Most of the ordinances were copied from other cities, and they contain a certain amout of extraneous matter," explains William Mattingly, the village clerk.

Cost of a movie spectacular today is about six million dollars. Cost of producing a similar film classic in the 1920s was $245,000.

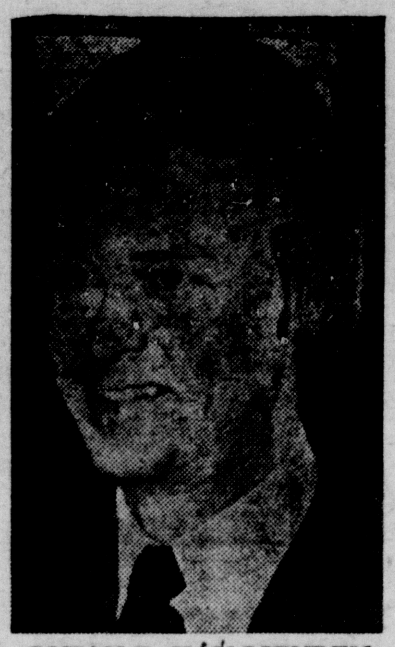
Auto Service Manager Has Varied History



JOHAN R. VAN LIENDEN
Heads auto department

Manager of Montgomery Ward and Co.'s new auto service center in Corte Madera is Johan van Lienden, who came to Marin by way of Holland and the Netherlands East Indies.

Van Lienden, 42, is no stranger to Wards, having held a similar position at the firm's San Rafael store, which closed last month.

He and his wife, Betty, reside at 830 Wilmac avenue, Novato. They have four children, Michael, Eric, Robin and Mark. Born in Java, van Lienden was a non-commissioned officer in the Royal Netherlands Indies Army in World War II. He was captured by the Japanese and spent 43 months in a prisoner of war camp.

The van Liendens were married in The Hague, capital of Holland, in 1947. Johan, who holds a college degree, owned and operated the Dutch Shoe Ranch in Novato from 1946 to 1949. He was employed in a Novato variety store for two years before joining Montgomery Ward in 1951.

Van Lienden is an active member of the Novato Presbyterian Church and a past president of its Refugee Resettlement Committee. He is also active in the Civil Defense Organization and serves as Cubmaster of Novato Cub Scout Pack 58.

His father, Egbert H. G. van Lienden, is chief accountant for American President Lines in San Francisco.

Contented Hen

FARMER CITY, Ill. (AP) — A little black bantam hen stood her ground against a railroad and won.

She decided to make her nest between the siding tracks of the Peoria and Eastern Railroad.

In a two-day period during her setting time, at least a dozen train cars were "switched" over the track above her. But she stayed.

Now John McKinley has his bantam back, plus eight chicks, all that hatched.

Safety Pin Badge

SALT LAKE CITY (AP) — A king-sized safety pin is worn as the unofficial badge whenever descendants of Mormon pioneer Charles C. Rich hold their family reunions.

Rich was born in Campbell County, Ky., in 1809 and Benjamin L. Rich, a grandson, says there are now almost 2,500 living descendants.

The safety pin? It's diaper-size and a logical badge, says Rich: "It has been worn at one time or another by every member of the family."

Shower For Inmate

HUNTSVILLE, Ala. (AP) —The young mother, expecting her third child, got a baby shower just like anybody else — only hers was held in the Madison County jail.

The woman was awaiting transfer to the women's prison following her conviction on a charge of forgery. "We felt sorry for the girl even though she committed a crime," said a jailer.
